CHAPTER NO. 397

[SB 46]

AN ACT PROVIDING THAT A NOTICE OF LEVY WHEN ISSUED HAS THE SAME FORCE AND EFFECT AS A WRIT OF EXECUTION; PROVIDING THAT A LEVY UPON EARNINGS CONTINUES IN EFFECT FOR 120 DAYS; AMENDING SECTIONS 15-1-706 AND 39-51-1304, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-706, MCA, is amended to read:

"**15-1-706. Execution upon warrant.** (1) Upon receipt of a copy of the filed warrant and notice from the department that the applicable hearing provisions have been complied with, the sheriff or agent authorized to collect the tax shall proceed to execute upon the warrant in the same manner as prescribed for execution upon a judgment.

(2) A notice of levy may be made by means of a certified letter by an agent authorized to collect the tax. An agent is not entitled to any fee or compensation in excess of actual expenses incurred in enforcing the warrant.

(3) When issued, a notice of levy has the same force and effect as a writ of execution. A levy upon earnings continues in effect for 120 days or until the judgment is satisfied, whichever occurs first. The levy applies to all pay periods beginning during the 120-day period.

~~(3)~~*(4)* A sheriff or agent shall return a warrant, along with any funds collected, within 90 days of the date of the warrant.

~~(4)~~*(5)* If the warrant is returned not satisfied in full, the department has the same remedies to collect the deficiency as are available for any civil judgment."

Section 2. Section 39-51-1304, MCA, is amended to read:

"39-51-1304. Lien for payment of unpaid taxes — levy and execution. (1) Unpaid taxes, including penalties and interest assessed on unpaid taxes, have the effect of a judgment against the employer or against the liable corporate officer or liable member or manager of a limited liability company referred to in 39-51-1105~~,~~ or a partner in a limited liability partnership, arising at the time that the payments are due. The department may issue a certificate stating the amount of payments due and directing the clerk of the district court of any county of the state to enter the certificate as a judgment in the docket pursuant to 25-9-301. From the time that the judgment is docketed, it becomes a lien upon all real and personal property of the employer. After the due process requirements of 39-51-1109 and 39-51-2403 have been satisfied, the department may enforce the judgment through the sheriff or agent authorized to collect the tax in the same manner as prescribed for execution upon a judgment. *When issued, a notice of levy has the same force and effect as a writ of execution. A levy upon earnings continues in effect for 120 days or until the judgment is satisfied, whichever occurs first. The levy applies to all pay periods beginning during the 120-day period.* A notice of levy may be made by means of a certified letter by an agent authorized to collect the tax. The department may enforce the judgment at any time within 10 years of the creation of the lien or the effective date of the lien, whichever is later.

(2) A judgment lien filed pursuant to this section may be renewed for another 10-year period pursuant to the methods provided in 25-13-102.

(3) The lien provided for in subsection (1) is not valid against any third party owning an interest in real or personal property against which the judgment is enforced if:

(a) the third party's interest is recorded prior to the entrance of the certificate as a judgment; and

(b) the third party receives from the most recent grantor of the interest a signed affidavit stating that all taxes, penalties, and interest due from the grantor have been paid.

(4) A grantor who signs and delivers an affidavit is subject to the penalties imposed by 39-51-3204 if any part of it is untrue. Notwithstanding the provisions of 39-51-3204, the department may proceed under 39-51-1303, this section, or both, to collect the delinquent taxes, penalties, and interest from the:

(a) employer;

(b) liable corporate officer;

(c) liable member or manager of a limited liability company referred to in 39-51-1105; or

(d) partner in a limited liability partnership.

(5) The lien provided for in subsection (1) must be released upon payment in full of the unpaid taxes, penalties, and accumulated interest. The department may release or may partially release the lien upon partial payment or whenever the department determines that the release or partial release of the lien will facilitate the collection of unpaid taxes, penalties, or interest. The department may release the lien if it determines that the lien is unenforceable."

Section 3. Coordination instruction. If House Bill No. 254 is not passed and approved, then this bill is void.

Section 4. Effective date. [This act] is effective July 1, 2001.

[SB 92]

AN ACT EXTENDING THE TERMINATION DATE FOR THE INCOME AND CORPORATE TAX CREDIT FOR RECYCLING OF MATERIAL AND THE INCOME AND CORPORATE TAX DEDUCTION FOR THE PURCHASE OF RECYCLED MATERIAL; REMOVING SOIL CONTAMINATED BY HAZARDOUS WASTES FROM THE DEFINITION OF "RECLAIMABLE MATERIAL"; DELETING THE RESTRICTION ON DEPRECIABLE PROPERTY THAT TREATS SOIL CONTAMINATED BY HAZARDOUS WASTES; AMENDING SECTIONS 15-32-601, 15-32-602 AND 15-32-603, MCA, SECTION 9, CHAPTER 712, LAWS OF 1991, SECTIONS 4 AND 5, CHAPTER 542, LAWS OF 1995, AND SECTION 1, CHAPTER 411, LAWS OF 1997; AND PROVIDING AN APPLICABILITY DATE.

(1) "Collect" means the collection and delivery of reclaimable materials to a recycling or reclaimable materials processing facility.

(2) "Postconsumer material" means a product or packaging material that has served its final intended use, that has been discarded by an individual, commercial enterprise, or other entity after having fulfilled its intended application or use, and that is usually thrown away and hauled to landfills. This term does not include wastes generated during production of an end product.

(3) "Process" includes but is not limited to the treatment of hazardous wastes as defined in 75-10-403.

(4) (a) "Reclaimable material" means~~:~~

~~(i)~~ material that has useful physical or chemical properties after serving a specific purpose and that would normally be disposed of as solid waste, as defined in 75-10-203, by a consumer, processor, or manufacturer~~; or~~

~~(ii) soil that has been contaminated by hazardous wastes to the extent that treatment of those wastes is required as defined in 75-10-403~~.

(b) Except for claiming a tax credit as provided in 15-32-603(1)(d), material may not be considered reclaimed by the consumer, processor, or manufacturer that generated the material.

(5) "Recycled material" means a substance that is produced from reclaimed material as provided in 15-32-609. ~~(Terminates December 31, 2001—sec. 1, Ch. 411, L. 1997.)~~"

Section 2. Section 15-32-602, MCA, is amended to read:

"**15-32-602. ~~(Temporary)~~ Amount and duration of credit — how claimed.** (1) An individual, corporation, partnership, or small business corporation, as defined in 15-31-201, may receive a credit against taxes imposed by Title 15, chapter 30 or 31, for investments in depreciable property to collect or process reclaimable material or to manufacture a product from reclaimed material, if the taxpayer qualifies under 15-32-603.

(2) Subject to ~~15-32-603(3) and~~ subsection (4) ~~of this section~~, a taxpayer qualifying for a credit under 15-32-603 is entitled to claim a credit, as provided in subsection (3) ~~of this section~~, for the cost of each item of property purchased to collect or process reclaimable material or to manufacture a product from reclaimed material only in the year in which the property was purchased. ~~If qualifying property was purchased prior to January 1, 1992, but on or after January 1, 1990, a taxpayer is entitled to a credit for tax year 1992.~~

(3) The amount of the credit that may be claimed under this section for investments in depreciable property is determined according to the following schedule:

(a) 25% of the cost of the property on the first $250,000 invested;

(b) 15% of the cost of the property on the next $250,000 invested; and

(c) 5% of the cost of the property on the next $500,000 invested.

(4) A credit may not be claimed for investments in depreciable property in excess of $1 million. ~~(Terminates December 31, 2001—sec. 1, Ch. 411, L. 1997.)~~"

Section 3. Section 15-32-603, MCA, is amended to read:

"**15-32-603. ~~(Temporary)~~ Credit for investment in property used to collect or process reclaimable material or to manufacture a product from reclaimed material.** (1) The following requirements must be met to be entitled to a tax credit for investment in property to collect or process reclaimable material or to manufacture a product from reclaimed material:

(a) The investment must be for depreciable property used primarily to collect or process reclaimable material or to manufacture a product from reclaimed material.

(b) (i) The taxpayer claiming a credit must be a person who, as an owner, including a contract purchaser or lessee, or who pursuant to an agreement owns, leases, or has a beneficial interest in a business that collects or processes reclaimable material or that manufactures a product from reclaimed material. For the purposes of this section, a business qualifies as a business that collects reclaimable material if it gathers reclaimable material for later sale or processing for another business that has as its primary business function the collection or processing of reclaimable material or the manufacture of a product from reclaimed material. The collection of reclaimable material may be a minor or nonprofit part of a business otherwise engaged in a retail trade or other business activity.

(ii) The taxpayer may but need not operate or conduct a business that collects or processes reclaimable material or manufactures a product from reclaimed material. If more than one person has an interest in a business with qualifying property, they may allocate all or any part of the investment cost among themselves and their successors or assigns.

(c) The business must be owned or leased during the tax year by the taxpayer claiming the credit, except as otherwise provided in subsection (1)(b), and must have been collecting or processing reclaimable material or manufacturing a product from reclaimed material during the tax year for which the credit is claimed.

(d) The reclaimed material collected, processed, or used to manufacture a product may not be an industrial waste generated by the person claiming the tax credit unless:

(i) the person generating the waste historically has disposed of the waste onsite or in a licensed landfill; and

(ii) standard industrial practice has not generally included the reuse of the waste in the manufacturing process.

~~(2) A credit for depreciable property that treats soil contaminated by hazardous wastes applies only to property that treats contaminated soil and not to auxiliary property.~~

~~(3) A credit under this section may be claimed by a taxpayer for a business only if the qualifying property is purchased before January 1, 2002.~~

~~(4)~~*(2)* The credit provided by this section is not in lieu of any depreciation or amortization deduction for the investment or other tax incentive to which the taxpayer otherwise may be entitled under Title 15.

~~(5)~~*(3)* A tax credit otherwise allowable under this section that is not used by the taxpayer in the taxable year may not be carried forward to offset a taxpayer's tax liability for any succeeding tax year.

~~(6)~~*(4)* The taxpayer's adjusted basis for determining gain or loss may not be further decreased by any tax credits allowed under this section.

~~(7)~~*(5)* If the taxpayer is a shareholder of an electing small business corporation, the credit must be computed using the shareholder's pro rata share of the corporation's cost of investing in equipment necessary to collect or process reclaimable material or to manufacture a product from reclaimed material. In all other respects, the allowance and effect of the tax credit apply to the corporation as otherwise provided by law. ~~(Terminates December 31, 2001—sec. 1, Ch. 411, L. 1997.)~~"

Section 4. Section 9, Chapter 712, Laws of 1991, is amended to read:

"**Section 9. Termination.** [This act] terminates December 31, ~~1995~~ *2005.*"

Section 5. Section 4, Chapter 542, Laws of 1995, is amended to read:

"**Section 5. Termination — exception.** (1) [Sections 1 through 3] terminate December 31, ~~1997~~ *2005*.

(2) Not withstanding subsection (1), 15-32-603(3), as numbered by [this act], which reads: "A credit under this section may be claimed by a taxpayer for a business only if the qualifying property is purchased before January 1, ~~1998~~ *2006*.", is deleted in its entirety on December 31, ~~1997~~ *2005*."

Section 7. Section 1, Chapter 411, Laws of 1997, is amended to read:

(2) Not withstanding subsection (1), 15-32-603(3), as numbered by [this act], which reads: "A credit under this section may be claimed by a taxpayer for a business only if the qualifying property is purchased before January 1, ~~1998~~ *2006*.", is deleted in its entirety on December 31, ~~1997~~ *2005*."

CHAPTER NO. 399

[SB 134]

AN ACT PROVIDING THAT COAL PRODUCED FOR IN-STATE ELECTRICAL GENERATING FACILITIES THAT OFFER ELECTRICAL POWER AT A SPECIFIC PRICE FOR IN-STATE USE AND THAT ARE CONSTRUCTED AFTER DECEMBER 31, 2001, IS TAXED AT ONE-THIRD THE OTHERWISE APPLICABLE COAL SEVERANCE TAX RATE; AMENDING SECTIONS 15-35-101 AND 15-35-103, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-35-101, MCA, is amended to read:

"**15-35-101. Legislative findings and declarations of purpose.** (1) The legislature finds that ~~while~~ *although* coal is extracted from the earth like metal minerals, there are differences between coal and metal minerals ~~such~~ *so* that they should be classified in different categories for taxation purposes. The legislature finds that ~~while~~ *although* coal can be ~~utilized~~ *used* like petroleum products, there are differences between coal and petroleum ~~such~~ *so* that they should be classified in different categories for taxation purposes. The legislature further finds that:

(a) coal is the only mineral ~~which~~ *that* can supply energy while being easily found in abundance in Montana;

(b) coal is the only mineral ~~which~~ *that* is so often marketed through sales contracts of many years' duration;

(c) coal, unlike most minerals, varies widely in composition and consequent value when marketed:

(d) coal in Montana is subject to regional and national demands for development ~~which~~ *that* could affect the economy and environment of a larger portion of the state than any other mineral development has done;

(e) subbituminous coal and lignite coal in Montana have sufficiently different markets and value and therefore require different production taxes;

(f) coal produced in underground mines has higher production costs and underground producers are able to pay lesser amounts of royalty and production tax than strip-mine producers can pay; ~~and~~

(g) coal production in Montana has been subject to an uncoordinated array of taxes ~~which~~ *that* overlap one another and yield revenue in an inconsistent and unpredictable manner*; and*

(h) coal used for the production of electricity near the coal mine by modern generating plants has significant statewide and nationwide economic, transportation, and environmental advantages that allow different production taxes.

(2) The legislature declares that the purposes of this chapter are to:

(a) allow the severance taxes on coal production to remain a constant percentage of the price of coal;

(b) stabilize the flow of tax revenue from coal mines to local governments through the property taxation system;

(c) simplify the structure of coal taxation in Montana, reducing tax overlap and improving the predictability of tax projections; ~~and~~

(d) recognize the economic, transportation, and environmental advantages of electrical generation by modern electrical generation plants near coal mines; and

~~(d)~~*(e)* accomplish the ~~foregoing~~ purposes *of this subsection (2)* by establishing categories of taxation ~~which~~ *that* recognize the unique character of coal, as well as the variations found within the coal industry, *and by encouraging the use of coal to produce electricity in modern generating plants near the coal mine.*"

Section 2. Section 15-35-103, MCA, is amended to read:

"**15-35-103. (Temporary) Severance tax — rates imposed.** (1) *(a)* A severance tax is imposed on each ton of coal produced in the state in accordance with the following schedule:

Heating quality (Btu per pound of coal):	Surface Mining	Underground Mining
Under 7,000	10% of value	3% of value
7,000 and over	15% of value	4% of value

(b) The rate of taxation for coal that meets the following conditions is one-third the applicable rate set forth in subsection (1)(a), rounded to the nearest 10th of a percent:

(i) The coal is used for the production of electricity within the state in an electrical generation facility that was constructed after December 31, 2001, and before January 1, 2008.

(ii) The electrical producer agrees to offer, for use within the state, the first one-half of the amount of power that it produces to Montana customers and distribution services providers at a cost to be set by the public service commission

that reflects the producer's cost of generating the electricity plus a reasonable return on investment.

(2) "Value" means the contract sales price.

(3) The formula that yields the greater amount of tax in a particular case must be used at each point on the schedule.

(4) A person is not liable for any severance tax upon 50,000 tons of the coal that the person produces in a calendar year, except that if more than 50,000 tons of coal are produced in a calendar year, the producer is liable for severance tax upon all coal produced in excess of the first 20,000 tons.

(5) In addition to the exemption described in subsection (4), a person is not liable for any severance tax upon up to 2 million tons of coal that the person produces as feedstock for coal enhancement facilities in a calendar year, except if more than 2 million tons of coal are produced as feedstock for coal enhancement facilities in a calendar year, the producer is liable for severance tax on all coal produced as feedstock for these facilities in excess of the first 2 million tons. (Terminates December 31, 2005—sec. 5, Ch. 318, L. 1995.)

15-35-103. (Effective January 1, 2006) Severance tax — rates imposed. (1) *(a)* A severance tax is imposed on each ton of coal produced in the state in accordance with the following schedule:

Heating quality (Btu per pound of coal):	Surface Mining	Underground Mining
Under 7,000	10% of value	3% of value
7,000 and over	15% of value	4% of value

(b) The rate of taxation for coal *that meets the following conditions* is one-third the applicable rate set forth in subsection (1)(a), *rounded to the nearest 10th of a percent:*

(i) The coal is used for the production of electricity within the state in an electrical generation facility that was constructed after December 31, 2001, and before January 1, 2008.

(ii) The electrical producer agrees to offer, for use within the state, the first one-half of the amount of power that it produces to Montana customers and distribution services providers at a cost to be set by the public service commission that reflects the producer's cost of generating the electricity plus a reasonable return on investment.

(2) "Value" means the contract sales price.

(3) The formula that yields the greater amount of tax in a particular case must be used at each point on the schedule.

(4) A person is not liable for any severance tax upon 50,000 tons of the coal that the person produces in a calendar year, except that if more than 50,000 tons of coal are produced in a calendar year, the producer is liable for severance tax upon all coal produced in excess of the first 20,000 tons."

Section 3. Effective date. [This act] is effective January 1, 2002.

Section 4. Applicability. [This act] applies to coal produced after December 31, 2001.

[SB 162]

AN ACT PROVIDING CRITERIA FOR THE DEDICATION OF STATE REVENUE FOR LOCAL GOVERNMENTS; PROVIDING FOR THE REVIEW OF REVENUE DEDICATIONS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 3], unless the context requires otherwise, the following definitions apply:

(1) "Dedicated revenue provision" means an administrative or legislative action that allocates the revenue from a tax, fee, assessment, or other source to a local government.

(2) "General revenue source" means a source of revenue not governed by established or implied restrictions based on the source or limited use of the revenue. The term includes taxes, interest earnings, investment earnings, fines, and forfeitures.

Section 2. Revenue dedication guidelines. (1) It is the policy of the legislature that a revenue source may be dedicated for a specific purpose when one or more of the following conditions are met:

(a) The person or entity paying the tax, fee, or assessment is the direct beneficiary of the specific activity that is funded by the tax, fee, or assessment, and the tax, fee, or assessment is commensurate with the costs of the program or activity.

(b) The entire cost of the activity is paid by the beneficiary, and the tax, fee, or assessment is commensurate with the costs of the activity, including reasonable administrative costs.

(c) There is an expectation that funds donated by a person or entity will be used for a specified purpose. Grants from private or public entities are considered donations under this subsection.

(d) There is a legal basis for the revenue dedication. A legal basis is a constitutional mandate, federal mandate, or statutory requirement in which a source of funds is designated for a specific purpose.

(e) There is a recognized need for accountability through a separation of funding from the general fund consistent with generally accepted accounting principles.

(2) In the consideration of the general appropriations act for each biennium, the legislature shall determine the appropriateness of dedicating revenue. The office of budget and program planning shall describe the occurrence in its presentation of the executive budget, and the legislative fiscal analyst shall highlight the issue in the budget analysis and for the appropriations subcommittee considering the revenue dedication.

Section 3. Review of dedicated revenue provisions. (1) Each interim, the legislative finance committee shall review dedicated revenue provisions based upon procedures established under subsection (4) and the revenue dedication guidelines set forth in [section 2].

(2) The legislature recognizes that dedicated revenue provisions are also subject to review by:

(a) the office of budget and program planning in the development and implementation of the executive budget and analysis of legislation;

(b) legislative fiscal division in analyzing the executive budget;

(c) the legislative services division in drafting legislation; and

(d) the legislative audit division in auditing agencies.

(3) To avoid unnecessary use of dedicated revenue provisions, the entities listed in subsection (2) shall, in the course of current duties, consider the guidelines listed in [section 2] and any criteria provided in the legislation dedicating the revenue and listed in this subsection. The expenditures from a dedicated revenue provision must be based on requirements for meeting a legislatively established outcome. Statutorily mandated programs or activities funded through dedicated revenue provisions from general revenue sources must be reviewed to the same extent as programs or activities funded from the general fund. The use of a dedicated revenue provision may be justified if it satisfies one or more of the following:

(a) The program or activity funded provides direct benefits for those who pay the dedicated tax, fee, or assessment, and the tax, fee, or assessment is commensurate with the costs of the program or activity.

(b) The use of the dedicated revenue provision provides special information or other advantages that could not be obtained without the revenue dedication.

(c) The dedicated revenue provision involves collection and allocation formulas that are appropriate to the present circumstances and current priorities of state and local government.

(d) The dedicated revenue provision does not impair the legislature's ability to scrutinize budgets, control expenditures, and establish priorities for state spending.

(e) The dedicated revenue provision results in an appropriate projected ending fund balance.

(f) The dedicated revenue provision fulfills a continuing need recognized by both local government and the legislature.

(g) The dedicated revenue provision does not result in accounting or auditing inefficiency.

(4) The legislative finance committee shall establish procedures to facilitate a biennial review and evaluation of dedicated revenue provisions.

(5) Upon completion of the review, the committee shall report a summary of its findings to the legislature, including its recommendation of termination or extension, with or without modification, of the dedicated revenue provision.

Section 4. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 17, chapter 1, and the provisions of Title 17, chapter 1, apply to [sections 1 through 3].

Section 5. Effective date. [This act] is effective on passage and approval.

Section 6. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to state revenue dedications after December 31, 2000.

Approved April 28, 2001

"61-3-332. Number plates. (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle. The number plates are in 10 series: one series for owners of motorcars, one for owners of motor vehicles of the motorcycle or quadricycle type, one for trailers, one for trucks, one for dealers in vehicles of the motorcycle or quadricycle type that bears the distinctive letters "MCD" or the letters "MC" and the word "DEALER", one for franchised dealers in new motorcars (including trucks and trailers) or new and used motorcars (including trucks and trailers) that bears the distinctive letter "D" or the word "DEALER", one for dealers in used motorcars only (including used trucks and trailers) that bears the distinctive letters "UD" or the letter "U" and the word "DEALER", one for dealers in trailers and/or semitrailers (new or used) that bears the distinctive letters "DTR" or the letters "TR" and the word "DEALER", one for dealers in recreational vehicles that bears the distinctive letters "RV" or the letter "R" and the word "DEALER", and one *each* for special license plates, *collegiate license plates, and generic specialty license plates authorized under this chapter*. All markings for the various kinds of dealers' plates must be placed on the number plates assigned to the dealer, in the position that the department designates.

(2) (a) ~~All~~ *Except as provided in [section 8], all* number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the ~~state~~ *department*. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For light vehicles that are permanently registered as provided in 61-3-527 or 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(3) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(4) In the case of motorcars and trucks, plates must be of metal 6 inches wide and 12 inches in length. ~~The~~ *Except for generic specialty license plates, the* outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" ~~and the year~~ must be placed ~~across the plates~~ *on each plate*. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. ~~The~~ *Except for special license plates, collegiate license plates, and generic specialty license plates, the* distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(7) On all number plates assigned to motor vehicles of the truck and trailer type, other than tax-exempt trucks and tax-exempt trailers, there must appear the letter "T" or the word "TRUCK" on plates assigned to trucks and the letters "TR" or the word "TRAILER" on plates assigned to trailers and housetrailers. The letters "MC" or the word "CYCLE" must appear on plates assigned to vehicles of the motorcycle or quadricycle type.

(8) Number plates issued to a passenger car, truck, trailer, or vehicle of the motorcycle or quadricycle type may be transferred only to a replacement passenger car, truck, trailer, or motorcycle- or quadricycle-type vehicle. A

registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. (i) the commencement of the recompletion of a well as a horizontally completed well;

(ii) expansion of the existing enhanced recovery project; or

(iii) commencing a new enhanced recovery project; or

(b) in the case of any project that had no taxable production prior to commencing the enhanced recovery project, all production of oil from the enhanced recovery project.

(10) "Natural gas" or "gas" means natural gas and other fluid hydrocarbons, other than oil, produced at the wellhead.

(11) "New enhanced recovery project" means an enhanced recovery project that began development after December 31, 1993~~, and before January 1, 2002~~.

(12) "Nonworking interest owner" means any interest owner who does not share in the exploration, development, and operation costs of the lease or unit, except for production taxes.

(13) "Oil" means crude petroleum or mineral oil and other hydrocarbons, regardless of gravity, that are produced at the wellhead in liquid form and that are not the result of condensation of gas after it leaves the wellhead.

(14) "Operator" or "producer" means a person who produces oil or natural gas within this state or who owns, controls, manages, leases, or operates within this state any well or wells from which any marketable oil or natural gas is extracted or produced.

(15) "Post-1999 well" means an oil or natural gas well drilled on or after January 1, 1999, that produces oil or natural gas or a well that has not produced oil or natural gas during the 5 years immediately preceding the first month of qualifying as a post-1999 well.

(16) "Pre-1999 well" means an oil or natural gas well that was drilled before January 1, 1999.

(17) "Primary recovery" means the displacement of oil from the earth into the well bore by means of the natural pressure of the oil reservoir and includes artificial lift.

(18) "Production decline rate" means the projected rate of future oil production, extrapolated by a method approved by the board, that must be determined for a project area prior to commencing a new or expanded enhanced recovery project or the recompletion of a well as a horizontally completed well. The approved production decline rate must be certified in writing to the department by the board. In that certification, the board shall identify the project area and shall specify the projected rate of future oil production by calendar year and by calendar quarter within each year. The certified rate of future oil production must be used to determine the volume of incremental production that qualifies for the tax rate imposed under 15-36-304(5)(e).

(19) *(a)* "Qualifying production" means the first 12 months of production of oil or natural gas from a well ~~drilled after December 31, 1998,~~ *drilled after December 31, 1998,* or the first 18 months of production of oil or natural gas from a horizontally completed well ~~drilled after December 31, 1998,~~ *drilled after December 31, 1998,* or from a well that has not produced oil or natural gas during the 5 years immediately preceding the first month of qualifying production.

(b) Qualifying production does not include oil production from a horizontally recompleted well.

(20) "Secondary recovery project" means an enhanced recovery project, other than a tertiary recovery project, that commenced or was expanded after December 31, 1993, ~~and before January 1, 2002,~~ and meets each of the following requirements:

(a) The project must be certified as a secondary recovery project to the department by the board. The certification may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(b) The property to be affected by the project must be adequately delineated according to the specifications required by the board.

(c) The project must involve the application of secondary recovery methods that can reasonably be expected to result in an increase, determined by the board to be significant in light of all the facts and circumstances, in the amount of oil that may potentially be recovered. For purposes of this part, secondary recovery methods include but are not limited to:

(i) the injection of water into the producing formation for the purposes of maintaining pressure in that formation or for the purpose of increasing the flow of oil from the producing formation to a producing well bore; or

(ii) any other method approved by the board as a secondary recovery method.

(21) "Stripper natural gas" means the natural gas produced from any well that produces less than 60,000 cubic feet of natural gas a day during the calendar year immediately preceding the current year. Production must be determined by dividing the amount of production from a lease or unitized area for the year immediately preceding the current calendar year by the number of producing wells in the lease or unitized area and by dividing the resulting quotient by 365.

(22) "Stripper oil" means the oil produced from any well that produces less than 15 barrels a day for the calendar year immediately preceding the current year if the average price for a barrel of oil as reported in the Wall Street Journal for west Texas intermediate crude oil during a calendar quarter is less than $30 a barrel. If the price of oil is equal to or greater than $30 a barrel in a calendar quarter, there is no stripper tax rate, including stripper well exemption tax rate, in that quarter. The average price for a barrel is computed by dividing the sum of the daily price for west Texas intermediate crude oil as reported in the Wall Street Journal for the calendar quarter by the number of days on which the price was reported in the quarter. Production must be determined by dividing the amount of production from a lease or unitized area for the year immediately preceding the current calendar year by the number of producing wells in the lease or unitized area and by dividing the resulting quotient by 365.

(23) "Stripper well exemption" means petroleum and other mineral or crude oil produced by a stripper well that produces 3 barrels a day or less.

(24) "Tertiary recovery project" means an enhanced recovery project, other than a secondary recovery project, using a tertiary recovery method that meets the following requirements:

(a) The project must be certified as a tertiary recovery project to the department by the board. The certification may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(b) The property to be affected by the project must be adequately delineated in the certification according to the specifications required by the board.

(c) The project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the board to be significant in light of all the facts and circumstances, in the amount of crude oil that may potentially be recovered. For purposes of this part, tertiary recovery methods include but are not limited to:

(i) miscible fluid displacement;

(ii) steam drive injection;

(iii) micellar/emulsion flooding;

(iv) in situ combustion;

(v) polymer augmented water flooding;

(vi) cyclic steam injection;

(vii) alkaline or caustic flooding;

(viii) carbon dioxide water flooding;

(ix) immiscible carbon dioxide displacement; or

(x) any other method approved by the board as a tertiary recovery method.

(25) "Well" or "wells" means a single well or a group of wells in one field or production unit and under the control of one operator or producer.

(26) "Working interest owner" means the owner of an interest in an oil or natural gas well or wells who bears any portion of the exploration, development, and operating costs of the well or wells."

CHAPTER NO. 405

[SB 317]

AN ACT REVISING LAWS GOVERNING BREWERS OF BEER; REVISING THE TAXATION OF BEER TO A SLIDING SCALE BASED UPON THE NUMBER OF BARRELS OF BEER BREWED ANNUALLY BY THE BREWER; REVISING THE ANNUAL LICENSE RENEWAL FEE FOR CERTAIN BREWERS; AMENDING SECTIONS 16-1-406 AND 16-4-501, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-1-406, MCA, is amended to read:

"**16-1-406. Taxes on beer.** (1) *(a)* A tax ~~of $4.30 per~~ *is imposed on each* barrel ~~of 31 gallons is imposed on each barrel~~ of beer sold in Montana by a wholesaler. *A barrel of beer equals 31 gallons. The tax is based upon the total number of barrels of beer produced by a brewer in a year. A brewer who produces less than 20,000 barrels of beer a year is taxed on the following increments of production:*

(i) up to 5,000 barrels, $1.30;

(ii) 5,001 barrels to 10,000 barrels, $2.30; and

(iii) 10,001 barrels to 20,000 barrels, $3.30.

(b) The tax on beer sold for a brewer who produces over 20,000 barrels is $4.30.

(2) The tax *imposed pursuant to subsection (1)* is due at the end of each month from the wholesaler upon beer sold by the wholesaler during that month. The department shall compute the tax due on beer sold in containers other than barrels or in barrels of more or less capacity than 31 gallons.

~~(2)~~*(3)* Each quarter, in accordance with the provisions of 15-1-501, of the tax collected pursuant to subsection (1), an amount equal to:

(a) ~~$1~~ *23.26%* must be deposited in the state treasury to the credit of the department of public health and human services for the treatment, rehabilitation, and prevention of alcoholism;

(b) ~~50 cents~~ *11.63%* must be deposited in the state general fund; and

(c) ~~$2.80~~ *65.11%* must be deposited with the state treasurer to the credit of the incorporated cities and towns beer tax account in the state special revenue fund.

~~(3)~~*(4)* (a) The money in the incorporated cities and towns beer tax account is statutorily appropriated, as provided in 17-7-502, to the department, which shall, monthly, distribute this amount of money to the incorporated cities and towns in the direct proportion that the population of each city and town bears to the total population of all incorporated cities and towns as shown in the latest official federal census as adjusted by the most recent population estimates published by the U.S. bureau of the census. For cities and towns incorporated after the latest official federal census, the census must be determined as of the date of incorporation as evidenced by the certificate of the incorporating officials of that city or town. If a city or town disincorporates, it may not receive any funds under this section and the amount previously distributed to the city or town must be distributed to the remaining incorporated cities and towns. All funds received by cities and towns under this section must be expended for state purposes, such as law enforcement, maintenance of the transportation system, and public health.

(b) The department may adjust population estimates only on the July 1 following the date of publication of the estimates by the U.S. bureau of the census. The adjusted distribution formula must remain in effect for the entire fiscal year."

The weed management agreement must be signed by the person and, upon approval of the board, by the presiding officer. An agreement involving a state highway right-of-way must also be signed by a representative of the department of transportation.

(2) The agreement must contain a statement disclaiming any liability of the board and, if applicable, the department of transportation for any injuries or losses suffered by the person in managing noxious weeds on the state or county highway right-of-way. The signed agreement transfers responsibility for managing noxious weeds on the specified section of right-of-way from the board to the person signing the agreement. If the board later finds that the person has failed to adhere to the agreement, the board shall issue an order informing the person that the agreement will be void and that responsibility for the management of noxious weeds on the right-of-way will revert to the board unless the person complies with the provisions of the agreement within a specified time period.

(3) (a) If a person objects to weed control measures bordering a state or county highway right-of-way and does not enter a voluntary agreement pursuant to subsections (1) and (2) and if the board finds that the person has failed to provide alternative weed control, the board shall issue an order informing the person that the management of noxious weeds on the right-of-way will be undertaken by the board unless the person provides alternative weed control within 30 days.

(b) A person who does not provide alternative weed control within the time specified in subsection (3)(a) is guilty of a misdemeanor and, upon conviction, shall be sentenced pursuant to 46-18-212 and assessed the costs of weed control provided by the board. Section 26. Expenditure of program funds on weed control. The legislature recognizes that the hunter management and hunting access enhancement programs in 87-1-265 through 87-1-267 have successfully encouraged landowners to increase public access to private lands for purposes of hunting, but that increased public access may also contribute to an increase in the spread of noxious weeds on public and private lands. Therefore, in an effort to improve management and services related to those programs, the department may offer up to 5% in additional incentive payments to landowners who agree to use those payments for specific weed management activities on lands under their control.

CHAPTER NO. 409

[SB 344]

AN ACT INCREASING THE BASE RATE FOR REIMBURSEMENT FOR AN INDIVIDUAL TRANSPORTATION CONTRACT FROM 21.25 CENTS TO 25 CENTS; INCREASING THE MAXIMUM REIMBURSEMENT FOR AN INDIVIDUAL TRANSPORTATION CONTRACT AND FOR ROOM AND BOARD FROM $8 TO $9.25 FOR THE FIRST STUDENT AND FROM $5 TO $6 FOR EACH ADDITIONAL STUDENT; AMENDING SECTIONS 20-5-323 AND 20-10-142, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-5-323, MCA, is amended to read:

"**20-5-323. Tuition and transportation rates.** (1) Except as provided in subsections (3) through (5), whenever a child has approval to attend a school outside of the child's district of residence under the provisions of 20-5-320 or 20-5-321, the basis of the rate of tuition is a flat rate for each of the 15 district-size groupings determined by rule by the superintendent of public instruction by March 15 of each year, using statewide district expenditure and revenue data for the general fund, debt service fund, and retirement fund to determine the average district contribution.

(2) The tuition for a child with a disability must be determined under rules adopted by the superintendent of public instruction for the calculation of tuition for special education pupils.

(3) The tuition rate for out-of-district placement pursuant to 20-5-321(1)(d) and (1)(e) for a student without disabilities who requires a program with costs that exceed the average district costs must be determined as the actual individual costs of providing that program according to the following:

(a) the district of attendance and the district, person, or entity responsible for the tuition payments shall approve an agreement with the district of attendance for the tuition cost; and

(b) for a Montana resident student, the average district per-ANB foundation payment amount received in the year for which the tuition charges are calculated must be subtracted from the per-student program costs for a Montana resident student.

(4) When a child attends a public school of another state or province, the amount of daily tuition may not be greater than the average annual cost ~~per~~ *for each* student in the child's district of residence. This calculation for tuition purposes is determined by totaling all of the expenditures for all of the district budgeted funds for the preceding school fiscal year and dividing that amount by the October 1 enrollment in the preceding school fiscal year. For the purposes of this subsection, the following do not apply:

(a) placement of a child with a disability pursuant to Title 20, chapter 7, part 4;

(b) placement made in a state or province with a reciprocal tuition agreement pursuant to 20-5-314;

(c) an order issued under Title 40, chapter 4, part 2; or

(d) out-of-state placement by a state agency.

(5) When a child is placed by a state agency in an out-of-state residential facility, the state agency making the placement is responsible for the education costs resulting from the placement.

(6) The amount, if any, charged for transportation may not exceed the lesser of the average transportation cost ~~per~~ *for each* student in the child's district of residence or ~~21.25~~ *25* cents ~~per~~ *a* mile. The average expenditures for the district transportation fund for the preceding school fiscal year must be calculated by dividing the transportation fund expenditures by the October 1 enrollment for the preceding fiscal year."

Section 2. Section 20-10-142, MCA, is amended to read:

"**20-10-142. Schedule of maximum reimbursement for individual transportation.** The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. The schedules provided in this section may not be altered by any authority other than the legislature. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian for actual miles transported on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement ~~per~~ *for each* day of attendance is determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product, and multiplying the difference by ~~21.25~~ *25* cents, provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if the schools are operated by different school districts, the total amount of the reimbursement must be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian must be separately reimbursed for transporting the eligible transportee or transportees to each school;

(c) if a parent transports two or more eligible transportees to a school and a bus stop that are located within 3 miles of one another, the total reimbursement must be determined under the provisions of this subsection *(1)* and must be divided equally between the district operating the school and the district operating the bus;

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section is limited to one round trip ~~per~~ *a* day for each scheduled arrival or departure time;

(e) notwithstanding subsection (1)(a), (1)(b), (1)(c), or (1)(d), a reimbursement may not be less than 25 cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement ~~per~~ *for each* day of attendance is determined by multiplying the distance in miles between the residence and the bus stop by 2, subtracting 6 miles from the product, and multiplying the difference by ~~21.25~~ *25* cents, provided that:

(a) if the eligible transportees attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian must be separately reimbursed for transportation to each bus.

(3) When, because of excessive distances, impassable roads, or other special circumstances of isolation, the rates prescribed in subsection (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, a parent or guardian may request an increase in the reimbursement rate. A request for increased rates because of isolation must be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances that exist to justify the increase. Before an increased rate because of isolation may be paid to the requesting parent or guardian, the rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the committee and the superintendent of public instruction, the trustees shall pay the increased rate because of isolation. The increased rate is 1 1/2 times the rate prescribed in subsection (1).

(4) The state and county transportation reimbursement for an individual transportation contract may not exceed ~~$8~~ *$9.25* ~~per~~ *for each* day of attendance for the first eligible transportee and ~~$5~~ *$6* ~~per~~ *for each* day of attendance for each additional eligible transportee.

(5) When the isolated conditions of the household where an eligible transportee resides require an eligible transportee to live away from the

household in order to attend school, the eligible transportee is eligible for the room and board reimbursement. Approval to receive the room and board reimbursement must be obtained in the same manner prescribed in subsection (3). The per diem rate for room and board is ~~$8~~ *$9.25* for one eligible transportee and ~~$5~~ *$6* for each additional eligible transportee of the same household.

(6) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate is the cost of the study, provided that the course of instruction is approved by the trustees and supervised by the district."

Section 3. Effective date — applicability. [This act] is effective July 1, 2001, and applies to school district transportation reimbursements for school fiscal years beginning on or after July 1, 2001.

Unless suspended or canceled under the provisions of Title 15, chapter 24, part 17, all taxes levied and assessed in the state of Montana, except assessments made for special improvements in cities and towns payable under 15-16-103, are payable as follows:

(1) One-half of the taxes are payable on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, and one-half are payable on or before 5 p.m. on May 31 of each year.

(2) Unless one-half of the taxes are paid on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, the amount payable is delinquent and draws interest at the rate of 5/6 of 1% a month from and after the delinquency until paid and 2% must be added to the delinquent taxes as a penalty.

(3) All taxes due and not paid on or before 5 p.m. on May 31 of each year are delinquent and draw interest at the rate of 5/6 of 1% a month from and after the delinquency until paid, and 2% must be added to the delinquent taxes as a penalty.

If a tax payment is made later than 20 days after the taxes were due, the penalty must be paid and interest accrues from the date on which the taxes were due.

(5) A taxpayer may pay current year taxes without paying delinquent taxes. The county treasurer shall accept a partial payment equal to the delinquent taxes, including penalty and interest, for one or more full taxable years, provided that taxes for both halves of the current tax year have been paid. The payment of taxes for the current tax year is not a redemption of the property tax lien for any delinquent tax year.

(6) The penalty and interest on delinquent assessment payments for specific parcels of land may be waived by resolution of the city council. A copy of the resolution must be certified to the county treasurer.

(7) If the department revises an assessment that results in an additional tax of $5 or less, an additional tax is not owed and a new tax bill does not need to be prepared."

AN ACT REQUIRING THE BOARD OF ENVIRONMENTAL REVIEW TO ADOPT RULES GOVERNING AUTHORIZATION TO DISCHARGE UNDER A GENERAL PERMIT FOR STORM WATER DISCHARGE ASSOCIATED WITH CONSTRUCTION ACTIVITY; REQUIRING THAT THE RULES AUTHORIZE DISCHARGE UNDER THE GENERAL PERMIT UPON RECEIPT OF A NOTICE OF INTENT AND POLLUTION PREVENTION PLAN; AMENDING SECTION 75-5-401, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-5-401, MCA, is amended to read:

"75-5-401. Board rules for permits — ground water exclusions. (1) Except as provided in subsection (5), the board shall adopt rules:

(a) governing application for permits to discharge sewage, industrial wastes, or other wastes into state ~~surface~~ waters ~~and ground waters~~, including rules requiring the filing of plans and specifications relating to the construction, modification, or operation of disposal systems;

(b) governing the issuance, denial, modification, or revocation of permits. The board may not require a permit for a water conveyance structure or for a natural spring if the water discharged to state waters does not contain industrial waste, sewage, or other wastes. Discharge to surface water of ground water that is not altered from its ambient quality does not constitute a discharge requiring a permit under this part if:

(i) the discharge does not contain industrial waste, sewage, or other wastes;

(ii) the water discharged does not cause the receiving waters to exceed applicable standards for any parameters; and

(iii) to the extent that the receiving waters in their ambient state exceed standards for any parameters, the discharge does not increase the concentration of the parameters.

(c) governing authorization to discharge under a general permit for storm water associated with construction activity. These rules must allow an owner or operator to notify the department of the intent to be covered under the general permit. This notice of intent must include a signed pollution prevention plan that requires the applicant to implement best management practices in accordance with the general permit. The rules must authorize the owner or operator to discharge under the general permit on receipt of the notice and plan by the department.

(2) The rules must allow the issuance or continuance of a permit only if the department finds that operation consistent with the limitations of the permit will not result in pollution of any state waters, except that the rules may allow the issuance of a temporary permit under which pollution may result if the department ensures that the permit contains a compliance schedule designed to meet all applicable effluent standards and water quality standards in the shortest reasonable period of time.

(3) The rules must provide that the department may revoke a permit if the department finds that the holder of the permit has violated its terms, unless the department also finds that the violation was accidental and unforeseeable and that the holder of the permit corrected the condition resulting in the violation as soon as was reasonably possible.

(4) The board may adopt rules governing reclamation of sites disturbed by construction, modification, or operation of permitted activities for which a bond is voluntarily filed by a permittee pursuant to 75-5-405, including rules for the establishment of criteria and procedures governing release of the bond or other surety and release of portions of a bond or other surety.

(5) Discharges of sewage, industrial wastes, or other wastes into state ground waters from the following activities or operations are not subject to the ground water permit requirements adopted under subsections (1) through (4):

(a) discharges or activities at wells injecting fluids associated with oil and gas exploration and production regulated under the federal underground injection control program;

(b) disposal by solid waste management systems licensed pursuant to 75-10-221;

(c) individuals disposing of their own normal household wastes on their own property;

(d) hazardous waste management facilities permitted pursuant to 75-10-406;

(e) water injection wells, reserve pits, and produced water pits used in oil and gas field operations and approved pursuant to Title 82, chapter 11;

(f) agricultural irrigation facilities;

(g) storm water disposal or storm water detention facilities;

(h) subsurface disposal systems for sanitary wastes serving individual residences;

(i) in situ mining of uranium facilities controlled under Title 82, chapter 4, part 2;

(j) mining operations subject to operating permits or exploration licenses in compliance with The Strip and Underground Mine Reclamation Act, Title 82, chapter 4, part 2, or the metal mine reclamation laws, Title 82, chapter 4, part 3; or

(k) projects reviewed under the provisions of the Montana Major Facility Siting Act, Title 75, chapter 20.

(6) Notwithstanding the provisions of 75-5-301(4), mixing zones for activities excluded from permit requirements under subsection (5) of this section must be established by the permitting agency for those activities in accordance with 75-5-301(4)(a) through (4)(c).

(7) Notwithstanding the exclusions set forth in subsection (5), any excluded source that the department determines may be causing or is likely to cause violations of ground water quality standards may be required to submit monitoring information pursuant to 75-5-602.

(8) The board may adopt rules identifying other activities or operations from which a discharge of sewage, industrial wastes, or other wastes into state ground waters is not subject to the ground water permit requirements adopted under subsections (1) through (4)."

"**61-3-332. Number plates.** (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle. The number plates are in 10 series: one series for owners of motorcars, one for owners of motor vehicles of the motorcycle or quadricycle type, one for trailers, one for trucks, one for dealers in vehicles of the motorcycle or quadricycle type that bears the distinctive letters "MCD" or the letters "MC" and the word "DEALER", one for franchised dealers in new motorcars (including trucks and trailers) or new and used motorcars (including trucks and trailers) that bears the distinctive letter "D" or the word "DEALER", one for dealers in used motorcars only (including used trucks and trailers) that bears the distinctive letters "UD" or the letter "U" and the word "DEALER", one for dealers in trailers and/or semitrailers (new or used) that bears the distinctive letters "DTR" or the letters "TR" and the word "DEALER", one for dealers in recreational vehicles that bears the distinctive letters "RV" or the letter "R" and the word "DEALER", and one for special license plates. All markings for the various kinds of dealers' plates must be placed on the number plates assigned to the dealer, in the position that the department designates.

(2) (a) All number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the ~~state~~ *department*. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For light vehicles that are permanently registered as provided in 61-3-527 or 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(3) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(4) In the case of motorcars and trucks, plates must be of metal 6 inches wide and 12 inches in length. ~~The~~ *Except for Lewis and Clark bicentennial license*

plates authorized in [section 2], the outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" ~~and the year~~ must be placed across the plates. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. The distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. (a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(7) On all number plates assigned to motor vehicles of the truck and trailer type, other than tax-exempt trucks and tax-exempt trailers, there must appear the letter "T" or the word "TRUCK" on plates assigned to trucks and the letters "TR" or the word "TRAILER" on plates assigned to trailers and housetrailers. The letters "MC" or the word "CYCLE" must appear on plates assigned to vehicles of the motorcycle or quadricycle type.

(8) Number plates issued to a passenger car, truck, trailer, or vehicle of the motorcycle or quadricycle type may be transferred only to a replacement passenger car, truck, trailer, or motorcycle- or quadricycle-type vehicle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(10) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 *and Lewis and Clark bicentennial license plates authorized in [section 2]*, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. CHAPTER NO. 416

[SB 454]

AN ACT CREATING A MULTIAGENCY CHILDREN'S SERVICES INITIATIVE FOR CHILDREN WITH SERIOUS EMOTIONAL DISTURBANCES TO IDENTIFY HIGH-COST CHILDREN WHO REQUIRE SERVICES FROM MULTIPLE AGENCIES TO HAVE NEW CARE AND TREATMENT PLANS AND SERVICES DEVELOPED TO TREAT THEM IN THE LEAST RESTRICTIVE ENVIRONMENT; SPECIFYING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES AS THE LEAD AGENCY; ALLOWING PROVIDER NETWORKS TO PARTICIPATE IN THE INITIATIVE; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The legislature finds that it is necessary to immediately direct coordinated efforts to provide services to children with serious emotional disturbances who are in need of integrated services from multiple agencies. The legislature directs that the respective agencies engage in unified planning to further develop a continuum of services to reduce the use of high-cost, highly restrictive, out-of-home residential placements. The legislature directs that concentrated efforts be made to bring together the respective agencies that provide multiagency services to children with serious emotional disturbances for the purpose of containing costs and increasing the capacity of communities to serve these children in the least restrictive environment. These efforts are intended to parallel and supplement efforts to develop long-term structural changes in the public mental health system.

Section 2. Coordination of integrated multiagency services for children with serious emotional disturbances. (1) The department of public health and human services shall work with the office of public instruction, the department of corrections, the department of justice, and youth courts to coordinate responsibility for integrated multiagency services for children with serious emotional disturbances. The collaboration may include:

(a) pooling funding from federal, state, and local sources, to the extent possible, to maximize the most cost-effective use of funds to provide the appropriate services to children with serious emotional disturbances and multiagency needs in the least restrictive environment;

(b) applying for any federal waivers necessary to provide necessary services or to pool funds to achieve the purpose of this section;

(c) providing for multiagency data collection and analysis of data that is relevant to the use of services based on client needs and outcomes and using the analysis in the decisionmaking process;

(d) developing mechanisms for the pooling of human and fiscal resources; and

(e) providing training and technical assistance, as funds permit, at the local level regarding governance and the development and delivery of integrated multiagency children's services to children with serious emotional disturbances.

(2) The department of public health and human services shall identify the children with serious emotional disturbances:

(a) who are using the highest proportion of fiscal resources in the public mental health system; and

(b) who are receiving services out of state; or

(c) who, in order to be served in state or in the child's home community, may require services or who have required services in the past:

(i) from the child protective services system;

(ii) from the developmental disabilities system;

(iii) for mental health services as a youth adjudicated in need of intervention or delinquent from the juvenile correctional system;

(iv) in day treatment or special education in school;

(v) from public assistance; or

(vi) from the chemical dependency system.

(3) The department of public health and human services shall identify the children by community to facilitate organization or identification of local children's service agencies and providers to develop care and treatment plans for these children at a cost less than the current funding required for the children. Care and treatment plans must identify the least restrictive placements, as close to home as possible, the services required, and the responsible lead agency.

(4) The department of public health and human services shall report on its progress and any findings and recommendations to the governor's budget office and the children, families, health, and human services interim committee at least every 6 months.

Section 3. Provider networks. (1) Any licensed mental health provider willing to participate in this initiative, subject to the limitations in law or rule pursuant to each program, must be allowed initially to participate in a provider network.

(2) (a) All providers who choose to participate in the provider network shall work in alignment with the department of public health and human services, the mental health oversight advisory council, and any existing local interagency children's service groups to determine the core services that must be available in a provider network.

(b) The provider network is responsible to coordinate efforts with the department of public health and human services in developing performance-based outcomes and standards of care and developing mechanisms for ensuring that standards are met by all providers in the network.

(3)Providers may provide services within areas that are defined in any contract for services. A provider must be part of a provider network, with the exception of a provider who has been granted an out-of-network waiver by the department of public health and human services, to provide services pursuant to [section 2].

(4) The department of public health and human services shall maintain listings of local, regional, and statewide provider networks.

Section 4. Long-term transition to regional mental health system. The department of public health and human services shall work with the mental health oversight advisory council to respond to technical assistance recommendations received by the department to define and design new mental health structures in order to develop a continuum of core services for children with serious emotional disturbances that is integrated with other children's services and to coordinate any development of future programs for mental health services for children and adults.

Section 5. Effective date. [This act] is effective on passage and approval.

Section 6. Termination. [This act] terminates June 30, 2003.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definition. (1) As used in [sections 1 through 3] "distributable revenue" means 95% of all revenue from the management of school trust lands and the permanent fund, including timber sale proceeds, lease fees, interest, dividends, and net realized capital gains.

(2) The term does not include mineral royalties or land sale proceeds that are deposited directly in the permanent fund or net unrealized capital gains that remain in the permanent fund until realized.

Section 2. Permanent fund. (1) The public school fund provided for in Article X, section 2, of the Montana constitution consists of the permanent fund, which consists of the permanent corpus fund.

(2) The permanent fund must be invested for the purpose of generating future income for distribution to public elementary and secondary school districts as provided in Article X, section 5, of the Montana constitution.

Section 3. Guarantee account. (1) There is a guarantee account in the state special revenue fund. The guarantee account is intended to stabilize the long-term growth of the permanent fund and to maintain a constant and increasing distributable revenue stream. All realized capital gains and all distributable revenue must be deposited in the guarantee account. Except as provided in subsection (2), the guarantee account must be distributed to school districts through the basic and per-ANB entitlements.

(2) As long as a portion of the coal severance tax loan authorized in [section 8] is outstanding, the department shall annually transfer from the guarantee account to the general fund an amount that represents the amount of interest income that would be earned from the investment of the amount of the loan that is outstanding in the prior year.

Section 4. Purchase of permanent fund mineral estate. The department of natural resources and conservation may purchase the mineral production rights held by the public school fund established in Article X, section 2, of the Montana constitution for fair market value. If the department of natural resources and conservation purchases mineral production rights, any royalty payments received by the board that are not used to reimburse the coal severance tax trust fund for the loan used for purchasing the mineral production rights must be deposited in the guarantee account provided for in [section 3].

Section 5. Section 17-6-201, MCA, is amended to read:

"**17-6-201. Unified investment program — general provisions.** (1) The unified investment program directed by Article VIII, section 13, of the Montana constitution to be provided for public funds must be administered by the board of investments in accordance with the prudent expert principle, which requires an investment manager to:

(a) discharge the duties with the care, skill, prudence, and diligence, under the circumstances then prevailing, that a prudent person acting in a like capacity with the same resources and familiar with like matters exercises in the conduct of an enterprise of a like character with like aims;

(b) diversify the holdings of each fund within the unified investment program to minimize the risk of loss and to maximize the rate of return unless, under the circumstances, it is clearly prudent not to do so; and

(c) discharge the duties solely in the interest of and for the benefit of the funds forming the unified investment program.

(2) ~~(a)~~ Retirement funds may be invested in common stocks of any corporation.

~~(b) Other public funds may not be invested in private corporate capital stock. "Private corporate capital stock" means only the common stock of a corporation.~~

(3) (a) This section does not prevent investment in any business activity in Montana, including activities that continue existing jobs or create new jobs in Montana.

(b) The board is urged under the prudent expert principle to invest up to 3% of retirement funds in venture capital companies. Whenever possible, preference should be given to investments in those venture capital companies that demonstrate an interest in making investments in Montana.

(c) In discharging its duties, the board shall consider the preservation of purchasing power of capital during periods of high monetary inflation.

(d) The board may not make a direct loan to an individual borrower. The purchase of a loan or a portion of a loan originated by a financial institution is not considered a direct loan.

(4) The board has the primary authority to invest state funds. Another agency may not invest state funds unless otherwise provided by law. The board shall direct the investment of state funds in accordance with the laws and constitution of this state. The board has the power to veto investments made under its general supervision.

(5) The board shall:

(e) keep an account of the total of each investment fund and of all the investments belonging to the fund and a record of the participation of each treasury fund account in each investment fund.

(6) The board may:

(b) direct the withdrawal of funds deposited by or for the state treasurer pursuant to 17-6-101 and 17-6-105;

(c) direct the sale of securities in the program at their full and true value when found necessary to raise money for payments due from the treasury funds for which the securities have been purchased.

(7) The cost of administering and accounting for each investment fund must be deducted from the income from each fund."

Section 6. Section 77-2-303, MCA, is amended to read:

"**77-2-303. Restrictions on land available for sale.** (1) ~~Lands~~ *Subject to purchase by the department pursuant to [section 4], land* that in the judgment of the ~~board are~~ *department is* likely to contain valuable deposits of coal, oil, oil shale, phosphate, metals, sodium, or other valuable mineral deposits ~~are~~ *is* not subject to sale of either the surface land or any of the mineral deposits. If the width of the abutting government lot at its narrowest point is less than 100 feet, then the strip reserved must extend to and include the next adjoining 40-acre tract or government lot. The land reserved from sale by this subsection is subject to the granting of easements the same as other state lands.

(b) Strips of land bordering on meandering lakes or on navigable streams, except the strip lying between low-water and high-water mark, whether surveyed and platted into blocks and lots or not, may be leased as provided in this title for the leasing of other state lands."

Section 7. Section 77-2-304, MCA, is amended to read:

"**77-2-304. Section 8. Coal severance tax loan — rate of interest — appropriation. (1) There is appropriated to the department of natural resources and conservation from the coal severance tax permanent fund an amount not to exceed $75 million for the biennium ending June 30, 2003, for the purpose of purchasing mineral production rights as provided in [section 4]. The department shall deposit the appropriated loan proceeds in the guarantee account provided for in [section 3].

(2) The interest to be paid on the loan authorized under subsection (1) must be at the long-term investment rate. The interest is payable as of the date of the transfer of the loan proceeds from the coal severance tax permanent fund to the department.

Section 9. Loan agreement. (1) In order to make the loan authorized in [section 8], the board of investments shall enter into a contract with the department of natural resources and conservation pledging the percentage of mineral royalties to the repayment of the loan over a period of 30 years. The loan agreement may not require a payment on the loan until fiscal year 2004. In fiscal years 2004 and 2005, 20% of the mineral royalties deposited in the guarantee account provided for in [section 3] must be pledged to the loan repayment. In fiscal years 2006 through 2011, not less than 25% of the mineral royalties deposited in the guarantee account must be pledged to the loan repayment, and in succeeding fiscal years, not less than 34% of the mineral royalties deposited in the guarantee account must be pledged to the loan repayment until the loan is fully paid.

(2) The contract must provide that the loan repayment proceeds be deposited in the coal severance tax permanent fund. To the extent possible, the board of investments shall make the loan from the portion of the coal severance tax permanent fund invested in the short-term pool. The loan authorized in [section 8] may not be made until the contract required by this section has become effective.

Section 10. Codification instruction. (1) [Sections 1 through 3] are intended to be codified as an integral part of Title 20, chapter 9, and the provisions of Title 20, chapter 9, apply to [sections 1 through 3].

(2) [Section 4] is intended to be codified as an integral part of Title 17, chapter 6, part 3, and the provisions of Title 17, chapter 6, part 3, apply to [section 4].

Section 11. Three-fourths vote. Because [section 8] appropriates money from the coal severance tax permanent fund, Article IX, section 5, of the Montana constitution requires a vote of three-fourths of the members of each house of the legislature for passage.

Section 12. Coordination. If House Bill No. 41 and [this act] are both passed and approved, then the references to the state equalization aid account contained in 20-9-343(3) in [section 3] of House Bill No. 41 are changed to references to the guarantee account provided for in [section 3 of this act].

Section 13. Effective dates. (1) [Sections 1 through 4 and 6 through 12 and this section] are effective July 1, 2001.

(2) [Section 5] is effective January 1, 2003, if Senate Bill No. 493 is approved by the electorate.

~~department shall certify to each taxing authority a millage rate that will provide the same ad valorem revenue for each taxing authority as was levied during the prior year. For the purpose of calculating the certified millage, the department shall use 95% of the taxable value appearing on the property tax record, exclusive of properties appearing for the first time in the property tax record~~ *newly taxable property, as described in 15-10-420(3).*

(2) For tax years beginning after December 31, 2000, if the ownership of centrally assessed property has been transferred in whole or in part to a different owner and the transferred property has a market value of $1 million or more as determined by the department, the department shall determine separately the taxable value of newly taxable property and the taxable value associated with reappraisal of centrally assessed property that is transferred to a different owner. The department shall certify to each taxing authority, at the time specified in subsection (1), the taxable value of newly taxable property and the total taxable value of centrally assessed property, exclusive of newly taxable property, that has been transferred to a different owner.

(3) For tax year 2001, for property that was classified as class thirteen property in tax year 2000 and that was transferred in whole or in part to a different owner in tax year 1999, if the transferred property has a market value of $1 million or more as determined by the department, the department shall determine separately the taxable value of newly taxable property and the taxable value associated with reappraisal of class thirteen property that was transferred to a different owner. The department shall recertify, at the time specified in subsection (1), to each taxing authority that had class thirteen property described in this subsection (3) in tax year 2000 the recertified total taxable value of newly taxable property."

Section 3. Section 15-10-206, MCA, is amended to read:

"**15-10-206.** ~~**Exceptions for**~~ ***Notification of*** **decisions of tax appeal boards.** The department shall notify each taxing authority of any change in the property tax record that results from actions by the state or county tax appeal boards. ~~An increase in the taxing authority's millage above the millage certified by the department or adopted by resolution or ordinance of the governing body of the taxing authority that is required solely by a reduction of the property tax record by the state or county tax appeal board may be adopted without further notice.~~"

Section 4. Section 15-10-420, MCA, is amended to read:

"**15-10-420. Procedure for calculating levy.** (1) *(a)* ~~A~~ *Subject to the provisions of this section, a* governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year, even if that levy is greater than the levy established by law. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the value of newly taxable property.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1) plus any additional levies authorized by the voters to all property in the governmental unit, including newly taxable property.

(3) *(a)* For purposes of this section, newly taxable property includes:

~~(a)~~*(i)* annexation of real property and improvements into a taxing unit;

~~(b)~~*(ii)* construction, expansion, or remodeling of improvements;

~~(c)~~*(iii)* transfer of property into a taxing unit;

~~(d)~~*(iv)* subdivision of real property; *and*

~~(e) reclassification of property;~~

~~(f)~~*(v) except as provided in subsection (3)(b),* transfer of property from tax-exempt to taxable status~~; and~~

~~(g) revaluations caused by expansion, addition, replacement, or remodeling of improvements~~.

(b) For the purposes of this section, newly taxable property does not include:

(i) reclassification of property; or

(ii) an increase in the appraised value of land that was previously valued at 75% of the value of improvements on the land as provided in 15-7-111(4) and (5), as those subsections applied on December 31, 2001.

(4) For the purposes of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonagricultural land as described in 15-6-133(1)(c).

~~(4)~~*(5)* Subsection (1) does not apply to school district general fund levies and the school district levy for tuition obligations established in 20-5-324(5).

~~(5)~~*(6)* For purposes of subsection (1), taxes imposed:

(a) include registration fees imposed on light vehicles under 61-3-561 and distributed under 61-3-509(2); and

(b) do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

~~(6)~~*(7) (a)* In determining the maximum number of mills in subsection (1), the governmental entity shall take into account any change from the prior year in the amount of statutory reimbursements for changes in the property tax laws.

(b) ~~The amount of motor vehicle disposition under 61-3-509(2), as that section read on December 31, 2000, is an increased statutory reimbursement. It~~ *The governmental entity* may increase the number of mills to account for a decrease in reimbursements and shall decrease the number of mills to fully account for any increase in reimbursements.

~~(7)~~*(8)* The department shall calculate, *on a statewide basis,* the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, 20-25-439, and 53-2-813. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4209, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402; or

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

~~(8)~~*(10)* The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 5. Certain governmental entities to recalculate mill levy. (1) (a) If the taxable value of all property, exclusive of the recertified value of newly taxable property as determined under 15-10-202(3), is more than 101% of the total taxable value of all property originally certified, exclusive of newly taxable property, by the department in tax year 2000 to the governmental entity authorized to impose mills, the governmental entity shall recalculate the mill levy under 15-10-420(1) for tax year 2000. The governmental entity shall not recalculate taxes for tax year 2000.

(b) The governmental entity shall then multiply the total taxable value in tax year 2000 by the mill levy determined under subsection (1)(a). The governmental entity shall use that amount as the amount of property tax that was actually generated in tax year 2000.

(2) For the purpose of 15-10-420(1), the amount of property tax actually generated in tax year 2000 as determined in subsection (1)(b) is the amount that must be used by the governmental entity for imposing mills in tax year 2001.

Section 6. Repealer. Sections 15-10-204, 15-10-205, 15-10-207, and 15-10-208, MCA, are repealed.

Section 7. Effective date. [This act] is effective on passage and approval.

Section 8. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to property tax years beginning after December 31, 2000.

Section 9. Termination. [Sections 2(3) and 5] terminate January 1, 2002.

CHAPTER NO. 421

[SB 519]

AN ACT REVISING THE TAXATION OF OIL FROM EXEMPT STRIPPER WELL PRODUCTION; IMPOSING THE TAX IF THE AVERAGE PRICE FOR A BARREL OF OIL AS REPORTED IN THE WALL STREET JOURNAL FOR WEST TEXAS INTERMEDIATE CRUDE OIL DURING A CALENDAR QUARTER IS MORE THAN $38 A BARREL; AMENDING SECTIONS 15-36-303 AND 15-36-304, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-36-303, MCA, is amended to read:

"**15-36-303. Definitions.** As used in this part, the following definitions apply:

(1) "Board" means the board of oil and gas conservation provided for in 2-15-3303.

(2) "Department" means the department of revenue provided for in 2-15-1301.

(3) "Enhanced recovery project" means the use of any process for the displacement of oil from the earth other than primary recovery and includes the use of an immiscible, miscible, chemical, thermal, or biological process.

(4) "Existing enhanced recovery project" means an enhanced recovery project that began development before January 1, 1994.

(5) "Expanded enhanced recovery project" or "expansion" means the addition of injection wells or production wells, the recompletion of existing wells as horizontally completed wells, the change of an injection pattern, or other operating changes to an existing enhanced recovery project that will result in the recovery of oil that would not otherwise be recovered. The project must be developed after December 31, 1993, and before January 1, 2002.

(6) "Gross taxable value", for the purpose of computing the oil and natural gas production tax, means the gross value of the product as determined in 15-36-305.

(7) "Horizontal drain hole" means that portion of a well bore with 70 degrees to 110 degrees deviation from the vertical and a horizontal projection within the common source of supply, as that term is defined by the board, that exceeds 100 feet.

(8) "Horizontally completed well" means:

(a) a well with one or more horizontal drain holes; and

(b) any other well classified by the board as a horizontally completed well.

(9) "Incremental production" means:

(a) the volume of oil produced by a new enhanced recovery project, by a well in primary recovery recompleted as a horizontally completed well, or by an expanded enhanced recovery project, which volume of production is in excess of the production decline rate established under the conditions existing before:

(i) the commencement of the recompletion of a well as a horizontally completed well;

(ii) expansion of the existing enhanced recovery project; or

(iii) commencing a new enhanced recovery project; or

(b) in the case of any project that had no taxable production prior to commencing the enhanced recovery project, all production of oil from the enhanced recovery project.

(10) "Natural gas" or "gas" means natural gas and other fluid hydrocarbons, other than oil, produced at the wellhead.

(11) "New enhanced recovery project" means an enhanced recovery project that began development after December 31, 1993, and before January 1, 2002.

(12) "Nonworking interest owner" means any interest owner who does not share in the exploration, development, and operation costs of the lease or unit, except for production taxes.

(13) "Oil" means crude petroleum or mineral oil and other hydrocarbons, regardless of gravity, that are produced at the wellhead in liquid form and that are not the result of condensation of gas after it leaves the wellhead.

(14) "Operator" or "producer" means a person who produces oil or natural gas within this state or who owns, controls, manages, leases, or operates within this state any well or wells from which any marketable oil or natural gas is extracted or produced.

(15) "Post-1999 well" means an oil or natural gas well drilled on or after January 1, 1999, that produces oil or natural gas or a well that has not produced

oil or natural gas during the 5 years immediately preceding the first month of qualifying as a post-1999 well.

(16) "Pre-1999 well" means an oil or natural gas well that was drilled before January 1, 1999.

(17) "Primary recovery" means the displacement of oil from the earth into the well bore by means of the natural pressure of the oil reservoir and includes artificial lift.

(18) "Production decline rate" means the projected rate of future oil production, extrapolated by a method approved by the board, that must be determined for a project area prior to commencing a new or expanded enhanced recovery project or the recompletion of a well as a horizontally completed well. The approved production decline rate must be certified in writing to the department by the board. In that certification, the board shall identify the project area and shall specify the projected rate of future oil production by calendar year and by calendar quarter within each year. The certified rate of future oil production must be used to determine the volume of incremental production that qualifies for the tax rate imposed under 15-36-304(5)(e).

(19) "Qualifying production" means the first 12 months of production of oil or natural gas from a well drilled after December 31, 1998, or the first 18 months of production of oil or natural gas from a horizontally completed well drilled after December 31, 1998, or from a well that has not produced oil or natural gas during the 5 years immediately preceding the first month of qualifying production. Qualifying production does not include oil production from a horizontally recompleted well.

(20) "Secondary recovery project" means an enhanced recovery project, other than a tertiary recovery project, that commenced or was expanded after December 31, 1993, and before January 1, 2002, and meets each of the following requirements:

(a) The project must be certified as a secondary recovery project to the department by the board. The certification may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(b) The property to be affected by the project must be adequately delineated according to the specifications required by the board.

(c) The project must involve the application of secondary recovery methods that can reasonably be expected to result in an increase, determined by the board to be significant in light of all the facts and circumstances, in the amount of oil that may potentially be recovered. For purposes of this part, secondary recovery methods include but are not limited to:

(i) the injection of water into the producing formation for the purposes of maintaining pressure in that formation or for the purpose of increasing the flow of oil from the producing formation to a producing well bore; or

(ii) any other method approved by the board as a secondary recovery method.

(21) "Stripper natural gas" means the natural gas produced from any well that produces less than 60,000 cubic feet of natural gas a day during the calendar year immediately preceding the current year. Production must be determined by dividing the amount of production from a lease or unitized area for the year immediately preceding the current calendar year by the number of producing wells in the lease or unitized area and by dividing the resulting quotient by 365.

(22) "Stripper oil" means the oil produced from any well that produces less than 15 barrels a day for the calendar year immediately preceding the current year if the average price for a barrel of oil as reported in the Wall Street Journal for west Texas intermediate crude oil during a calendar quarter is less than $30 a barrel. If the price of oil is equal to or greater than $30 a barrel in a calendar quarter, there is no stripper tax rate~~, including stripper well exemption tax rate,~~ in that quarter. *There is no stripper well exemption tax rate if the average price for a barrel of oil as reported in the Wall Street Journal for west Texas intermediate crude oil during a calendar quarter is more than $38 a barrel.* The average price for a barrel is computed by dividing the sum of the daily price for west Texas intermediate crude oil as reported in the Wall Street Journal for the calendar quarter by the number of days on which the price was reported in the quarter. Production must be determined by dividing the amount of production from a lease or unitized area for the year immediately preceding the current calendar year by the number of producing wells in the lease or unitized area and by dividing the resulting quotient by 365.

(23) "Stripper well exemption" means petroleum and other mineral or crude oil produced by a stripper well that produces 3 barrels a day or less.

(24) "Tertiary recovery project" means an enhanced recovery project, other than a secondary recovery project, using a tertiary recovery method that meets the following requirements:

(a) The project must be certified as a tertiary recovery project to the department by the board. The certification may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(b) The property to be affected by the project must be adequately delineated in the certification according to the specifications required by the board.

(c) The project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the board to be significant in light of all the facts and circumstances, in the amount of crude oil that may potentially be recovered. For purposes of this part, tertiary recovery methods include but are not limited to:

(i) miscible fluid displacement;

(ii) steam drive injection;

(iii) micellar/emulsion flooding;

(iv) in situ combustion;

(v) polymer augmented water flooding;

(vi) cyclic steam injection;

(vii) alkaline or caustic flooding;

(viii) carbon dioxide water flooding;

(ix) immiscible carbon dioxide displacement; or

(x) any other method approved by the board as a tertiary recovery method.

(25) "Well" or "wells" means a single well or a group of wells in one field or production unit and under the control of one operator or producer.

(26) "Working interest owner" means the owner of an interest in an oil or natural gas well or wells who bears any portion of the exploration, development, and operating costs of the well or wells."

Section 2. Section 15-36-304, MCA, is amended to read:

"**15-36-304. Production tax rates imposed on oil and natural gas.** (1) The production of oil and natural gas is taxed as provided in this section. The tax is distributed as provided in 15-36-324.

(2) Natural gas is taxed on the gross taxable value of production based on the type of well and type of production according to the following schedule for working interest and nonworking interest owners:

	Working Interest	Nonworking Interest
(a) (i) first 12 months of qualifying production	0.5%	14.8%

(4) The reduced tax rate under subsection (2)(c)(i) on production from a horizontally completed well for the first 18 months of production begins following the last day of the calendar month immediately preceding the month in which natural gas is placed in a natural gas distribution system, provided that notification has been given to the department.

(5) Oil is taxed on the gross taxable value of production based on the type of well and type of production according to the following schedule for working interest and nonworking interest owners:

	Working Interest	Nonworking Interest
(a) primary recovery production		
(i) first 12 months of qualifying production	0.5%	14.8%

19-2-406. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Determination of disability by board — compliance with federal law — conversion to service retirement benefit — rules. (1) The board shall determine whether a member has become disabled. In the discharge of its duty regarding determinations, the board, any member of the board, or any authorized representative of the board may order medical examinations, conduct hearings, administer oaths and affirmations, take depositions, certify to official acts and records, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records considered necessary as evidence in connection with a claim for disability retirement.

(3) The board shall retain medical personnel to advise it in assessing the nature and extent of disabling conditions while reviewing claims for disability retirement.

(4) The disability retirement benefit paid to a member *of the defined benefit plan* must be converted to a service retirement benefit, without recalculation of the monthly benefit amount, when the member has attained the minimum age required for normal service retirement. The board shall notify the member in writing as to the change in status.

~~(5) This section does not apply to members of the defined contribution plan.~~"

Section 5. Section 19-3-2117, MCA, is amended to read:

"**19-3-2117. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Allocation of contributions and forfeitures.** (1) Each plan member's retirement account must be credited with the employee contributions made under 19-3-315.

(2) Subject to adjustment by the board as provided in 19-3-2121, beginning on the plan's effective date, of the employer contributions under 19-3-316:

(a) ~~4.49%~~ *4.19%* of compensation must be allocated to the member's retirement account; and

(b) ~~2.37%~~ *2.37%* of compensation must be allocated to the defined benefit plan as the plan choice rate.

(3) Subject to adjustment by the board pursuant to 19-3-2121(7) and beginning on the plan's effective date, of the employer contributions under 19-3-316, 0.3% of compensation must be allocated to the long-term disability plan trust fund established pursuant to [section 1].

~~(3)~~*(4)* Forfeitures of employer contributions and investment income on the employer contributions may not be used to increase a member's retirement account. The board shall allocate the forfeitures under 19-3-2116 to meet the employer contributions obligation provided under subsection (2)(a) of this section in lieu of direct contributions by the employer and shall increase the contribution amount under subsection (2)(b) of this section by the amount of the forfeitures used in lieu of the employer contributions."

Section 6. Section 19-3-2121, MCA, is amended to read:

"19-3-2121. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Determination and adjustment of plan choice rate and contribution allocations — rulemaking. (1) The board shall provide for the periodic review of the sufficiency of the plan choice rate and shall adjust the allocation of contributions under 19-3-2117 as specified in this section. The board shall provide that the data necessary to comply with this section is collected and maintained for all system members.

(2) The plan choice rate set in 19-3-2117(2)(b) must be adjusted as provided in this section, taking into account:

(a) as determined under subsection (3), the change in the normal cost contribution rate in the defined benefit plan that is the result of member selection of the defined contribution plan;

(b) as determined under subsection (4), the anticipated reduction in defined contribution plan costs because of forfeitures; ~~and~~ *and*

(c) as determined under subsection (5), the sufficiency of the plan choice rate to actuarially fund the defined contribution ~~plan's~~ *plan member's appropriate* share of the defined benefit plan's unfunded liabilities.

(3) The change in the normal cost contribution rate must be an amount equal to the difference between the normal cost contribution rate in the defined benefit plan that would have resulted if all system members remained in the defined benefit plan and the normal cost contribution rate in the defined benefit plan for the actual members of the defined benefit plan, multiplied by the covered payroll of members in the defined benefit plan, divided by the covered payroll of members in the defined contribution plan. The measurements under this subsection must be based on the defined benefit plan in effect on the effective date of the defined contribution plan until the board determines that the defined benefit plan has been amended in a manner that significantly affects plan choices available to system members. After a board determination that the defined benefit plan has been significantly changed, the measurements in this subsection with respect to members entering the system after the significant change must be made on the basis of the defined benefit plan, as amended.

(4) The anticipated reduction in defined contribution plan costs as a result of forfeitures under 19-3-2116 must be determined as the amount of forfeitures expected during the next biennium based on actual forfeitures in the preceding biennium, adjusted by taking into account the gains or losses during the preceding biennium resulting from forfeitures of greater or lesser amounts than expected, divided by twice the covered payroll of members of the defined contribution plan.

(5) The sufficiency of the plan choice rate to actuarially fund the appropriate share of the defined benefit plan's unfunded liabilities must be determined as follows:

(a) The board shall determine the number of years required to actuarially fund the defined benefit plan's unfunded liabilities as of the June 30, 1998, actuarial valuation, which must be the initial schedule for the defined contribution plan to actuarially fund the plan's share of the unfunded liabilities. The board shall reduce the schedule by 1 year each biennium.

(b) During each subsequent actuarial valuation of the defined benefit plan conducted pursuant to 19-2-405, the board shall determine whether the plan choice rate minus the sum of the amounts provided in subsections (2)(a) and (2)(b) of this section is sufficient to pay the unfunded liability obligations within the schedule determined under subsection (5)(a) of this section. If the amount is insufficient to fund the liability over a period of 10 years longer than the scheduled period or is more than sufficient to fund the liability over a period of 10 years earlier than the scheduled period, the board shall determine to the nearest 0.1% the amount of the increase or decrease in the plan choice rate that is required to actuarially fund the liabilities according to the established schedule.

(6) If the board determines that the plan choice rate should be increased or decreased, the plan choice rate under 19-3-2117(2)(b) must be increased or decreased accordingly. If the plan choice rate is increased, the allocation of employer contributions to member accounts under 19-3-2117(2)(a) must be decreased by that amount. If the plan choice rate is decreased, the allocation of employer contributions to member accounts under 19-3-2117~~(2)(b)~~*(2)(a)* must be increased by that amount.

(7) If the board determines that the contribution rate to the disability plan under 19-3-2117(3) should be increased, the employer contribution to each member's account under 19-3-2117(2)(a) must be decreased by that amount. If the board determines that the contribution rate to the disability plan under 19-3-2117(3) should be decreased, the employer contribution to each member's account under 19-3-2117(2)(a) must be increased by that amount.

~~(7)~~*(8)* By November 1 of the year of a determination pursuant to this section that the allocation of employer contributions under 19-3-2117(2) must be changed, the board shall notify system members, participating employers, employee and employer organizations, the governor, and the legislature of its determination and of the changes required.

~~(8)~~*(9)* Effective January 1 of the year after the regular legislative session that immediately follows a determination under this section, the plan choice rate and the allocation of contributions under 19-3-2117(2) must be adjusted according to the board's determination."

Section 7. Section 19-3-2123, MCA, is amended to read:

"19-3-2123. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Payout of account balances when terminating plan membership. ~~Any~~ *Except as provided in [section 2], any* time after termination of covered employment, a member or the member's beneficiary may terminate plan membership by making a written application to the board and removing the member's account balance from the plan through any combination of the following payout options, each of which is subject to applicable regulations of the internal revenue service:

(1) a direct rollover to an eligible retirement plan or to an individual retirement account or annuity pursuant to section 401(a)(31) of the Internal Revenue Code;

(2) a regular rollover to an eligible retirement plan pursuant to section 402(c) of the Internal Revenue Code; or

(3) a lump-sum distribution of the member's account balance."

Section 8. Section 19-3-2124, MCA, is amended to read:

"19-3-2124. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Distribution options for plan members — rulemaking — minimum distribution requirements — restrictions. (1) Subject to 19-3-2116 ~~and~~, 19-3-2126, *and [section 2],* a member may, after termination of covered employment, leave the member's account balance in the plan, and the member is eligible for a distribution as provided in this section.

(2) After termination of covered employment, upon written application to the board, a member may, if provided for by the board, select a distribution option offered pursuant to a contract negotiated by the board with a plan vendor or vendors.

(3) A member who is less than 70 1/2 years of age who returns to covered employment may not continue to receive a distribution under this section while actively employed in a covered position.

(4) The board shall adopt rules to administer this section and to provide that distributions comply with the minimum distribution requirements established in the Internal Revenue Code and applicable under 19-2-1007."

Section 9. Section 19-3-2126, MCA, is amended to read:

"19-3-2126. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Minimum account balance required for membership after termination — adjustment by rule. (1) (a) ~~If~~ *Except as provided in [section 2], if* a member's account balance is less than $5,000 at the time that the member terminates covered employment, the member shall terminate plan membership by removing the member's account balance from the plan in a manner provided pursuant to 19-3-2123.

(b) If the member fails to remove the member's account balance, the board may close the account by paying to the member a lump-sum distribution of the member's entire account balance.

(2) The board may by rule adjust the minimum account balance provided in this section as necessary to maintain reasonable administrative costs and to account for inflation."

Section 10. Implementation. (1) To implement the provisions of [section 1], the board shall establish a self-insured long-term disability plan through which the disability benefits must be paid.

(2) If the disability plan cannot be implemented as described in subsection (1), the board shall implement the provisions of [section 1] by contracting for long-term disability insurance that provides for the benefits described in [section 1].

Section 11. Loan for startup — repayment. To pay the startup costs for the defined contribution plan disability benefit established pursuant to [section 1], the public employees' retirement board may receive a long-term loan from the intercap revolving loan program adopted by the board of investments pursuant to 17-5-1605. The loan must be repaid with interest under terms and conditions determined by the board of investments.

Section 12. Two-thirds vote required. Because [section 11] authorizes the creation of a state debt, Article VIII, section 8, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage.

Section 13. Codification instruction. [Sections 1, 2, and 10] are intended to be codified as an integral part of Title 19, chapter 3, part 21, and the provisions of Title 19, chapter 3, part 21, apply to [sections 1, 2, and 10].

Section 14. Coordination instruction. (1) If Senate Bill No. 306 is passed and approved and if it includes language providing for a disability benefit equal to one-fiftieth of the member's final average salary multiplied by the member's years of total service credit, then [section 1(1) of this act] is amended to read:

"(1) (a) Except as provided in subsection(1)(b), a disabled member eligible under the provisions of this section is entitled to a disability benefit equal to one fifty-sixth of the member's final average salary, as defined in 19-3-108, multiplied by the member's years of service, including any service credit purchased under 19-3-513.

(b) An eligible member with at least 25 years of service credit is entitled to a disability benefit equal to one-fiftieth of the member's final average salary, as defined in 19-3-108, multiplied by the member's years of service credit, including any service credit purchased under 19-3-513."

(2) If House Bill No. 116 and [this act] are both passed and approved, then:

(a) [section 5 of this act], amending 19-3-2117, is amended to read:

"**19-3-2117. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Allocation of contributions and forfeitures.** (1) Each plan member's retirement account must be credited with the employee contributions made under 19-3-315.

(2) Subject to adjustment by the board as provided in 19-3-2121, beginning on the plan's effective date, of the employer contributions under 19-3-316, *an amount equal to*:

(a) ~~4.49%~~ *4.19%* of compensation must be allocated to the member's retirement account; ~~and~~

(b) ~~2.37%~~ *2.37%* of compensation must be allocated to the defined benefit plan as the plan choice rate*; and*

(c) 0.04% of compensation must be allocated to the education fund as provided in 19-3-112(1)(c).

(3) *Subject to adjustment by the board pursuant to 19-3-2121(7) and beginning on the plan's effective date, of the employer contributions under 19-3-316, 0.3% of compensation must be allocated to the long-term disability plan trust fund established pursuant to [section 1].*

(4) Forfeitures of employer contributions and investment income on the employer contributions may not be used to increase a member's retirement account. The board shall allocate the forfeitures under 19-3-2116 to meet the ~~employer contributions obligation provided under subsection (2)(a) of this section in lieu of direct contributions by the employer and shall increase the contribution amount under subsection (2)(b) of this section by the amount of the forfeitures used in lieu of the employer contributions~~ *plan's administrative expenses, including startup expenses.*"

(b) [section 9 of this act], amending 19-3-2126, is amended to read:

"**19-3-2126. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) ~~Minimum~~ *Refunds — minimum* account balance**

required for membership after termination — adjustment by rule. (1) ~~(a) If a member's account balance is less than $5,000 at the time that the member terminates covered employment, the member shall terminate plan membership by removing the member's account balance from the plan in a manner provided pursuant to 19-3-2123.~~

~~(b) If the member fails to remove the member's account balance, the board may close the account by paying to the member a lump-sum distribution of the member's entire account balance.~~ *Before termination of service, a member may not receive a refund of any portion of the member's vested account.*

(2) Except as provided in [section 2], a nonvested member who terminates from service and whose vested account balance is less than $200 must be paid the vested account balance in a lump sum. CHAPTER NO. 429

[HB 239]

AN ACT PROVIDING FOR ACCESS TO INFORMATION TECHNOLOGY FOR INDIVIDUALS WHO ARE BLIND OR VISUALLY IMPAIRED THROUGH THE PURCHASE OF TECHNOLOGY IN ACCORDANCE WITH STANDARDS FOR EQUIVALENT ACCESS BY BOTH VISUAL AND NONVISUAL MEANS; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Findings — policy. (1) The legislature finds that:

(a) the advent of the information age throughout the United States and around the world has resulted in lasting changes in information technology;

(b) the use of interactive visual display terminals by the state is becoming a widespread means of access for public employees and the public to obtain information available electronically, but nonvisual access, whether by speech, Braille, or other appropriate means, has not been systematically incorporated into the procurement process for new information technology;

(c) presentation of electronic data solely in a visual format is a barrier to access by individuals who are blind or visually impaired, preventing them from participating on equal terms in crucial areas of life, such as education and employment;

(d) alternatives, including both software and hardware adaptations, have been created so that interactive control of computers and the use of the information presented are possible by both visual and nonvisual means;

(e) the goals of the state in obtaining and deploying new forms of technology properly include universal access so that segments of society with particular needs, including individuals who are unable to use visual displays, will not be left out of the information age; and

(f) although access to programs, technology, and information is provided for under other state and federal law and, in many instances, compels the installation and availability of nonvisual technology adaptations, access to information technology is most effectively accomplished at the point of procurement, ensuring that funds are expended on information technology designed to be readily adaptable for nonvisual access.

(2) It is the policy of this state that all state programs and activities be conducted in accordance with the following principles:

(a) Individuals who are blind or visually impaired have the right to full participation in the life of the state, including the use of information technology that is provided by the state for use by employees, program participants, and the public.

(b) Technology purchased in whole or in part with funds provided by the state that is to be used for the creation, storage, retrieval, or dissemination of information and that is intended for use by employees, program participants, and the public must be accessible to and usable by individuals who are blind or visually impaired.

Section 2. Definitions. As used in [sections 1 through 5], unless the context requires otherwise, the following definitions apply:

(1) "Access" means the ability to receive, use, and manipulate data and operate controls included in information technology.

(2) "Blind or visually impaired" means an individual who has:

(a) a visual acuity of 20/200 or less in the better eye with correcting lenses or has a limited field of vision so that the widest diameter of the visual field subtends an angle no greater than 20 degrees;

(b) a medically indicated expectation of visual deterioration; or

(c) a medically diagnosed limitation in visual functioning that restricts the individual's ability to read and write standard print at levels expected of individuals of comparable ability.

(3) "Information technology" means all electronic information processing hardware and software, including telecommunications.

(4) "Nonvisual" means synthesized speech, Braille, and other output methods not requiring sight.

(5) "Readily adaptable" means that all critical components of information may be rendered by the information technology in equivalent nonvisual formats and that the installation or operation of software or hardware adaptations for speech, Braille, or other nonvisual formats do not require extraordinary alterations to the information technology.

(6) "State agency" means a department, board, commission, office, bureau, institution, university system entity, or unit of state government recognized in the state budget.

(7) "Telecommunications" means the transmission of information, images, pictures, voice, or data by radio, video, or other electronic or impulse means.

(8) "Undue burden" means compliance may be accomplished only by incurring an undue financial or administrative burden or by fundamentally altering a program or activity.

Section 3. Assurance of nonvisual access. When information technology equipment and software are procured for use by employees, program participants, or members of the public, the state agency head shall ensure that the equipment or software:

(1) provides blind or visually impaired individuals with access, including interactive use of the equipment and services, that is equivalent to that provided to individuals who are not blind or visually impaired;

(2) is designed to present information, including prompts used for interactive communications, in formats intended for both visual and nonvisual use; and

(3) has been purchased under a contract that includes the technology access clause required by [section 4].

Section 4. Procurement requirements. (1) The technology access clause, referred to in [section 3(3)], must be developed by the department of administration and must require compliance with nonvisual access standards developed by the state. The access clause and the nondiscrimination language required in 49-3-207 must be inserted in all contracts for the procurement of information technology by, or for the use of, state agencies.

(2) The nonvisual access standards developed pursuant to subsection (1) must include specifications that are necessary to fulfill the assurances contained in [section 3] and must include the following minimum specifications:

(a) Effective, interactive control and use of the technology, including the operating system, applications programs, and format of the data presented, are readily adaptable to nonvisual means.

(b) The technology equipped for nonvisual access must be compatible with information technology used by other individuals with whom the blind or visually impaired individual may interact or exchange electronic information.

(c) Nonvisual access technology must be integrated into networks used to share communications among employees, program participants, and the public.

(d) The technology for nonvisual access must have the capability of providing equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired.

Section 5. Implementation. (1) For the purposes of ensuring the effective phasing in of nonvisual access technology procurement, the head of any state agency may not approve exclusion of the technology access clause required by [section 4] from any contract with respect to the compatibility of standard operating systems and software with nonvisual access software and peripheral devices or with respect to the initial design, development, and installation of information systems, including the design and procurement of interactive equipment and software.

(2) This section does not require the installation of software or peripheral devices used for nonvisual access when the information technology is being used by individuals who are not blind or visually impaired.

(3) Notwithstanding subsection (2), the applications programs and underlying operating systems, including the format of the data, used for the manipulation and presentation of information must permit the installation and effective use of nonvisual access software and peripheral devices.

(4) Compliance with [sections 1 through 5] with regard to information technology purchased prior to [the effective date of this act] must be achieved at the time of procurement of an upgrade or replacement of existing equipment or software.

(5) Until July 1, 2003, a state agency may be exempted from the requirements of [section 4] if the cost would cause the state agency's budget to exceed legislative appropriations.

(6) A state agency may be exempted from the provisions of [sections 1 through 5] if the state agency makes a good faith determination that compliance would result in an undue burden.

Section 6. Codification instruction. [Sections 1 through 5] are intended to be codified as an integral part of Title 18, chapter 5, and the provisions of Title 18, chapter 5, apply to [sections 1 through 5].

Section 7. Effective date. [This act] is effective July 1, 2001.

[HB 564]

AN ACT REVISING THE UNIVERSAL SERVICE TELECOMMUNICATIONS LAWS; REQUIRING THE PUBLIC SERVICE COMMISSION UPON PETITION OR ITS OWN MOTION TO INVESTIGATE THE NEED FOR A UNIVERSAL SERVICE FUND; PROVIDING THE COMMISSION WITH THE AUTHORITY TO ESTABLISH A UNIVERSAL SERVICE FUND; PROVIDING THE COMMISSION WITH THE AUTHORITY TO ADOPT RULES FOR THE

ADMINISTRATION OF THE UNIVERSAL SERVICE FUND; PROVIDING FOR THE COLLECTION OF CONTRIBUTIONS TO THE UNIVERSAL SERVICE FUND ON A QUARTERLY RATHER THAN A MONTHLY BASIS; CLARIFYING THE METHODOLOGY FOR CONTRIBUTIONS TO THE UNIVERSAL SERVICE FUND; CLARIFYING THE PAYMENT PROCESS FROM THE UNIVERSAL SERVICE FUND; AMENDING SECTIONS 69-3-842, 69-3-843, 69-3-844, AND 69-3-845, MCA; REPEALING SECTION 41, CHAPTER 349, LAWS OF 1997, AND SECTION 6, CHAPTER 187, LAWS OF 1999; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-3-842, MCA, is amended to read:

"**69-3-842.** ~~**(Temporary)**~~ **Universal service fund established — purpose.** (1) ~~Pursuant to a determination of need, the commission shall establish and administer~~ *Upon petition for good cause by a telecommunications carrier or the consumer counsel or on the commission's own motion, the commission shall investigate the need for* a fund to assist eligible telecommunications carriers in providing affordable telecommunications services in high-cost areas. *This investigation must take into account the evolving nature of universal service as well as changes in federal and state telecommunications support systems, including but not limited to universal service funds and access reform.*

(2) If the commission determines that a state universal service fund is necessary to promote the policies in 69-3-841 and is consistent with the public interest, the commission shall establish a state universal service fund. The fund must provide support for the following services:

(a) voice grade access to the public switched network, including some usage;

(b) dual-tone multifrequency (DTMF or "touch tone") signaling or its equivalent;

(c) single-party service;

(d) access to emergency services, including access to 9-1-1, where available, and access to enhanced 9-1-1 when requested by a telecommunications carrier's local community and when the telecommunications carrier has technical capacity to provide it;

(e) access to operator services;

(f) access to interexchange services; and

(g) access to directory assistance.

~~(2)~~*(3)* The fund must support only access to the services listed in subsections ~~(1)(d)~~ *(2)(d)* through ~~(1)(g)~~ *(2)(g)* and not support the services themselves.

~~(3)~~*(4)* The fund must be administered to ensure that its operation is competitively and technologically neutral.

(5) For the purposes of this section, "interexchange services" means telecommunications long-distance services. ~~(Terminates December 31, 2001—sec. 6, Ch. 187, L. 1999.)~~"

Section 2. Section 69-3-843. MCA. is amended to read:

"69-3-843. ~~(Temporary)~~ Fund administrator — *commission rulemaking authority.* (1) A fiscal agent and daily administrator must be selected *by the commission* to receive and distribute funds under 69-3-841, 69-3-842, 69-3-844, 69-3-845, and this section.

(2) The fiscal agent must be selected by the commission based upon a competitive bidding process after an opportunity for public comment on the specific qualifications required of the fiscal agent. A telecommunications carrier is not eligible to be the fiscal agent. The duties of the fiscal agent must be determined by a contract consistent with 69-3-841, 69-3-842, 69-3-844, 69-3-845, and this section. The contract term of the fiscal agent ~~must expire December 31, 2001~~ *may not be for a period greater than 3 years.*

(3) The *commission may adopt rules for the administration of the fund.* ~~fiscal agent shall provide monthly reports of fund activities to the commission and shall provide audits annually by a certified public accountant in a manner determined by and under the direction of the commission.~~

~~(4) The fund financial accounts of the fiscal agent must be available at reasonable times to any telecommunications carrier in the state and to the public. The commission may investigate the accounts and practices of the fiscal agent and enter orders concerning the accounts and practices.(Terminates December 31, 2001—sec. 6, Ch. 187, L. 1999.)~~"

Section 3. Section 69-3-844, MCA, is amended to read:

"69-3-844. ~~(Temporary)~~ Contributions to fund. (1) The fiscal agent shall collect contributions from all telecommunications carriers on a ~~monthly~~ *quarterly* basis, based on a ~~July 1 to June 30 fiscal~~ *January 1 to December 31 calendar* year. *Those contributions must be determined on a percentage of total intrastate retail revenue for all telecommunications carriers registered in the state. If the high-cost mechanisms of the federal universal service program are eliminated, contributions must be determined on a percentage of total intrastate and interstate retail revenue for all telecommunications carriers registered in the state.* ~~Initial contributions to the fund may only be collected for the 2-month period prior to the effective date of distributions from the fund and must be calculated as follows:~~

~~(a) determine the total retail revenue for all telecommunications carriers for the immediately preceding calendar year;~~

~~(b) determine the total funds needed for distributions in the next fiscal year as authorized pursuant to 69-3-845;~~

~~(c) compute a uniform percentage of the amount determined in subsection (1)(a) that will produce an amount equal to the fund total calculated in subsection (1)(b);~~

~~(d) adjust the percentage multiplier computed in subsection (1)(c) to recover or reimburse any fund shortfalls or excesses in the previous fiscal year, including uncollectibles, new providers seeking support, cost of administration, and auditing; and~~

~~(e) send notice of the current uniform percentage and appropriate remittance forms to each telecommunications carrier at least 2 months prior to the effective date of the application of the percentage.~~

(2) The commission shall adopt ~~procedural~~ rules to govern collection of the contributions required by this section, as well as rules allowing the fiscal agent

and daily administrator to assess late fees and interest on delinquent payments from telecommunications carriers. The fiscal agent is specifically authorized to enforce the contribution requirements of this section through suit in the district courts of Montana, *and the prevailing party in an action is entitled to the recovery of costs and attorney fees incurred in that action.*

(3) Any funds received by an eligible telecommunications carrier from the state high-cost fund must be used for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

~~(3)~~*(4)* Any reduction in telecommunications carrier access expenses because of the removal of implicit subsidies inherent in telecommunications carrier access rates must be passed through to Montana end-user customer retail rates.~~(Terminates December 31, 2001—sec. 6, Ch. 187, L. 1999.)~~"

Section 4. Section 69-3-845, MCA, is amended to read:

"**69-3-845.** ~~**(Temporary) Distributions**~~ ***Payments*** **from fund —** ~~**calculation of**~~ **costs.** (1) ~~Subject to the requirements of this section, payments~~ *Payments* from the fund must be made from collected contributions by the fiscal agent to qualifying eligible telecommunications carriers, on a ~~monthly~~ *quarterly* basis, pursuant to rules adopted by the commission.

(2) Only eligible telecommunications carriers that offer the telecommunications services described in ~~69-3-842(1)~~ *69-3-842(2)* to all customers in a designated support area and that advertise the availability of the telecommunications services and the charges for the telecommunications services using media of general distribution may receive support from the fund for the designated support area.

~~(3) Distributions must be calculated for the designated support areas established by the commission. In the case of an area served by a rural telephone company, the term "designated support area" means the rural telephone company's Montana service area unless the rural telephone company voluntarily adopts a proxy model for the calculation of the rural telephone company's cost of telecommunications services under subsection (6). After adoption of a proxy model, the rural telephone company's designated support area must be an area designated by the commission, which may be smaller than a wire center. The term designated support area for all other telecommunications carriers means a geographic area as established by the commission, which must be smaller than a wire center.~~

~~(4) Support for the services listed in 69-3-842(1) must be calculated as the difference between the costs determined in each designated support area and the affordability benchmark in that support area. The commission shall adopt rules to determine affordability benchmarks.~~

~~(5) Except as provided in subsection (6), for rural telephone companies and other eligible telecommunications carriers offering services in a designated support area served by a rural telephone company, the average cost for each line must be calculated and submitted, based on the preceding calendar year, to the fiscal agent as follows:~~

~~(a) If an additional eligible telecommunications carrier has not been designated pursuant to 69-3-840(3), the rural telephone company's total unseparated loop cost, as defined by federal separation rule methodology in effect on December 31, 1996, must be added to the switching costs, local transport costs,~~

~~and customer operations costs assigned to the telecommunications services set forth in 69-3-842(1), which must be calculated using the methodology set forth in federal communications commission jurisdictional separation rules in effect as of December 31 of each calendar year. This total cost must be reduced by any federal universal service support, interstate allocation of loop costs, and loop costs recovered through intrastate telecommunications carrier common line charges to long-distance companies.~~

~~(b) Upon the designation of an additional eligible telecommunications carrier pursuant to 69-3-840(3) in a designated support area served by a rural telephone company, the additional eligible telecommunications carrier has access to the fund on the same basis as the rural telephone company. Upon the designation of the additional eligible telecommunications carrier, both the carrier and the rural telephone company must receive distributions from the fund based upon the rural telephone company's average cost for each line disaggregated to geographic areas smaller than a wire center. The support for each line for each geographic area must be based upon the rural telephone company's costs, as determined in subsection (5)(a), distributed to each of the geographic areas on the basis of relative distribution factors established by a cost proxy model adopted by the commission.~~

~~(6) Except as provided in subsection (5)(b), for companies that are not rural telephone companies and for rural telephone companies voluntarily electing to use a cost proxy model, the average cost for each line in designated support areas must be calculated based on the cost proxy model adopted by the commission. This total per-line cost must be reduced by any federal universal service support, interstate allocation of loop costs, and loop costs recovered through intrastate telecommunications carrier common line charges to long-distance companies.~~

~~(7) In determining any proxy mechanism under this section, the commission shall use a model that:~~

~~(a) targets support to a geographic area smaller than a wire center;~~

~~(b) uses acceptable outside plant design and costing principles;~~

~~(c) uses reasonable switch design and costing principles;~~

~~(d) includes a reasonable share of the joint and common costs of the telecommunications carrier;~~

~~(e) meets standards for documenting model logic and the sources of cost data input; and~~

~~(f) meets reasonableness tests to ensure that model outputs are representative of costs that can be reasonably expected in the construction of a network and that the network is capable of providing telecommunications services that meet the telecommunications services quality standards of the commission and federal regulators.~~

~~(8)~~*(3)* An eligible telecommunications carrier providing telecommunications services through resale of another telecommunications carrier's telecommunications services or facilities may not receive support for those telecommunications services or facilities if the rates charged to an eligible telecommunications carrier by the other telecommunications carrier have been reduced by a contribution from universal service funds under this section.

~~(9)~~*(4)* Costs of administering the fund must be paid from the fund. ~~(Terminates December 31, 2001--sec. 6, Ch. 187, L. 1999.)~~"

Section 5. Repealer. Section 41, Chapter 349, Laws of 1997, and section 6, Chapter 187, Laws of 1999, are repealed.

Section 6. Effective date. [This act] is effective on passage and approval.

[HB 455]

AN ACT AUTHORIZING A TEMPORARY CHANGE OF APPROPRIATION RIGHT FOR INSTREAM FLOW FOR UP TO 30 YEARS UNDER CERTAIN CONDITIONS; AMENDING SECTION 85-2-407, MCA; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-407, MCA, is amended to read:

"85-2-407. Temporary changes in appropriation right. (1) An appropriator may not make a temporary change in appropriation right for the appropriator's use or another's use except with department approval in accordance with 85-2-402 and this section.

(2) ~~A~~ *Except as provided in subsection (9), a* temporary change in appropriation right may be approved for a period not to exceed 10 years. A temporary change in appropriation right may be approved for consecutive or intermittent use.

(3) ~~An~~ *An* authorization for a temporary change in appropriation right may be renewed by the department for a period not to exceed 10 years. Renewal of an authorization for a temporary change in appropriation right requires application to the department by the appropriator. Upon application, the department shall notify other appropriators potentially affected by the renewal and shall allow 30 days for submission of new evidence of adverse effects to other water rights. A temporary change authorization may not be renewed by the department if it determines that the right of an appropriator, other than an appropriator described in subsection (7), is adversely affected.

(ii) during the temporary change renewal process; and

(iii) once during the term of the temporary change permit.

(5) The priority of appropriation for a temporary change in appropriation right is the same as the priority of appropriation of the right that is temporarily changed.

(4) If sufficient funds are available, this section constitutes a valid obligation of funds to the grant recipients listed in subsection (3) for purposes of encumbering the treasure state endowment special revenue account funds received during the 2003 biennium under 17-7-302. However, a grant recipient's entitlement to receive funds is dependent on the grant recipient's compliance with the conditions described in [section 3(1)] and on the availability of funds.

(5) If funds deposited into the treasure state endowment special revenue account during the biennium ending June 30, 2003, are insufficient to fully fund the projects numbered 1 through 31 in subsection (3) that have satisfied the conditions described in [section 3(1)] by June 30, 2003, these projects will be funded from deposits into the treasure state endowment special revenue account made during the 2005 biennium, before projects authorized by the 58th legislature receive funding from the account. However, any of the projects numbered 1 through 31 listed in subsection (3) that have not completed the conditions described in [section 3(1)] by January 1, 2003, must be reviewed by the next regular session of the legislature to determine if the authorized grant should be withdrawn.

(6) Projects numbered 32 through 34 listed in subsection (3) that have satisfied the conditions described in [section 3(1)] may not receive grant funds unless sufficient funds have been deposited into the treasure state endowment special revenue account to fully fund the projects numbered 1 through 31 in subsection (3). However, if a subsequent legislature withdraws funding for any of the projects numbered 1 through 31 listed in subsection (3), those funds could be made available to projects numbered 32 through 34 listed in subsection (3) that have completed the conditions described in [section 3(1)].

(7) In the event that any remaining funds deposited into the treasure state endowment special revenue account are insufficient to fully fund one of the grant recipients listed in subsection (3), the department may make the remaining funds from the treasure state endowment special revenue account available to the grant recipient on condition that the grant recipient is able to firmly commit the balance of the amount necessary to fund the project in its entirety.

Section 2. Approval of grants — completion of appropriation. (1) The legislature, pursuant to 90-6-701, authorizes grants for the projects identified in [section 1(3)].

(2) The authorization of these grants completes an appropriation from the treasure state endowment special revenue account provided for in 17-5-703(4)(c).

Section 3. Conditions and manner of disbursement of grant funds. (1) The disbursement of grant funds under [sections 1 through 3] for the projects specified in [section 1(3)] are subject to completion of the following conditions:

(a) The grant recipient shall execute a grant agreement with the department of commerce.

(b) The scope of work and budget for the project as approved by the department in the grant agreement must be consistent with the intent and circumstances under which the application was originally ranked by the department and approved by the legislature. The department may not approve amendments to the scope of work or budget affecting activities or improvements that would materially alter the intent and circumstances under which the application was originally ranked by the department and approved by the legislature.

(c) The grant recipient must have a project management plan that is approved by the department.

(d) The grant recipient shall document that other matching funds required for completion of the project are firmly committed.

(e) The grant recipient must be in compliance with the auditing and reporting requirements provided for in 2-7-503 and have established a financial accounting system that the department can reasonably ensure conforms to generally accepted accounting principles. Tribal governments shall comply with auditing and reporting requirements provided for in OMB Circular A-133 instead of 2-7-503.

(f) The grant recipient shall satisfactorily comply with any conditions described in the application (project) summaries section of the treasure state endowment program 2003 biennium report to the 57th legislature.

(g) The grant recipient shall satisfy other specific requirements considered necessary by the department to accomplish the purpose of the project as evidenced by the application to the department.

(2) The department shall commit grant funds to projects authorized in the order of priority listed in [section 1(3)] to grant recipients that have met the conditions in subsection (1) as treasure state endowment special revenue account interest income becomes available during the 2003 biennium.

(3) If a grant recipient authorized in [section 1(3)] has not met the conditions in subsection (1), the department shall move down the list of projects in the order of priority listed in [section 1(3)] to the next project that has met the conditions in subsection (1).

(4) The department may not commit grant funds to a grant recipient authorized in [section 1(3)] unless sufficient funds will be available in the treasure state endowment special revenue account.

(5) The department shall disburse grant funds on a reimbursement basis as grant recipients incur eligible project expenses.

(6) In the event that actual project expenses are lower than the projected expense of the project, the department may, at its discretion, reduce the amount of treasure state endowment program grant funds to be provided to grant recipients in proportion to all other project funding sources. In the alternative, the department may authorize the use of the remaining authorized treasure state endowment program grant amount for the construction of additional, directly related components that will further enhance the overall system.

(7) In the event that actual project expenses are lower than the projected expense of a project as presented in the grant recipient's treasure state endowment program application, the department may, at its discretion, reduce the amount of treasure state endowment program grant funds to be provided so that the grant recipient's projected average residential user rates do not become lower than their target rate as determined by the department.

(8) Once Yellowstone County has satisfied the conditions described in subsection (1) and the department has sufficient funds to disperse to Yellowstone County in accordance with this section, the department shall reimburse eligible final engineering- and construction-related expenses that were incurred by Yellowstone County since submitting its application in May 2000.

Section 4. Appropriations from treasure state endowment regional water system special revenue account. Section 5. Approval of funds — completion of appropriation. (1) The legislature, pursuant to 90-6-715, authorizes funds for the regional water authorities identified in [section 4(2)].

(2) The authorization of these funds completes an appropriation from the treasure state endowment regional water system special revenue account provided for in 17-5-703(4)(d).

(b) The regional water authority must have a project management plan that is approved by the department.

(c) The regional water authority shall establish a financial accounting system that the department can reasonably ensure conforms to generally accepted accounting principles.

(d) The regional water authority's project must be authorized by the federal government.

(2) The department shall disburse funds on a reimbursement basis as the regional water authority incurs eligible project expenses. The regional water authority shall document that local matching funds are committed in equal proportion to the department's disbursement.

Section 7. Review of previously authorized project grants. Projects authorized for grants by previous legislatures that have not completed startup conditions are to be notified by the department of commerce that the legislature at the next regular session will review these projects to determine if the commitment of any treasure state endowment grants should be withdrawn.

Section 8. Emergency grants. (1) There is appropriated to the department of commerce $100,000 for the biennium beginning July 1, 2001, from the interest earnings of the treasure state endowment special revenue account for the purpose of providing local governments, as defined in 90-6-701, with emergency grants for infrastructure projects, as defined in 90-6-701.

(2) The projects eligible for emergency grants must be necessary to remedy conditions that if allowed to continue until legislative approval could be obtained would endanger the public health or safety and expose the applicant to substantial financial risk.

(3) The department may not make an emergency grant if it determines that through the implementation of reasonable management practices, the applicant can forestall the risks to health or safety until the legislative approval can be obtained.

(4) The department shall inform the governor and the legislative finance committee of emergency grants that are awarded during the biennium.

Section 9. Conrad emergency drinking water grant. There is appropriated to the department of commerce for a grant to the city of Conrad $100,000 from the interest earnings of the treasure state endowment special revenue account. The grant must be used for the city's drinking water system in order to move the pumping station. The city of Conrad may not receive the funds until it has satisfied the conditions described in [section 3(1)(a) and (1)(c) through (1)(e)]. The status of this project will be reviewed by the legislature as provided under [section 7]. The department shall disburse grant funds on a reimbursement basis as eligible project expenses are incurred.

Section 10. Section 90-6-715, MCA, is amended to read:

(1) (a) Subject to subsection (2), in the case of multiple, undivided interests in a parcel of land, the department shall send the notice of classification and appraisal required by 15-7-102 to a single owner of the land, as provided in this section.

(b) Except as provided in subsection (1)(c), the owners of the land shall provide to the department the name and address of the owner to whom the notice is to be sent and shall notify the department of a change in name or address. If an address is not provided, then the department shall send the notice to the address to which previous notices were sent.

(i) change in ownership;

(ii) change in classification;

(iii) except as provided in subsection (1)(b), change in valuation; or

(iv) addition or subtraction of personal property affixed to the land.

(b) After the first year, the department is not required to mail the notice provided for in subsection (1)(a)(iii) if the change in valuation is the result of an annual incremental change in valuation caused by the phasing in of a reappraisal under 15-7-111 or the application of the exemption under 15-6-201 or caused by an incremental change in the tax rate.

(c) The notice must include the following for the taxpayer's informational purposes:

(i) the total amount of mills levied against the property in the prior year; and

(ii) a statement that the notice is not a tax bill.

(d) Any misinformation provided in the information required by subsection (1)(c) does not affect the validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

(2) (a) Except as provided in subsection (2)(c), the department shall assign each assessment to the correct owner or purchaser under contract for deed and mail the notice of classification and appraisal on a standardized form, adopted by the department, containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of changes over the prior tax year.

(b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in 15-1-402.

(c) The department is not required to mail the notice of classification and appraisal to a new owner or purchaser under contract for deed unless the department has received the transfer certificate from the clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by subsection (2)(a) are mailed. The department shall notify the county tax appeal board of the date of the mailing.

(3) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the market value of the property as determined by the department or with the classification of the land or improvements, the owner may request an assessment review by submitting an objection in writing to the department, on forms provided by the department for that purpose, within 30 days after receiving the notice of classification and appraisal from the department. The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall give reasonable notice to the taxpayer of the time and place of the review. After the review, the department shall determine the correct appraisal and classification of the land or improvements and notify the taxpayer of its determination. In the notification, the department shall state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been determined, the land must be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a review as provided in subsection (3) is held or not, the department may not adjust an appraisal or classification upon the taxpayer's objection unless:

(a) the taxpayer has submitted an objection in writing; and

(b) the department has stated its reason in writing for making the adjustment.

(5) A taxpayer's written objection to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. The department shall make the records available for inspection during regular office hours.

(6) If any property owner feels aggrieved by the classification or appraisal made by the department after the review provided for in subsection (3), the property owner has the right to first appeal to the county tax appeal board and then to the state tax appeal board, whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board must be filed within 30 days after notice of the department's determination is mailed to the taxpayer. A county tax appeal board or the state tax appeal board may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax appeal board or the state tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order."

(b) the tax deed has not been issued pursuant to 15-18-211."

AN ACT PROVIDING THAT SOLID WASTE MANAGEMENT DISTRICT SERVICE CHARGES MAY BE BASED ON A COMBINATION OF WASTE MANAGEMENT FACTORS; ELIMINATING VEHICLE SIZE AS A FACTOR ON WHICH SERVICE CHARGES MAY BE BASED; AMENDING SECTION 7-13-232, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, section 75-10-102(1)(e), MCA, provides that it is the public policy of the state of Montana that "costs for the management and regulation of solid waste management systems should be charged to those persons generating solid waste in order to encourage the reduction of the solid waste stream"; and

WHEREAS, appointed solid waste boards may assess service charges on only one of several factors available to determine usage by persons in a solid waste management district; and

WHEREAS, a fixed assessment on family residential units does not accurately charge all users for waste generated; and

WHEREAS, service charges based on a combination of factors are more equitable to all the users of a solid waste system and promote the greatest reduction in the waste stream.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-13-232, MCA, is amended to read:

(3) (a) Service charges may be assessed per family residential unit or based on*:*

~~the size of a vehicle used to dispose of the waste;~~

(i) the volume or weight of the waste; ~~or~~

(ii) the cost, incentives, or penalties applicable to waste management practices*; or*

(iii) any combination of these factors.

(b) The service charge assessed to a family residential unit in which a home-based business is operated may not exceed the service charge assessed to a family residential unit without a home-based business unless there is a finding by the solid waste management district or joint district that the family residential unit with a home-based business is generating at least 20% more waste than the average for family residential units in the district that do not contain home-based businesses.

(4) The initial rate for any solid waste management district or joint district may not exceed the rate provided in the resolution creating the district.

(5) Fees for mobile home park accounts must be paid by the registered owner of each mobile home in the mobile home park.

(6) A notice of intention to enact a resolution to increase rates must be published as provided in 7-1-4128, and the district shall hold a public hearing prior to the meeting at which the resolution is considered."

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 19] may be cited as the "Montana Title Loan Act".

Section 2. Purpose — rules — scope. (1) The purpose of [sections 1 through 19] is to protect consumers who enter into short-term, high-rate loans with lenders from abuses that occur in the credit marketplace when the lenders are unregulated.

(2) The department may adopt rules to implement the provisions of [sections 1 through 19]. The rules may include but are not limited to rules establishing forms and procedures for licensing, rules pertaining to acceptable practices at a business location, rules establishing disclosure requirements, and rules establishing complaint and hearing procedures.

(3) [Sections 1 through 19] do not apply to banks, savings and loan associations, credit unions, other state or federally regulated financial institutions, or pawn brokers.

Section 3. Definitions. For the purposes of [sections 1 through 19], the following definitions apply:

(1) "Borrower" means the owner of any titled personal property who pledges the property to a title lender pursuant to a title loan agreement.

(10) "Titled personal property" means any personal property the ownership of which is evidenced and delineated by a state-issued certificate of title.

Section 4. Licensure of title lenders. (1) It is unlawful for any person to act as a title lender unless the person has first been licensed by the department.

(2) (a) All title loan agreements entered into by a person who acts in violation of the license requirements of [sections 1 through 19] and all title pledges accepted by the person are void.

(b) Any borrower who enters into a title loan agreement with a person who acts in violation of the provisions of [sections 1 through 19] may not be bound by the terms of the title loan agreement, and the borrower's only liability is for the return of the principal sum borrowed plus interest at the rate set by statute for interest on judgments.

Section 5. Qualifications for licensure. (1) To be eligible for licensure as a title lender, an applicant must be a natural person residing in this state, a business entity formed under the laws of this state, or a foreign business entity qualified to conduct business in this state.

(2) (a) The application for licensure must be in writing, under oath, and in the form prescribed by the department.

(b) The application must contain:

(i) the name of the applicant;

(ii) the date of formation if a business entity;

(iii) the physical address of each title loan office to be operated;

(iv) the name and resident address of the owner or partners or, if a corporation or association, of the directors, trustees, and principal officers; and

(v) any other pertinent information that the department may require.

(3) An applicant for licensure shall pay an application fee of $500, unless less than 6 months remain in the calendar year, in which case the fee is $250, and an annual license renewal fee of $500 for each title loan office that the applicant intends to operate or operates in this state.

(4) (a) Each license must specify the location of the specific title loan office to which it applies and must be conspicuously displayed in the title loan office.

(b) Before any title loan office location may be changed or moved by the title lender, the department shall approve the change of location by endorsing the license for that title loan office or mailing the licensee a new license for that title loan office without charge.

(5) (a) Upon the filing of the application and the payment of the fee by a person eligible to apply for a title lender's license, the department shall issue a license to the applicant to engage in the title loan business in accordance with the provisions of [sections 1 through 19] for a period that expires on the last day of December following the date of its issuance.

(3) A licensee shall make available to a department examiner the information required under [section 9] or as required by rule.

(4) Completion of an annual examination must, in the absence of the department's finding of just cause to revoke or suspend a license, constitute grounds for license renewal.

Section 7. License revocation or suspension. (1) If the department finds, after notice and hearing or opportunity for hearing, as provided in the Montana Administrative Procedure Act, that a licensee or an officer, agent, employee, or representative of the licensee has violated any of the provisions of [sections 1 through 19], has failed to comply with the rules, regulations, instructions, or orders promulgated by the department, has failed or refused to make required reports to the department, or has furnished false information to the department, the department may issue an order revoking or suspending the right of the licensee, directly or through an officer, agent, employee, or representative, to do business in this state as a licensee.

(2) A revocation, suspension, or surrender of a license does not relieve the licensee from civil or criminal liability for acts committed prior to the revocation, suspension, or surrender of the license.

Section 8. Complaint procedure. The department shall maintain a list of licensees that is available to interested persons and to the general public. The department shall also establish by rule a procedure under which an aggrieved consumer or any member of the public may file a complaint against a licensee or an unlicensed person who violates any provision of [sections 1 through 19]. The department may hold hearings, make findings of fact or conclusions of law, issue cease and desist orders, refer the matter to the appropriate law enforcement agency for prosecution for a violation of [sections 1 through 19], seek injunctive or other relief in district court, or revoke or suspend a license granted under [sections 1 through 19].

Section 9. Information and annual reports. (1) Each licensee shall keep books, accounts, and records that will enable the department to determine if the licensee is complying with the provisions of [sections 1 through 19] and shall maintain any other records required by the department. The department is authorized to examine the records at any reasonable time. The records must be kept for 2 years following the last entry on a title loan and must be kept according to generally accepted accounting procedures that include an examiner being able to review the recordkeeping and reconcile each title loan with documentation maintained in the borrower's loan file records.

(2) Each licensee shall file, on forms prescribed by the department, an annual report with the department on or before March 31 for the 12-month period in the preceding year ending as of December 31. The report must disclose in detail and under appropriate headings:

(a) the resources, assets, and liabilities of the licensee at the beginning and the end of the period;

(b) the income, expense, gain, loss, and balance sheets;

(c) the total number of title loans made in the year ending as of December 31 of the previous year;

(d) the total number of title loans outstanding as of December 31 of the previous year; and

(e) verification that the licensee has not used a criminal process or caused a criminal process to be used in the collection of any title loans or used any civil process to collect the payment of title loans not available to title lenders under [sections 1 through 19].

(3) A report must be verified by the oath or affirmation of the owner, manager, or president of the title lender.

(4) (a) If a licensee conducts another business or is affiliated with other licensees under [sections 1 through 19] or if any other situation exists under which allocations of expense are necessary, the licensee shall make the allocation according to appropriate and reasonable accounting principles as approved by the department.

(b) Information about any other business conducted on the same premises where title loans are made must be provided as required by the department.

(5) Each licensee shall file a copy of the disclosure pamphlets described in [section 13] with the department prior to the date of commencement of business at each location, at the time that any changes are made to the pamphlets, and annually upon renewal of the license. These pamphlets must be available to interested parties and to the general public through the department.

Section 10. Title loan requirements — liability of borrower. (1) Any licensed title lender may engage in the business of making loans secured by a certificate of title subject to the provisions of [sections 1 through 19].

(2) Every title loan must be reduced to writing in a title loan agreement. Each title loan agreement must provide that:

(a) the title lender agrees to make a loan of money to the borrower and that the borrower agrees to give the title lender a security interest in unencumbered titled personal property owned by the borrower;

(b) the borrower consents to the title lender keeping possession of the certificate of title;

(c) the borrower has the exclusive right to redeem the certificate of title by repaying the loan of money in full and by complying with the title loan agreement for an agreed period of time;

(d) (i) the title lender may renew the title loan for additional 30-day periods beyond the original term provided that beginning with the sixth extension or continuation, and for each subsequent extension or continuation, the borrower must reduce the principal amount by at least 10% of the original principal amount of the loan; and

(ii) if the borrower fails to reduce the principal amount as required by subsection (2)(d)(i), the title lender may at its option:

(A) declare outstanding principal and any finance charges due and payable; or

(B) solely for the purpose of calculating the finance charge, reduce the amount of the principal balance by 10%, with the understanding that that portion of the principal is still owed by the borrower but that portion of the loan may not accrue interest or finance charges after that date;

(e) when the certificate of title is redeemed, the title lender shall release its security interest in the titled personal property and return the personal property certificate of title

to the borrower;

(f) (i) upon failure of the borrower to redeem the certificate of title at the end of the original 30-day agreement period or at the end of any agreed-upon 30-day renewal or subsequent

renewals, the borrower shall deliver the titled personal property to the title lender at the location specified in the title loan agreement; and

(ii) the borrower shall deliver the titled personal property to the title lender in substantially the same condition that it was in at the time that the borrower entered into the loan, minus normal wear and tear;

(g) if the borrower fails to deliver the titled personal property to the title lender, the title lender must be allowed to take possession of the titled personal property;

(h) upon obtaining possession of the titled personal property, the title lender is authorized to sell the titled personal property and to convey to the buyer good title, subject to the waiting periods provided for in [section 14]; and

(i) a borrower who does not redeem a pledged certificate of title is not personally liable to the title lender to repay principal, interest, or expenses incurred in connection with the title loan and that the title lender shall look solely to the titled personal property for satisfaction of the amounts owed under the title loan agreement.

(3) The security interest provided for in subsection (2)(a) is not perfected unless it is filed in accordance with 23-2-611 or 61-3-103.

(4) Any borrower who obtains a title loan from a title lender under false pretenses by hiding or not disclosing the existence of a valid prior lien or security interest affecting the titled personal property is personally liable to the title lender for the full amount stated in the title loan agreement, including interest and expenses incurred by the title lender in connection with the loan.

Section 11. Interest rates — fees charged — repossession charges. (1) The maximum rate of interest that a title lender shall contract for and must receive for making and carrying any title loan authorized by [sections 1 through 19] may not exceed:

(a) 25% for each 30-day period for the portion of a loan that does not exceed $2,000;

(b) 18% for each 30-day period for the portion of a loan exceeding $2,000 but not exceeding $4,000; and

(c) a 10% percentage rate for each 30-day period, plus fees, on the portion of a loan that exceeds $4,000.

(7) the location where the titled personal property is to be delivered if the certificate of title is not redeemed and the hours that the location is open for receiving deliveries;

(8) that if the titled personal property is sold by the title lender, any proceeds of the sale in excess of the amount owed on the loan and the reasonable costs of repossession must be paid to the borrower;

(9) that any attempt by a borrower to obtain a replacement certificate of title on a motor vehicle during the active term of a loan under [sections 1 through 19] may be a violation of 61-3-204 and may be subject to the penalty provisions of 61-3-601; and

(10) any additional disclosures considered necessary by the department.

Section 13. Required disclosure pamphlet. Before entering into a title loan agreement, the licensee shall deliver to the consumer a pamphlet prepared by or at the direction of the department that:

(1) explains, in simple language, all of the consumer's rights and responsibilities in a title loan transaction;

(2) includes a telephone number to the department's office that handles concerns or complaints by consumers;

(3) informs consumers that the department's office can provide information about whether a lender is licensed and other legally available information; and

Section 14. Redemption of certificate of title — failure to take possession. (1) (a) Except as otherwise provided in [sections 1 through 19], the borrower is entitled to redeem the certificate of title upon timely satisfaction of all outstanding obligations agreed to in the title loan agreement.

(b) Upon expiration or default of a title loan agreement and of the renewal or renewals of the title loan agreement, if any, the title lender shall give written notification to the borrower of the borrower's right to redeem the certificate of title and shall retain possession of the certificate of title for at least 20 days after providing the notification.

(c) If the borrower fails to redeem the certificate of title before the lapse of the 20-day holding period, the borrower shall forfeit all right, title, and interest in and to the titled personal property to the title lender, who acquires an absolute right of title to the titled personal property. The title lender may sell or dispose of the pledged property.

(2) The title lender has, upon default by the borrower of any obligation pursuant to the title loan agreement, the right to take possession of the titled personal property.

(3) In taking possession, the title lender or the title lender's agent may proceed without judicial process if this can be done without breach of the peace or, if necessary, may proceed by judicial process.

(4) If the title lender takes possession of the titled personal property, either personally or through its agent, at any time during the 20-day holding period provided in subsection (1), the title lender shall retain possession, either personally or through its agent, of the titled personal property until the expiration of the 20-day holding period.

(5) If during the 20-day holding period the borrower redeems the certificate of title by paying all outstanding principal, interest, and other fees stated in the title loan agreement and, if applicable, repossession fees and storage fees, the borrower must be given possession of the certificate of title and the titled personal property without further charge.

Section 15. Records of title loan agreements. (1) Each title lender shall keep a consecutively numbered record of each title loan agreement executed. In addition to a copy of the title loan agreement, the record must include the following:

(b) the date of the title loan agreement;

(c) the amount of the loan made pursuant to the title loan agreement;

(d) the date of maturity of the loan; and

(4) (a) The title lender shall keep the numbered record and a copy of a title loan agreement for a period of not less than 2 years from the date of the closing of

the last transaction reflected in the record. The date of the last transaction, as used in this subsection, means, in the case in which a borrower redeemed the pledged certificate of title, the date of the redemption and, in the case in which a borrower does not redeem the pledged certificate of title, the date on which the title lender sells the titled personal property.

(b) A title lender who ceases engaging in the business of making title loans shall keep all records in the title lender's possession for a period of not less than 2 years from the date on which the title lender ceased engaging in the business.

(4) A person engaged in the business of title lending is strictly liable to the borrower for any loss to pledged property in the possession of the title lender but only if the borrower makes a redemption of the pledged property prior to the expiration of the 20-day holding period provided in [section 14].

Section 17. Prohibited acts. (1) A title lender may not:

[HB 609]

AN ACT ALLOWING THE AGRICULTURAL LANDS ADVISORY COMMITTEE MORE DISCRETION IN DETERMINING THE UNDERLYING BASIS FOR ITS RECOMMENDATIONS FOR AGRICULTURAL PRODUCTIVE LAND VALUES FOR PROPERTY TAX PURPOSES; AND AMENDING SECTION 15-7-201, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-7-201, MCA, is amended to read:

"15-7-201. Legislative intent — value of agricultural property. (1) Because the market value of many agricultural properties is based upon speculative purchases that do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land must be classified according to its use, which classifications include but are not limited to irrigated use, nonirrigated use, and grazing use.

(3) Within each class, land must be subclassified by production categories. Production categories are determined from the productive capacity of the land based on yield.

(4) In computing the agricultural land valuation schedules to take effect on the date when each revaluation cycle takes effect pursuant to 15-7-111, the department of revenue shall determine the productive capacity value of all agricultural lands using the formula V = I/R where:

(a) V is the per-acre productive capacity value of agricultural land in each land use and production category;

(b) I is the per-acre net income of agricultural land in each land use and production category and is to be determined as provided in subsection (5); and

(c) R is the capitalization rate and, *unless the advisory committee recommends a different rate and the department adopts the recommended capitalization rate by rule,* is equal to 6.4%. This capitalization rate must remain in effect until ~~new agricultural land valuation schedules are adopted by the department, after considering the recommendations from the advisory committee as provided in subsection (7)~~ *the next revaluation cycle.*

(5) (a) Net income must be determined separately in each land use based on production categories.

(b) Net income must be based on commodity price data, *which may include* grazing fees, crop *and livestock* share arrangements, *cost of production data,* and water cost data for the base period~~, as follows:~~ *using the best available data.*

(i) Commodity price data *and cost of production data* ~~and grazing fees~~ for the base period must be obtained from the Montana Agricultural Statistics, ~~and from~~ the Montana crop and livestock reporting service, *and other sources of publicly available information if considered appropriate by the advisory committee.*

(ii) Crop share *and livestock share* arrangements are based on ~~the rental value of the land~~ *typical agricultural business practices* and average landowner costs.

(iii) Allowable water costs consist only of the per-acre labor costs, energy costs of irrigation, and, *unless the advisory committee recommends otherwise and the department adopts the recommended cost by rule,* a base water cost of $5.50 for each acre of irrigated land. *Total allowable water costs may not exceed $40 for each acre of irrigated land.* ~~Total allowable water costs may not exceed $35 for each acre of irrigated land.~~ Labor and energy costs must be determined as follows:

(A) Labor costs are zero for pivot sprinkler irrigation systems; $4.50 an acre for tow lines, side roll, and lateral sprinkler irrigation systems; and $9 an acre for hand-moved and flood irrigation systems.

(B) Energy costs must be based on per-acre energy costs incurred in the energy cost base year, which is the calendar year immediately preceding the year specified by the department in 15-7-103(5). By July 1 of the year following the energy cost base year, an owner of irrigated land shall provide the department, on a form prescribed by the department, with energy costs incurred in that energy cost base year. In the event that no energy costs were incurred in the energy cost base year, the owner of irrigated land shall provide the department with energy costs from the most recent year available. The department shall adjust the most recent year's energy costs to reflect costs in the energy cost base year.

(c) The base crop for valuation of irrigated land is alfalfa hay, adjusted to 80% of sales price, and the base crop for valuation of nonirrigated land is wheat. The base unit for valuation of grazing lands is ~~the average grazing fee for a 1,000-pound animal~~ *animal unit months (AUM), defined as the average monthly requirement of pasture forage to support a 1,000-pound cow with a calf or its equivalent.*

(d) ~~The~~ *Unless the advisory committee recommends a different base period and the department adopts the recommended base period by rule, the* base period used to determine net income must be the most recent 7 years for which data is available prior to the date the revaluation cycle ends. ~~Commodity price~~ *Unless the advisory committee recommends a different averaging method and the department adopts the recommended averaging method by rule,* data ~~and grazing fees~~ referred to in subsection (5)(b) must be averaged ~~for the 7-year period~~, but the average must exclude the lowest and highest ~~commodity prices or grazing fees~~ *yearly data* in the period.

(6) The department shall compile data and develop valuation manuals adopted by rule to implement the valuation method established by subsections (4) and (5).

(7) The governor shall appoint an advisory committee of persons knowledgeable in agriculture and agricultural economics ~~to compile and review the data required by subsections (4) and (5)~~. The advisory committee shall include one member of the Montana state university-Bozeman, college of agriculture, staff. The advisory committee shall:

(a) compile and review data required by subsections (4) and (5);

(b) recommend to the department any adjustments to data or to landowners' share percentages if required by changes in government agricultural programs, market conditions, or prevailing agricultural practices;

(c) recommend appropriate base periods and averaging methods to the department;

(d) evaluate the appropriateness of the capitalization rate and recommend a rate to the department;

(e) verify for each class of land that the income determined in subsection (5) reasonably approximates that which the average Montana farmer or rancher could have attained; and

(f) recommend agricultural land valuation schedules to the department. With respect to irrigated land, the *recommended* value of irrigated land may not be below the value that the land would have if it were not irrigated."

Be it enacted by the Legislature of the State of Montana:

Section 1. Hard-rock mining reclamation debt service fund. (1) There is a hard-rock mining reclamation debt service fund within the debt service fund type established in 17-2-102.

Section 2. Hard-rock mining reclamation bonds. (1) When authorized by the legislature and within the limits of the authorization and the further limitations established in this section, the board of examiners may issue and sell hard-rock mining reclamation bonds of the state in the amount and manner that it considers necessary and proper to finance legally required reclamation, operation, and maintenance at hard-rock mines upon certification by the director of the department that the reclamation, operation, or maintenance would otherwise not occur because there is no likelihood of getting additional funds from the mine operator and the available surety bond is insufficient. The full faith and credit and taxing powers of the state are pledged for the prompt and full payment of all bonds issued and interest and redemption premiums payable on the bonds according to their terms.

(2) Each series of hard-rock mining reclamation bonds may be issued by the board of examiners upon request of the department, at public or private sale, in the denominations and forms, whether payable to the bearer with attached interest coupons or registered as to principal or as to both principal and interest, with provisions for conversion or exchange and for the issuance of notes in anticipation of the issuance of definitive bonds, bearing interest at a rate or rates, maturing at a rate or rates, maturing at the time or times not exceeding 30 years from the date of issue, subject to optional or mandatory redemption at earlier times and prices and upon notice, with provisions for payment and discharge by the deposit of funds or securities in escrow for that purpose, and payable at the office of the banking institution or institutions within or outside the state, as the board of examiners determines, subject to the limitations contained in 17-5-731 and this section.

(3) In the issuance of each series of hard-rock mining reclamation bonds, the interest rates, maturities, and any mandatory redemption provisions of the bonds must be established in a manner that the funds then specifically pledged and appropriated by law to the hard-rock mining reclamation debt service fund created in [section 1] will, in the judgment of the board of examiners, be received in an amount sufficient in each year to pay all principal, redemption premiums, and interest due and payable in that year with respect to that and all prior series of the bonds, except outstanding bonds as to which the obligation of the state has been discharged by the deposit of funds or securities sufficient for their payment in accordance with the terms of the resolutions by which they are authorized to be issued.

(4) In all other respects, the board of examiners is authorized to prescribe the form and terms of the bonds and notes and shall do whatever is lawful and necessary for their issuance and payment. The bonds, notes, and any interest coupons appurtenant to the bonds and notes must be signed by the members of the board of examiners, and the bonds and notes must be issued under the great seal of the state of Montana. The bonds, notes, and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all the bonds and notes issued and sold.

(5) All proceeds of bonds or notes issued under this section must be deposited in the hard-rock mining reclamation special revenue account created in [section 4].

(6) All actions taken by the board of examiners under this section must be authorized by a vote of a majority of the members.

Section 3. Authorization for sale of hard-rock mining reclamation bonds. The board of examiners is authorized to issue and sell hard-rock mining reclamation general obligation bonds in an amount not exceeding $8 million upon the request of the department, as provided for in [section 2]. Proceeds of the bonds or notes are allocated to the hard-rock mining reclamation special revenue account provided for in [section 4] to fund:

(1) legally required reclamation, operation, and maintenance at hard-rock mines that would otherwise not occur when the director of the department determines that there is no likelihood of getting additional funds from the mine operator and the available surety bond is insufficient; and

(2) the costs of issuing the bonds or notes.

Section 4. Hard-rock mining reclamation special revenue account. (1) There is a hard-rock mining reclamation special revenue account within the state special revenue fund established in 17-2-102. There must be paid into the account:

(a) revenue from the sale of hard-rock mining reclamation bonds issued by the board of examiners pursuant to [sections 2 and 3];

(b) interest income earned on the account; and

(c) excess money transferred from the hard-rock mining reclamation debt service fund as described in [section 1].

(2) Funds may be appropriated from the hard-rock mining reclamation special revenue account for the following purposes only:

(a) state costs of implementing legally required reclamation, operation, and maintenance at hard-rock mines that would otherwise not occur because there is no likelihood of getting additional funds from the mine operator and the available surety bond is insufficient;

(b) state costs of implementing legally required reclamation, operation, and maintenance neither eligible for nor reasonably expected to be reimbursed from other federal or private funds; and

(c) state costs related to the implementation of [sections 1 through 4].

Section 5. Section 15-37-117, MCA, is amended to read:

"**15-37-117. Disposition of metalliferous mines license taxes.** (1) Metalliferous mines license taxes collected under the provisions of this part must, in accordance with the provisions of 15-1-501, be allocated as follows:

(a) to the credit of the general fund of the state, 58% of total collections each year;

(b) to the state special revenue fund to the credit of a hard-rock mining impact trust account, 2.5% of total collections each year;

(c) to the *hard-rock mining reclamation debt service fund created in [section 1]* ~~orphan share state special revenue account established in 75-10-743~~, 8.5% of total collections each year;

(d) to the reclamation and development grants program state special revenue account, 7% of total collections each year; and

(e) on or before June 1, to the county or counties identified as experiencing fiscal and economic impacts, resulting in increased employment or local government costs, under an impact plan for a large-scale mineral development prepared and approved pursuant to 90-6-307, in direct proportion to the fiscal and economic impacts determined in the plan or, if an impact plan has not been prepared, to the county in which the mine is located, 24% of total collections each year, to be allocated by the county commissioners as follows:

(i) not less than 37.5% to the county hard-rock mine trust reserve account established in 7-6-2225; and

(ii) all money not allocated to the account pursuant to subsection (1)(e)(i) to be further allocated as follows:

(A) 33 1/3% is allocated to the county for planning or economic development activities;

(B) 33 1/3% is allocated to the elementary school districts within the county that have been affected by the development or operation of the metal mine; and

(C) 33 1/3% is allocated to the high school districts within the county that have been affected by the development or operation of the metal mine.

(2) When an impact plan for a large-scale mineral development approved pursuant to 90-6-307 identifies a jurisdictional revenue disparity, the county shall distribute the proceeds allocated under subsection (1)(e) in a manner similar to that provided for property tax sharing under Title 90, chapter 6, part 4.

(3) The department shall return to the county in which metals are produced the tax collections allocated under subsection (1)(e). The allocation to the county described by subsection (1)(e) is a statutory appropriation pursuant to 17-7-502."

Section 6. Section 75-10-743, MCA, is amended to read:

"75-10-743. (Temporary) Orphan share state special revenue account — reimbursement of claims — payment of department costs. (1) There is an orphan share account in the state special revenue fund established in 17-2-102 that is to be administered by the department. Money in the account is available to the department by appropriation and must be used to reimburse remedial action costs claimed pursuant to 75-10-742 through 75-10-752 and to pay costs incurred by the department in defending the orphan share.

(2) There must be deposited in the orphan share account:

~~(a) money allocated from the metalliferous mines license tax pursuant to 15-37-117;~~

~~(b)~~*(a)* all penalties assessed pursuant to 75-10-750(12);

~~(c)~~*(b)* funds received from the interest income of the resource indemnity trust fund pursuant to 15-38-202;

~~(d)~~*(c)* funds allocated from the resource indemnity and ground water assessment tax proceeds provided for in 15-38-106;

~~(e)~~*(d)* unencumbered funds remaining in the abandoned mines state special revenue account;

~~(f)~~*(e)* interest income on the account;

~~(g)~~*(f)* funds received from settlements pursuant to 75-10-719(7); and

~~(h)~~*(g)* funds received from reimbursement of the department's orphan share defense costs pursuant to subsection (6).

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the orphan share fund, the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in subsection (8), claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until all remedial actions, except for operation and maintenance, are completed at a facility.

(5) Reimbursement from the orphan share fund must be limited to actual documented remedial action costs incurred after the date of petition provided in 75-10-745. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs.

(6) (a) The department's costs incurred in defending the orphan share must be paid by the persons participating in the allocation under 75-10-742 through 75-10-752 in proportion to their allocated shares. The orphan share fund is responsible for a portion of the department's costs incurred in defending the orphan share in proportion to the orphan share's allocated share, as follows:

(i) If sufficient funds are available in the orphan share fund, the orphan share fund must pay the department's costs incurred in defending the orphan share in proportion to the share of liability allocated to the orphan share.

(ii) If sufficient funds are not available in the orphan share fund, persons participating in the allocation under 75-10-742 through 75-10-752 shall pay all the orphan share's allocated share of the department's costs incurred in defending the orphan share in proportion to each person's allocated share of liability.

(b) A person who pays the orphan share's proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(7) If any money remains in the orphan share fund after June 30, 2005, and after outstanding claims are paid, the money must be deposited in the general fund.

(8) If the lead liable person under /5-10-746 presents evidence to the department that the person cannot complete the remedial actions without partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(9) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process. (Terminates June 30, 2005—sec. 30, Ch. 415, L. 1997.)"

[SB 65]

AN ACT REVISING THE OUT-OF-DISTRICT TUITION LAWS; ELIMINATING MANDATORY TUITION APPROVAL IF THE RESIDENT DISTRICT PROVIDES TRANSPORTATION BUT IS NOT IN THE SAME COUNTY AS THE DISTRICT OF CHOICE; ALLOWING A SCHOOL DISTRICT TO WAIVE TUITION FOR A SPECIFIC GROUP REQUIRED TO PAY TUITION WHILE CHARGING TUITION TO OTHER GROUPS REQUIRED TO PAY; REQUIRING THE COUNTY TRANSPORTATION COMMITTEE TO DETERMINE WHEN GEOGRAPHIC CONDITIONS MAKE IT IMPRACTICAL FOR A CHILD TO ATTEND SCHOOL IN THE DISTRICT OF RESIDENCE; PLACING TUITION PAYMENTS INTO THE OVER-BASE BUDGET OF A SCHOOL DISTRICT; SETTING THE RATE OF TUITION BY STATUTE; AMENDING SECTIONS 20-5-320, 20-5-321, 20-5-323, 20-5-324, 20-9-141, 20-9-212, 20-9-335, AND 20-10-132, MCA; REPEALING SECTION 20-9-334, MCA; AND PROVIDING EFFECTIVE DATES AND APPLICABILITY DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-5-320, MCA, is amended to read:

"**20-5-320. Attendance with discretionary approval.** (1) A child may be enrolled in and attend a school in a Montana school district that is outside of the child's district of residence or a public school in a district of another state or province that is adjacent to the county of the child's residence, subject to discretionary approval by the trustees of the resident district and the district of choice. If the trustees grant discretionary approval of the child's attendance in a school of the district, the parent or guardian may be charged tuition and may be charged for transportation.

(2) (a) Whenever a parent or guardian of a child wishes to have the child attend a school under the provisions of this section, the parent or guardian shall apply to the trustees of the district where the child wishes to attend. The application must be made on an out-of-district attendance agreement form supplied by the district and developed by the superintendent of public instruction.

(b) The attendance agreement must set forth the financial obligations, if any, for tuition and for costs incurred for transporting the child under Title 20, chapter 10.

(c) *(i)* The trustees of the district of choice may waive any or all of the tuition rate~~, but any waiver must be applied equally to all students~~. *The trustees of the district of choice may waive the tuition for all students whose tuition is required to be paid by one type of entity and may charge tuition for all students whose tuition is required to be paid by another type of entity. However, any waiver of tuition must be applied equally to all students whose tuition is paid by the same type of entity.*

(ii) As used in this subsection (2)(c), "entity" means a parent or guardian or the trustees of the district of residence.

(3) An out-of-district attendance agreement approved under this section requires that the parent or guardian initiate the request for an out-of-district attendance agreement and that the trustees of both the district of residence and the district of choice approve the agreement.

(4) If the trustees of the district of choice waive tuition, approval of the resident district trustees is not required.

(5) The trustees of a school district may approve or disapprove the out-of-district attendance agreement consistent with this part and the policy adopted by the local board of trustees for out-of-district attendance agreements.

(6) The approval of an out-of-district attendance agreement by the applicable approval agents or as the result of an appeal must authorize the child named in the agreement to enroll in and attend the school named in the agreement for the designated school year.

(7) The trustees of the district where the child wishes to attend have the discretion to approve any attendance agreement.

(8) This section does not preclude the trustees of a district from approving an attendance agreement for educational program offerings not provided by the resident district, such as the kindergarten or grades 7 and 8 programs, if the trustees of both districts agree to the terms and conditions for attendance and any tuition and transportation requirement. For purposes of this subsection, the trustees of the resident district shall initiate the out-of-district agreement.

(9) (a) A provision of this title may not be construed to deny a parent *or guardian* the right to send a child, at personal expense, to any school of a district other than the resident district when the trustees of the district of choice have approved an out-of-district attendance agreement and the parent *or guardian* has agreed to pay the tuition as prescribed by 20-5-323. However, under this subsection (9), the tuition rate must be reduced by the amount *that* the parent or guardian of the child paid in district ~~and county~~ property taxes during the immediately preceding school fiscal year for the benefit and support of the district in which the child will attend school.

(b) For the purposes of this section, "parent or guardian" includes an individual shareholder of a domestic corporation as defined in 35-1-113 whose shares are 95% held by related family members to the sixth degree of consanguinity or by marriage to the sixth degree of affinity.

(c) The tax amount to be credited to reduce any tuition charge to a parent or guardian under subsection (9)(a) is determined in the following manner:

(i) determine the percentage of the total shares of the corporation held by the shareholder parent or parents or guardian;

(ii) determine the portion of property taxes paid in the preceding school fiscal year by the corporation, parent, or guardian for the benefit and support of the district in which the child will attend school.

(d) The percentage of total shares as determined in subsection (9)(c)(i) is the percentage of taxes paid as determined in subsection (9)(c)(ii) that is to be credited to reduce the tuition charge.

(10) As used in 20-5-320 through 20-5-324, the term "guardian" means the guardian of a minor as provided in Title 72, chapter 5, part 2."

Section 2. Section 20-5-321, MCA, is amended to read:

"**20-5-321. Attendance with mandatory approval — tuition and transportation.** (1) An out-of-district attendance agreement that allows a child to enroll in and attend a school in a Montana school district that is outside of the child's district of residence or in a public school district of a state or province that is adjacent to the county of the child's residence is mandatory whenever:

(a) the child resides closer to the school that the child wishes to attend and more than 3 miles from the school the child would attend in the resident district and~~:~~

~~(i)~~ the resident district does not provide transportation; or

~~(ii) the district of residence provides transportation and is not within the same county as the child's school district of choice;~~

(b) *(i)* the child resides in a location where, due to ~~road or~~ geographic conditions *between the child's home and the school that the child would attend within the district of residence*, it is impractical to attend ~~the~~ school ~~nearest the child's~~ *in the district of* residence, *as determined by the county transportation committee based on the following criteria:*

(A) the length of time that is in excess of the 1-hour limit for each bus trip for an elementary child as authorized under 20-10-121;

(B) whether distance traveled is greater than 40 miles one way from the child's home to school on a dirt road or greater than a total of 60 miles one way from the

child's home to school in the district of residence over the shortest passable route; or

(C) whether the condition of the road or existence of a geographic barrier, such as a river or mountain pass, causes a hazard that prohibits safe travel between the home and school.

(ii) The decision of the county transportation committee is subject to appeal to the superintendent of public instruction, as provided in 20-3-107, but the decision must be considered as final for the purpose of the payment of tuition under 20-5-324(6) until a decision is issued by the superintendent of public instruction. The superintendent of public instruction may review and rule upon a decision of the county transportation committee without an appeal being filed~~;~~.

(c) the child is a member of a family that is required to send another child outside of the elementary district to attend high school and the child of elementary age may more conveniently attend an elementary school where the high school is located, provided that the child resides more than 3 miles from an elementary school in the resident district or that the parent is required to move to the elementary district where the high school is located to enroll another child in high school~~;~~. *A child enrolled in an elementary school pursuant to this subsection (1)(c) may continue to attend the elementary school after the other child has left the high school.*

(d) the child is under the protective care of a state agency or has been adjudicated to be a youth in need of intervention or a delinquent youth, as defined in 41-5-103; or

(e) the child is required to attend school outside of the district of residence as the result of a placement in foster care or a group home licensed by the state.

(2) (a) Whenever a parent or guardian of a child, an agency of the state, or a court wishes to have a child attend a school under the provisions of this section, the parent or guardian, agency, or court shall complete an out-of-district attendance agreement in consultation with an appropriate official of the district *that* the child will attend.

(b) The attendance agreement must set forth the financial obligations, if any, for costs incurred for tuition and transportation as provided in 20-5-323 and Title 20, chapter 10.

(c) *(i)* The trustees of the district of choice may waive any or all of the tuition rate~~, but any waiver must be applied equally to all students~~. *The trustees of the district of choice may waive the tuition for all students whose tuition is required to be paid by one type of entity and may charge tuition for all students whose tuition is required to be paid by another type of entity. However, any waiver of tuition must be applied equally to all students whose tuition is paid by the same type of entity.*

(ii) As used in this subsection (2)(c), "entity" means a parent, guardian, the trustees of the district of residence, or a state agency.

(3) Except as provided in subsection (4), the trustees of the resident district and the trustees of the district of choice shall approve the out-of-district attendance agreement and notify the county superintendent of schools of the county of the child's residence of the approval of the agreement within 10 days. The ~~county superintendent~~ *county superintendent* shall ~~approve the agreement for payment under 20-5-324(5)~~ *approve the agreement for payment under 20-5-324(5).*

(4) Unless the child is a child with a disability who resides in the district, the trustees of the district where the school to be attended is located may disapprove an out-of-district attendance agreement whenever they find that, due to insufficient room and overcrowding, the accreditation of the school would be adversely affected by the acceptance of the child."

Section 3. Section 20-5-323, MCA, is amended to read:

"**20-5-323. Tuition and transportation rates.** (1) Except as provided in subsections ~~(3)~~ *(2)* through (5), whenever a child has approval to attend a school outside of the child's district of residence under the provisions of 20-5-320 or 20-5-321, the ~~basis of the~~ rate of tuition ~~is a flat rate for each of the 15 district-size groupings determined by rule by the superintendent of public instruction by March 15 of each year, using statewide district expenditure and revenue data for the general fund, debt service fund, and retirement fund to determine the average district contribution~~ *charged for a Montana resident student may not exceed 20% of the per-ANB maximum rate established in 20-9-306 for the year of attendance.*

(2) The tuition for a child with a disability must be determined under rules adopted by the superintendent of public instruction for the calculation of tuition for special education pupils.

(3) The tuition rate for out-of-district placement pursuant to 20-5-321(1)(d) and (1)(e) for a student without disabilities who requires a program with costs that exceed the average district costs must be determined as the actual individual costs of providing that program according to the following:

(a) the district of attendance and the district, person, or entity responsible for the tuition payments shall approve an agreement with the district of attendance for the tuition cost; ~~and~~

(b) for a Montana resident student, ~~the average district~~ *80% of the maximum* per-ANB ~~foundation payment amount~~ *rate established in 20-9-306(10),* received in the year for which the tuition charges are calculated must be subtracted from the per-student program costs for a Montana resident student*; and*

(4) When a child attends a public school of another state or province, the amount of daily tuition may not be greater than the average annual cost per student in the child's district of residence. For the purposes of this subsection, the following do not apply:

(a) placement of a child with a disability pursuant to Title 20, chapter 7, part 4;

(b) placement made in a state or province with a reciprocal tuition agreement pursuant to 20-5-314;

(d) out-of-state placement by a state agency.

(5) When a child is placed by a state agency in an out-of-state residential facility, the state agency making the placement is responsible for the education costs resulting from the placement.

(6) The amount, if any, charged for transportation may not exceed the lesser of the average transportation cost per student in the child's district of residence or 21.25 cents per mile. The average expenditures for the district transportation fund for the preceding school fiscal year must be calculated by dividing the transportation fund expenditures by the October 1 enrollment for the preceding fiscal year."

The lien applies to all real and personal property that the obligor can afterward acquire. Except as provided in subsections (5)(a) and (5)(b), the department may not impose a lien under this section upon a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1.

(9) (a) The department may charge interest on the support lien at the rate of 1% per month.

(b) Interest accrues at the close of the business day on the last day of each month and is calculated by multiplying the unpaid balance of the lien, including prior accrued interest existing at the end of the day, by the applicable rate of interest.

(c) A provision of this section may not be construed to require the department to maintain interest balance due accounts. The department may waive interest if waiver would facilitate the collection of the debt.

A recipient who is pregnant, meets the criteria for disability provided in Title II of the Social Security Act, 42 U.S.C. 416, et seq., or is less than 21 years of age is entitled to full medicaid coverage, as provided in 53-6-101.

(6) The department, under the Montana medicaid program, may provide, if a waiver is not available from the federal government, medicaid and other assistance mandated by Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended, and not specifically listed in this part to categories of persons that may be designated by the act for receipt of assistance.

(7) Notwithstanding any other provision of this chapter, medical assistance must be provided to infants and pregnant women whose family income does not exceed 133% of the federal poverty threshold, as provided in 42 U.S.C. 1396a(a)(10)(A)(ii)(IX) and 42 U.S.C. 1396a(l)(2)(A)(i), and whose family resources do not exceed standards that the department determines reasonable for purposes of the program.

(9) A person described in subsection (7) must be provided continuous eligibility for medical assistance, as authorized in 42 U.S.C. 1396a(e)(5) through a(e)(7).

~~(10) The department may establish resource and income standards of eligibility for mental health services that are more liberal than the resource and income standards of eligibility for physical health services. The standards for eligibility for mental health services may provide for eligibility for households not eligible for medicaid with family income that does not exceed 200% of the federal poverty threshold or that does not exceed a lesser amount determined in the discretion of the department. The department may by rule specify under what circumstances deductions for medical expenses should be used to reduce countable family income in determining eligibility. The department may also adopt rules establishing fees, premiums, or copayments to be charged recipients for services. The fees, premiums, or copayments may vary according to family income.~~"

CHAPTER NO. 468

[SB 258]

AN ACT GENERALLY REVISING THE LAWS GOVERNING FAMILY EDUCATION SAVINGS ACCOUNTS; EXCLUDING FROM INCOME THOSE EARNINGS ON ACCOUNTS THAT ARE WITHDRAWN FOR QUALIFIED EXPENSES; IMPOSING A TAX ON CERTAIN WITHDRAWALS FROM ACCOUNTS INSTEAD OF RECAPTURING THE WITHDRAWALS AS INCOME; REQUIRING THAT ACCOUNTS BE OPEN FOR 3 YEARS TO QUALIFY FOR THE BENEFIT OF DEDUCTION OF THE CONTRIBUTION; CLARIFYING ACCESS TO CERTAIN RECORDS CONCERNING ACCOUNTS; REVISING DEFINITIONS TO CONFORM TO FEDERAL LAW; CLARIFYING THE INCOME TAX DEDUCTION FOR CONTRIBUTIONS TO AN ACCOUNT; AUTHORIZING THE USE OF MULTIPLE FINANCIAL INSTITUTIONS OR MULTIPLE INVESTMENT INSTRUMENTS; AMENDING SECTIONS 15-30-111, 15-62-103, 15-62-201, AND 15-62-603, MCA; REPEALING SECTION 15-62-204, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Deductions for contributions. An individual who contributes to an account in a tax year is entitled to reduce the individual's adjusted gross income, in accordance with 15-30-111(8), by the amount of the contribution, but not more than $3,000. The contribution must be made to an account owned by the contributor, the contributor's spouse, the contributor's child, or the contributor's stepchild if the stepchild is a Montana resident.

Section 2. Tax on certain withdrawals of deductible contributions. (1) There is a recapture tax at a rate equal to the highest rate of tax provided in 15-30-103 on the recapturable withdrawal of amounts that reduced adjusted gross income under 15-30-111(8).

(2) For purposes of determining the portion of a recapturable withdrawal that reduced adjusted gross income, all withdrawals must be allocated between income and contributions in accordance with the principles applicable under section 529(c)(3)(A) of the Internal Revenue Code of 1986, 26 U.S.C. 529(c)(3)(A). The portion of a recapturable withdrawal that is allocated to contributions must be treated as derived first from contributions, if any, that did not reduce adjusted gross income, to the extent of those contributions, and then to contributions that reduced adjusted gross income. The portion of any other withdrawal that is allocated to contributions must be treated as first derived from contributions that reduced adjusted gross income, to the extent of the contributions, and then to contributions that did not reduce adjusted gross income.

(3) (a) The recapture tax imposed by this section is payable by the owner of the account from which the withdrawal or contribution was made. The tax liability must be reported on the income tax return of the account owner and is payable with the income tax payment for the year of the withdrawal or at the time that an income tax payment would be due for the year of the withdrawal. The account owner is liable for the tax even if the account owner is not a Montana resident at the time of the withdrawal.

(b) The department may require withholding on recapturable withdrawals from an account that was at one time owned by a Montana resident if the account owner is not a Montana resident at the time of the withdrawal. For the purposes of this subsection (3)(b), amounts rolled over from an account that was at one time owned by a Montana resident must be treated as if the account is owned by a resident of Montana.

(4) For the purposes of this section, all contributions made to accounts by residents of Montana are presumed to have reduced the contributor's adjusted gross income unless the contributor can demonstrate that all or a portion of the contributions did not reduce adjusted gross income. Contributors who claim deductions for contributions shall report on their Montana income tax returns the amount of deductible contributions made to accounts for each designated beneficiary and the social security number of each designated beneficiary.

(5) As used in this section, "recapturable withdrawal" means a withdrawal or distribution that is a nonqualified withdrawal or a withdrawal or distribution from an account that was opened after the later of:

(a) [the effective date of this act]; or

(b) the date that is 3 years prior to the date of the withdrawal or distribution.

(6) The department shall use all means available for the administration and enforcement of income tax laws in the administration and enforcement of this section.

Section 3. Access to records. Information that identifies the contributor, account owner, or designated beneficiary of a family education savings account is exempt from the provisions of 2-6-102 and 2-6-104 and any other provision of law permitting the public inspection or copying of documents. The provisions of this section may not prevent the release of information about a specific designated beneficiary to a higher education institution at which the designated beneficiary is enrolled or to which the designated beneficiary has applied for admission.

Section 4. Section 15-30-111, MCA, is amended to read:

"15-30-111. Adjusted gross income. (1) Adjusted gross income is the taxpayer's federal income tax adjusted gross income as defined in section 62 of the Internal Revenue Code of 1954, 26 U.S.C. 62, as that section may be labeled or amended, and in addition includes the following:

(a) (i) interest received on obligations of another state or territory or county, municipality, district, or other political subdivision of another state, except to the extent that the interest is exempt from taxation by Montana under federal law;

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code of 1986, 26 U.S.C. 852(b)(5), as that section may be amended or renumbered, that are attributable to the interest referred to in subsection (1)(a)(i);

(b) refunds received of federal income tax, to the extent that the deduction of the tax resulted in a reduction of Montana income tax liability;

(c) that portion of a shareholder's income under subchapter S. of Chapter 1 of the Internal Revenue Code of 1954 that has been reduced by any federal taxes paid by the subchapter S. corporation on the income;

(d) depreciation or amortization taken on a title plant as defined in 33-25-105(15);

(e) the recovery during the tax year of an amount deducted in any prior tax year to the extent that the amount recovered reduced the taxpayer's Montana income tax in the year deducted; and

(f) if the state taxable distribution of an estate or trust is greater than the federal taxable distribution of the same estate or trust, the difference between the state taxable distribution and the federal taxable distribution of the same estate or trust for the same tax period.

(2) Notwithstanding the provisions of the federal Internal Revenue Code of 1954, as labeled or amended, adjusted gross income does not include the following, which are exempt from taxation under this chapter:

(a) (i) all interest income from obligations of the United States government, the state of Montana, a county, municipality, or district, or other political subdivision of the state and any other interest income that is exempt from taxation by Montana under federal law;

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code of 1986, 26 U.S.C. 852(b)(5), as that section may be amended or renumbered, that are attributable to the interest referred to in subsection (2)(a)(i);

(b) interest income earned by a taxpayer who is 65 years of age or older in a tax year up to and including $800 for a taxpayer filing a separate return and $1,600 for each joint return;

(A) each taxpayer filing singly, head of household, or married filing separately shall reduce the total amount of the exclusion provided in subsection (2)(c)(i) by $2 for every $1 of federal adjusted gross income in excess of $30,000 as shown on the taxpayer's return;

(B) in the case of married taxpayers filing jointly, if both taxpayers are receiving pension or annuity income or if only one taxpayer is receiving pension or annuity income, the exclusion claimed as provided in subsection (2)(c)(i) must be reduced by $2 for every $1 of federal adjusted gross income in excess of $30,000 as shown on their joint return;

(d) all Montana income tax refunds or tax refund credits;

(e) gain required to be recognized by a liquidating corporation under 15-31-113(1)(a)(ii);

(f) all tips or gratuities that are covered by section 3402(k) or service charges that are covered by section 3401 of the Internal Revenue Code of 1954, 26 U.S.C. 3402(k) or 3401, as amended and applicable on January 1, 1983, received by persons for services rendered by them to patrons of premises licensed to provide food, beverage, or lodging;

(g) all benefits received under the workers' compensation laws;

(h) all health insurance premiums paid by an employer for an employee if attributed as income to the employee under federal law;

(i) all money received because of a settlement agreement or judgment in a lawsuit brought against a manufacturer or distributor of "agent orange" for damages resulting from exposure to "agent orange";

(j) principal and income in a medical care savings account established in accordance with 15-61-201 or withdrawn from an account for eligible medical expenses, as defined in 15-61-102, of the taxpayer or a dependent of the taxpayer or for the long-term care of the taxpayer or a dependent of the taxpayer;

(k) principal and income in a first-time home buyer savings account established in accordance with 15-63-201 or withdrawn from an account for eligible costs, as provided in 15-63-202(7), for the first-time purchase of a single-family residence;

(l) ~~money, not exceeding $3,000 for each taxpayer, contributed to a family education savings program account established in accordance with 15-62-201;~~

~~(m) principal~~ *contributions* withdrawn from ~~an~~ *a family education savings account or earnings withdrawn from a family education savings* account for qualified higher education expenses, as defined in 15-62-103, ~~for~~ *of* a designated beneficiary ~~of the taxpayer~~;

~~(n)~~*(m)* the recovery during the tax year of any amount deducted in any prior tax year to the extent that the recovered amount did not reduce the taxpayer's Montana income tax in the year deducted;

~~(o)~~*(n)* if the federal taxable distribution of an estate or trust is greater than the state taxable distribution of the same estate or trust, the difference between the federal taxable distribution and the state taxable distribution of the same estate or trust for the same tax period; and

~~(p)~~*(o)* income of a dependent child that is included in the taxpayer's federal adjusted gross income pursuant to the Internal Revenue Code. The child is required to file a Montana personal income tax return if the child and taxpayer meet the filing requirements in 15-30-142.

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code of 1954, as those sections may be labeled or amended, is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) A taxpayer receiving retirement disability benefits who has not attained ~~age~~ 65 *years of age* by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(7) Married taxpayers who file a joint federal return and who make an election on the federal return to defer income ratably for 4 tax years because of a conversion from an IRA other than a Roth IRA to a Roth IRA, pursuant to section 408A(d)(3) of the Internal Revenue Code, 26 U.S.C. 408A(d)(3), may file separate Montana income tax returns to defer the full taxable conversion amount from Montana adjusted gross income for the same time period. The deferred amount must be attributed to the taxpayer making the conversion.

(8) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross

income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) of this section do not apply with respect to withdrawals of contributions that reduced adjusted gross income. (Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983.)"

Section 6. Section 15-62-201, MCA, is amended to read:

"**15-62-201. Program requirements — application — establishment of account — qualified and nonqualified withdrawal — penalties.** (1) A person who wishes to deposit money into an account to pay the qualified higher education expenses of a designated beneficiary shall:

(a) complete an application on the form prescribed by the board that includes:

(i) the name, address, and social security number or employer identification number of the contributor;

(d) designate the type of account to be opened if more than one type of account is offered.

(2) A person shall make contributions to an opened account in cash.

(3) An account owner may withdraw all or part of the balance from an account under rules prescribed by the board to enable the board or program manager to determine if a withdrawal is a nonqualified withdrawal or a qualified withdrawal. The rules may require that:

(a) account owners seeking to make a qualified withdrawal or other withdrawal that is not a nonqualified withdrawal shall provide certifications, copies of bills for qualified higher education expenses, or other supporting material;

(b) qualified withdrawals from an account be made only by a check payable jointly to the designated beneficiary and a higher education institution; and

(c) withdrawals not meeting certain requirements be treated as nonqualified withdrawals by the program manager, and if these withdrawals are not nonqualified withdrawals, the account owner shall seek refunds of penalties directly from the board.

(4) If a nonqualified withdrawal is made from an account, an amount equal to 10% of the portion of the proposed withdrawal that would constitute income as determined in accordance with section 529 of the Internal Revenue Code, 26 U.S.C. 529, must be withheld as a penalty and paid to the board for use in operating and marketing the program and for state student financial aid. ~~A nonqualified withdrawal constitutes income for Montana purposes to the extent it was previously deducted from income in calculating Montana individual income taxes.~~

(5) The board, by rule, shall increase the percentage of the penalty prescribed in subsection (4) or change the basis of this penalty if the board determines that the amount of the penalty must be increased to constitute a minimum penalty for purposes of qualifying the program as a qualified state tuition program under section 529 of the Internal Revenue Code, 26 U.S.C. 529.

(6) The board may decrease the percentage of the penalty prescribed in subsection (4) if:

(a) the penalty is greater than is required to constitute a minimum penalty for purposes of qualifying the program as a qualified state tuition program under section 529 of the Internal Revenue Code, 26 U.S.C. 529; or

(b) the penalty, when combined with other revenue generated under this chapter, is producing more revenue than is required to cover the costs of operating and marketing the program and to recover any costs not previously recovered.

(7) If an account owner makes a nonqualified withdrawal and a penalty amount is not withheld pursuant to subsection (4) or the amount withheld was less than the amount required to be withheld under that subsection for nonqualified withdrawals, the account owner shall pay:

(a) the unpaid portion of the penalty to the board at the same time that the account owner files a federal and state income tax return for the taxable year of the withdrawal; or

(b) if the account owner does not file a return, the unpaid portion of the penalty on the due date for federal and state income tax returns, including any authorized extensions.

(8) Each account must be maintained separately from each other account under the program.

(9) Separate records and accounting must be maintained for each account for each designated beneficiary.

(10) A contributor to, account owner of, or designated beneficiary of an account may not direct the investment of any contributions to any account or the earnings generated by the account and may not pledge the interest of an account or use an interest in an account as security for a loan.

(11) If the board terminates the authority of a financial institution to hold accounts and accounts must be moved from that financial institution to another financial institution, the board shall select the financial institution and type of investment to which the balance of the account is moved unless the internal revenue service provides guidance stating that allowing the account owner to select among several financial institutions that are then contractors would not cause a plan to cease to be a qualified state tuition plan.

(12) If there is any distribution from an account to any person or for the benefit of any person during a calendar year, the distribution must be reported to the internal revenue service and the account owner or the designated beneficiary to the extent required by federal law.

(13) The financial institution shall provide statements to each account owner at least once each year within 31 days after the 12-month period to which they relate. The statement must identify the contributions made during a preceding 12-month period, the total contributions made through the end of the period, the value of the account as of the end of this period, distributions made during this period, and any other matters that the board requires be reported to the account owner.

(14) Statements and information returns relating to accounts must be prepared and filed to the extent required by federal or state tax law or by administrative rule.

(15) A state or local government or organizations described in section 501(c)(3) of the Internal Revenue Code, 26 U.S.C. 501(c)(3), may, without designating a designated beneficiary, open and become the account owner of an account to fund scholarships for persons whose identity will be determined after an account is opened."

Section 7. Section 15-62-203, MCA, is amended to read:

"15-62-203. Selection of financial institution as account depository and manager — contract — termination. (1) The board shall implement the program through the use of one or more financial institutions to act as the depository and manager. Under the program, a person may establish accounts at the depository.

(2) The committee shall solicit proposals from financial institutions to act as the depositories and managers of the program. Financial institutions that submit proposals shall describe the financial instruments that will be held in accounts.

(3) On the recommendation of the committee, the board shall select as program depositories and managers the financial institution or institutions from among bidding financial institutions that demonstrate the most advantageous combination, both to potential program participants and to this state, of:

(a) financial stability and integrity;

(b) the safety of the investment instruments being offered, taking into account any insurance provided with respect to these instruments;

(c) the ability of the investment instruments to track estimated costs of higher education as calculated by the board and provided by the financial institution to the account holder;

(d) the ability of the financial institutions, directly or through a subcontract, to satisfy recordkeeping and reporting requirements;

(e) the financial institution's plan for promoting the program and the investment that it is willing to make to promote the program;

(f) the fees, if any, proposed to be charged to persons for maintaining accounts;

(g) the minimum initial deposit and minimum contributions that the financial institution will require and the willingness of the financial institution or its subcontractors to accept contributions through payroll deduction plans and other deposit plans; and

(h) any other benefits to this state or its residents contained in the proposal, including an account opening fee payable to the board by the account owner to cover expenses of operation of the program and any additional fee offered by the financial institution for statewide program marketing by the board.

(4) The board shall enter into a contract with a financial institution or, except as provided in subsection (5), into contracts with financial institutions to serve as depositories and program managers.

(5) The committee may select more than one financial institution ~~and investment for the program if:~~

~~(a) the internal revenue service has provided guidance that giving a contributor a choice of two or more investment instruments under a state plan will not cause the plan to fail to qualify for favorable tax treatment under section 529 of the Internal Revenue Code, 26 U.S.C. 529; and~~

~~(b) the committee concludes that the choice of instrument vehicles is in the best interest of program participants and will not interfere with the promotion of the program.~~ *to serve as depository and program manager. The committee may select more than one kind of investment instrument to be offered through the program. Any decision on the use of multiple financial institutions or multiple investment instruments must take into account:*

(a) the requirements for qualifying as a qualified state tuition program under section 529 of the Internal Revenue Code (26 U.S.C. 529);

(b) differing needs of contributors regarding risk and potential return of investment instruments; and

(c) administrative costs and burdens that may be imposed as the result of the decision.

(6) A program manager or its subcontractor shall:

(a) take action required to keep the program in compliance with its contract or the requirements of this chapter to manage the program so that it is treated as a qualified state tuition plan under section 529 of the Internal Revenue Code, 26 U.S.C. 529;

(b) keep adequate records of each account, keep each account segregated from each other account, and provide the board with the information necessary to prepare statements required by 15-62-201(12) through (14) or file these statements on behalf of the board;

(c) compile and total information contained in statements required to be prepared under 15-62-201(12) through (14) and provide these compilations to the board;

(d) if there is more than one program manager, provide the board with the information to assist the board in determining compliance with rules adopted by the board pursuant to 20-25-902;

(e) provide representatives of the board, including other contractors or other state agencies, access to the books and records of the program manager to the extent needed to determine compliance with the contract. At least once during the term of any contract, the board, its contractor, or the state agency responsible for examination oversight of the program manager shall conduct an examination to the extent needed to determine compliance with the contract.

(f) hold all accounts in trust for the benefit of this state and the account owner.

(7) A person may not circulate any description of the program, whether in writing or through the use of any media, unless the board or its designee first approves the description.

(8) A contract executed between the board and a financial institution pursuant to this section must be for a term of at least 3 years and not more than 7 years.

(9) If a contract executed between the board and a financial institution pursuant to this section is not renewed, at the end of the term of the nonrenewed contract:

(a) accounts previously established and held in investment instruments at the financial institution may not be terminated;

(b) additional contributions may be made to the accounts in existence at the time of nonrenewal of a contract; and

(c) new accounts may not be placed with that financial institution unless a new contract is executed.

(10) The board may terminate a contract with a financial institution at any time for good cause on the recommendation of the committee. If a contract is terminated pursuant to this subsection, the board shall take custody of accounts held at that financial institution and shall seek to promptly transfer the accounts to another financial institution that is selected as a program manager and into investment instruments as similar as possible to the original investments."

[SB 263]

AN ACT CONTINUING THE FUNDING OF THE HERITAGE PRESERVATION AND DEVELOPMENT PROGRAM FROM THE LODGING FACILITY USE TAX; AMENDING SECTION 15-65-121, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-65-121, MCA, is amended to read:

"**15-65-121. (Temporary) Distribution of tax proceeds.** (1) The proceeds of the tax imposed by 15-65-111 must, in accordance with the provisions of 15-1-501, be deposited in an account in the state special revenue fund to the credit of the department. The department may spend from that account in accordance with an expenditure appropriation by the legislature based on an estimate of the costs of collecting and disbursing the proceeds of the tax. Before allocating the balance of the tax proceeds in accordance with the provisions of 15-1-501 and as provided in subsections (1)(a) through (1)(e) of this section, the department shall determine the expenditures by state agencies for in-state lodging for each reporting period and deduct 4% of that amount from the tax proceeds received each reporting period. The amount deducted must be deposited in the fund or funds from which in-state lodging expenditures were paid by state agencies. The amount of $400,000 each year must be deposited in the Montana heritage preservation and development account provided for in 22-3-1004. On July 1, 1997, the amount of $45,000 is transferred to the department of commerce for purposes of a grant to the Fort Peck interpretive center. The balance of the tax proceeds received each reporting period and not deducted pursuant to the expenditure appropriation or deposited in the fund or funds from which in-state lodging expenditures were paid by state agencies or in the Montana heritage preservation and development account is statutorily appropriated, as provided in 17-7-502, and must be transferred to an account in the state special revenue fund to the credit of the department of commerce for tourism promotion and promotion of the state as a location for the production of motion pictures and television commercials, to the Montana historical society, to the university system, and to the department of fish, wildlife, and parks, as follows:

(a) 1% to the Montana historical society to be used for the installation or maintenance of roadside historical signs and historic sites;

(b) 2.5% to the university system for the establishment and maintenance of a Montana travel research program;

(c) 6.5% to the department of fish, wildlife, and parks for the maintenance of facilities in state parks that have both resident and nonresident use;

(d) 67.5% to be used directly by the department of commerce; and

(e) (i) except as provided in subsection (1)(e)(ii), 22.5% to be distributed by the department to regional nonprofit tourism corporations in the ratio of the proceeds collected in each tourism region to the total proceeds collected statewide; and

(ii) if 22.5% of the proceeds collected annually within the limits of a city or consolidated city-county exceeds $35,000, 50% of the amount available for distribution to the regional nonprofit tourism corporation in the region where the city or consolidated city-county is located, to be distributed to the nonprofit convention and visitors bureau in that city or consolidated city-county.

(2) If a city or consolidated city-county qualifies under this section for funds but fails to either recognize a nonprofit convention and visitors bureau or submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds must be allocated to the regional nonprofit tourism corporation in the region in which the city or consolidated city-county is located.

(3) If a regional nonprofit tourism corporation fails to submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds otherwise allocated to the regional nonprofit tourism corporation may be used by the department of commerce for tourism promotion and promotion of the state as a location for the production of motion pictures and television commercials. (Terminates July 1, 2001—sec. 23(3), Ch. 469, L. 1997.)

Before allocating the balance of the tax proceeds in accordance with the provisions of 15-1-501 and as provided in subsections (1)(a) through (1)(e) of this section, the department shall determine the expenditures by state agencies for in-state lodging for each reporting period and deduct 4% of that amount from the tax proceeds received each reporting period. The amount deducted must be deposited in the fund or funds from which in-state lodging expenditures were paid by state agencies. *The amount of $400,000 each year must be deposited in the Montana heritage preservation and development account provided for in 22-3-1004.* The balance of the tax proceeds received each reporting period and not deducted pursuant to the expenditure appropriation, ~~or~~ deposited in the fund or funds from which in-state lodging expenditures were paid by state agencies, *or deposited in the heritage preservation and development account* is statutorily appropriated, as provided in 17-7-502, and must be transferred to an account in the state special revenue fund to the credit of the department of commerce for tourism promotion and promotion of the state as a location for the production of motion pictures and television commercials, to the Montana historical society, to the university system, and to the department of fish, wildlife, and parks, as follows:

(2) If a city or consolidated city-county qualifies under this section for funds but fails to either recognize a nonprofit convention and visitors bureau or submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds must be allocated to the regional nonprofit tourism corporation in the region in which the city or consolidated city-county is located.

CHAPTER NO. 470

[SB 264]

AN ACT ALLOWING ALCOHOL TAXES TO BE USED TO FUND PRIVATE, FOR-PROFIT CHEMICAL DEPENDENCY TREATMENT PROGRAMS AND FOR MEDICAID MATCHING FUNDS FOR ALCOHOLISM AND CHEMICAL DEPENDENCY PROGRAMS; AMENDING SECTIONS 16-1-404, 16-1-406, 16-1-411, 53-24-108, AND 53-24-206, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-1-404, MCA, is amended to read:

"16-1-404. License tax on liquor — amount — distribution of proceeds. (1) The department shall collect at the time of sale and delivery of any liquor under any provisions of the laws of the state of Montana a license tax of:

(a) 10% of the retail selling price on all liquor sold and delivered in the state by a company that manufactured, distilled, rectified, bottled, or processed and that sold more than 200,000 proof gallons of liquor nationwide in the calendar year preceding imposition of the tax pursuant to this section;

(b) 8.6% of the retail selling price on all liquor sold and delivered in the state by a company that manufactured, distilled, rectified, bottled, or processed and that sold not more than 200,000 proof gallons of liquor nationwide in the calendar year preceding imposition of the tax pursuant to this section.

(2) The license tax must be charged and collected on all liquor brought into the state and taxed by the department. The retail selling price must be computed by adding to the cost of the liquor the state markup as designated by the department. The license tax must be figured in the same manner as the state excise tax and is in addition to the state excise tax. The department shall retain in a separate account the amount of the license tax received. The department, in accordance with the provisions of 15-1-501, shall allocate the revenue as follows:

(a) Thirty percent is allocated to the counties according to the amount of liquor purchased in each county to be distributed to the incorporated cities and towns, as provided in subsection (4).

(b) Four and one-half percent is allocated to the counties according to the amount of liquor purchased in each county, and this money may be used for county purposes.

(c) Sixty-five and one-half percent must be deposited in the state special revenue fund to the credit of the department of public health and human services for the treatment, rehabilitation, and prevention of alcoholism *and chemical dependency*.

(3) (a) In the case of purchases of liquor by a retail liquor licensee for use in the licensee's business, the department shall make regulations necessary to apportion that proportion of license tax so generated to the county where the licensed establishment is located, for use as provided in 16-1-405.

(b) The department shall pay quarterly to each county treasurer the proportion of the license tax due each county, in accordance with the provisions of 15-1-501, to be allocated to the incorporated cities and towns of the county. The payments to counties under this section are statutorily appropriated, as provided in 17-7-502.

(4) The license tax proceeds allocated to the county under subsection (2) for use by cities and towns must be distributed by the county treasurer to the incorporated cities and towns within 30 days of receipt from the department. The distribution of funds to the cities and towns must be based on the proportion that the gross sale of liquor in each city or town is to the gross sale of liquor in all of the cities and towns of the county.

(5) The license tax proceeds that are allocated to the department of public health and human services for the treatment, rehabilitation, and prevention of alcoholism *and chemical dependency* must be credited quarterly to the department of public health and human services. The legislature may appropriate a portion of the license tax proceeds to support alcohol *and chemical dependency* programs. The remainder must be distributed as provided in 53-24-206."

Section 2. Section 16-1-406, MCA, is amended to read:

"**16-1-406. Taxes on beer.** (1) A tax of $4.30 per barrel of 31 gallons is imposed on each barrel of beer sold in Montana by a wholesaler. The tax is due at the end of each month from the wholesaler upon beer sold by the wholesaler during that month. The department shall compute the tax due on beer sold in containers other than barrels or in barrels of more or less capacity than 31 gallons.

(2) Each quarter, in accordance with the provisions of 15-1-501, of the tax collected pursuant to subsection (1), an amount equal to:

(a) $1 must be deposited in the state treasury to the credit of the department of public health and human services for the treatment, rehabilitation, and prevention of alcoholism *and chemical dependency*;

(b) 50 cents must be deposited in the state general fund; and

(c) $2.80 must be deposited with the state treasurer to the credit of the incorporated cities and towns beer tax account in the state special revenue fund.

(3) (a) The money in the incorporated cities and towns beer tax account is statutorily appropriated, as provided in 17-7-502, to the department, which shall, monthly, distribute this amount of money to the incorporated cities and towns in the direct proportion that the population of each city and town bears to the total population of all incorporated cities and towns as shown in the latest official federal census as adjusted by the most recent population estimates published by the U.S. bureau of the census. For cities and towns incorporated after the latest official federal census, the census must be determined as of the date of incorporation as evidenced by the certificate of the incorporating officials of that city or town. If a city or town disincorporates, it may not receive any funds under this section and the amount previously distributed to the city or town must be distributed to the remaining incorporated cities and towns. All funds received by cities and towns under this section must be expended for state purposes, such as law enforcement, maintenance of the transportation system, and public health.

(b) The department may adjust population estimates only on the July 1 following the date of publication of the estimates by the U.S. bureau of the census. The adjusted distribution formula must remain in effect for the entire fiscal year."

(2) The tax imposed in subsection (1) must be paid by the table wine distributor by the 15th day of the month following sale of the table wine or hard cider from the table wine distributor's warehouse. Failure to file a tax return or failure to pay the tax required by this section subjects the table wine distributor to the penalties and interest provided for in 15-1-216.

(3) The tax paid by a table wine distributor in accordance with subsection (2) must, in accordance with the provisions of 15-1-501, be distributed as follows:

(a) 59% to the state general fund;

(b) 31% to the state special revenue fund to the credit of the department of public health and human services for the treatment, rehabilitation, and prevention of alcoholism *and chemical dependency*;

(c) 5% is statutorily appropriated, as provided in 17-7-502, to the department for allocation to the counties, based on population, for the purpose established in 16-1-404; and

(d) 5% is statutorily appropriated, as provided in 17-7-502, to the department for allocation to the cities and towns, based on population, for the purpose established in 16-1-405.

(4) The tax computed and paid in accordance with this section is the only tax imposed by the state or any of its subdivisions, including cities and towns.

(5) For purposes of this section, the following definitions apply:

(a) "Based on population" means:

(i) for counties, the direct proportion that the population of each county bears to the total population of all counties as shown in the latest official federal census as adjusted by the most recent population estimates published by the U.S. bureau of the census as provided in 16-1-406; and

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-16-101, MCA, is amended to read:

"15-16-101. Treasurer to publish notice — manner of publication. (1) Within 10 days after the receipt of the property tax record, the county treasurer shall publish a notice specifying:

(a) that one-half of all taxes levied and assessed will be due and payable before 5 p.m. on the next November 30 or within 30 days after the notice is postmarked and that unless paid prior to that time the amount then due will be delinquent and will draw interest at the rate of 5/6 of 1% per month from the time of delinquency until paid and 2% will be added to the delinquent taxes as a penalty;

(b) that one-half of all taxes levied and assessed will be due and payable on or before 5 p.m. on the next May 31 and that unless paid prior to that time the taxes will be delinquent and will draw interest at the rate of 5/6 of 1% per month from the time of delinquency until paid and 2% will be added to the delinquent taxes as a penalty; and

(c) the time and place at which payment of taxes may be made.

(2) *(a)* The county treasurer shall send to the last-known address of each taxpayer a written notice, postage prepaid, showing the amount of taxes and assessments due for the current year and the amount due and delinquent for other years. The written notice must include:

(3) The municipality shall, upon request of the county treasurer, provide the information to be included under subsection ~~(2)(d)~~ *(2)(a)(iv)* ready for mailing.

(4) The notice in every case must be published once a week for 2 weeks in a weekly or daily newspaper published in the county, if there is one, or if there is not, then by posting it in three public places. Failure to publish or post notices does not relieve the taxpayer from any tax liability. Any failure to give notice of the tax due for the current year or of delinquent tax will not affect the legality of the tax.

(5) If the department revises an assessment that results in an additional tax of $5 or less, an additional tax is not owed and a new tax bill does not need to be prepared."

Section 2. Section 15-17-212, MCA, is amended to read:

The form of the notice must be adopted by the department by rule. The notice must have been mailed at least 2 weeks prior to the date of the payment. The person making the payment shall provide proof of the mailing.

~~(5)~~*(6)* The provisions of this section apply to any sale of land for which a treasurer's deed was not issued on or before March 5, 1917, or for which a tax deed was not issued on or before April 23, 1987, and the holder of any certificate described in subsection (1) has the same rights, powers, and privileges with regard to securing a deed as any purchaser of land at a tax sale may now have."

[SB 315]

AN ACT ALLOWING THE MONTANA COMPREHENSIVE HEALTH ASSOCIATION TO ADOPT A SLIDING SCALE OF PREMIUM RATES FOR PARTICIPATION OF LOW-INCOME PERSONS IN THE ASSOCIATION PLANS; AMENDING SECTIONS 33-22-1512 AND 33-22-1513, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 33-22-1512, MCA, is amended to read:

"33-22-1512. Association plan and association portability plan premium. *(1)* The association shall establish the schedule of premiums to be charged eligible persons for membership in the association plan. The schedule of association plan premiums for eligible persons may not exceed 200% of the average premium rates charged by the five insurers or health service corporations with the largest premium amount of individual plans of major medical insurance in force in this state. The schedule of association portability plan premiums for federally defined eligible individuals may not~~, for the period of~~

~~1 year from July 1, 1997, be less than 135% and may not~~ at any time exceed 150% of the average premium rates charged by the five insurers or health service corporations with the largest premium amount of individual plans of major medical insurance in force in this state. The premium rates of the five insurers or health service corporations used to establish the premium rates for each type of coverage offered by the association must be determined by the commissioner from information provided annually at the request of the commissioner. The association shall use generally acceptable actuarial principles and structurally compatible rates.

(2) (a) The association, with the approval of the commissioner, may adopt a reduced premium rate schedule that is equitably proportional to the income level for eligible persons who have an income less than or equal to 150% of the federal poverty level. The association may not adopt a reduced premium rate schedule unless it has secured federal or private funding specifically for that purpose and limits participation to the available funding.

(b) The association, with the approval of the commissioner, may adopt as many income categories as it finds necessary.

(c) Any person who qualifies for coverage under this section may apply to the association for a reduced premium. However, eligible persons with coverage in the traditional association plan must receive first priority for reduced premiums. By agreement of the association and the commissioner, reduced premiums may be made available to persons eligible for the portability plan.

(d) The association may grant as many reduced premiums as funding sources allow but may not increase overall premium rates to subsidize the reduced premium rate schedule. The association may limit the number of people receiving reduced premiums when funds are not available and may establish a waiting list for reduced premiums, if necessary."

Section 2. Section 33-22-1513, MCA, is amended to read:

"33-22-1513. Operation of association plan and association portability plans. (1) Upon acceptance by the lead carrier under 33-22-1516, an eligible person may enroll in the association plan by payment of the association plan premium to the lead carrier.

(2) Upon application by a federally defined eligible individual to the lead carrier for an association portability plan, the association may not:

(a) decline to offer an association portability plan; or

(b) impose a preexisting condition exclusion with respect to an individual's association portability plan coverage if application for association portability plan coverage is made within 63 days following termination of the applicant's most recent prior creditable coverage.

(3) Not less than 88% of the association plan premiums paid to the lead carrier may be used to pay claims and not more than 12% may be used for payment of the lead carrier's direct and indirect expenses as specified in 33-22-1514.

(4) Any income in excess of the costs incurred by the association in providing reinsurance or administrative services must be held at interest and used by the association to offset past and future losses ~~due to~~ *because of* claims expenses of the association plan and the association portability plan or be allocated to reduce association plan premiums.

(5) (a) Each participating member of the association shall share the losses ~~due to~~ *because of* claims expenses of the association plan and the association portability plan for plans issued or approved for issuance by the association and shall share in the operating and administrative expenses incurred or estimated to be incurred by the association incident to the conduct of its affairs in the following manner:

(i) Each participating member of the association must be assessed by the association on an annual basis an amount equal to 1% of the association member's total disability insurance premium received from or on behalf of Montana residents as determined by the commissioner. Assessments made under this subsection (5)(a) or funds from any other source must be allocated to the association plan and the association portability plan in proportion to the needs of the two plans. If the needs of the association plan and the association portability plan exceed the funds generated by the 1% assessment, the association is then authorized to spend any funds appropriated by the legislature for the support of the plans. *Any appropriation to the association may be expended for the operation of the association plan or the association portability plan.*

(ii) The association may abate, in whole or in part, the 1% assessment if the needs of the association plan and the association portability plan do not require the funds generated by the full 1% assessment. The commissioner shall approve any abatement of the 1% assessment.

(iii) Payment of an assessment is due within 30 days of receipt by a member of a written notice of the annual assessment. Failure by a contributing member to tender the association assessment within the 30-day period is grounds for termination of membership. A member terminated for failure to tender the association assessment is ineligible to write health care benefit policies or contracts in this state under 33-22-1503(2).

(iv) An associate member that ceases to do disability insurance business within the state remains liable for assessments through the calendar year in which the member ceased doing disability insurance business. The association may decline to levy an assessment against an association member if the assessment, as determined pursuant to this section, would not exceed $10.

(b) For purposes of this subsection (5), "total disability insurance premium" does not include premiums received from disability income insurance, credit disability insurance, disability waiver insurance, life insurance, medicare risk or other similar medicare health maintenance organization payments, or medicaid health maintenance organization payments.

(c) Any income in excess of the incurred or estimated claims expenses of the association plan and the association portability plan and the operating and administrative expenses of the association must be held at interest and used by the association to offset past and future losses ~~due to~~ *because of* claims expenses of the association plan and the association portability plan or be allocated to reduce association plan premiums.

(6) The proportion of the annual assessment allocated to the operation and expenses of the association plan may be offset by an association member against the premium tax payable by that association member pursuant to 33-2-705 for the year in which the annual assessment is levied. The ~~insurance~~ commissioner shall report to the office of budget and program planning, as a part of the information required by 17-7-111, the total amount of premium tax offset

claimed by association members during the preceding biennium. The proportion of the annual assessment allocated to the operation and expenses of the association portability plan and levied against an association member may not be offset against the premium tax payable by that association member."

The resulting budget constitutes the final budget and the appropriations for the district for the current school fiscal year.

(2) Except as provided in subsection (3), the trustees and all officers and employees of the district are limited in making expenditures or incurring liabilities to the total amount of each fund's budget. Transfers from any appropriation item to another appropriation item within a fund's budget *or transfers between different funds or between the final budget and a budget amendment* may be made as provided by 20-9-208. Except as provided in subsection (3), money of the district may not be used to pay expenditures made, liabilities incurred, or warrants issued in excess of the final budget established for each budgeted fund.

(3) If a district incurs a legal bonded debt payment after the final debt service fund budget for the current fiscal year has been adopted and if payment on the debt is required for the current fiscal year, payment on the debt in the current school fiscal year is allowed if money is available."

Transfers may not be made with funds approved by the voters or with funds raised by a nonvoted levy unless the transfer is within or directly related to the purposes for which the funds were raised. Before a transfer can occur, the trustees shall hold a properly noticed hearing to accept public comment on the transfer.

(ii) Unless otherwise authorized by a specific provision in this title, transfers from the general fund to any other fund and transfers to the general fund from any other fund are prohibited.

Section 10. Legislative consent. The appropriations authorized in [section 2] constitute legislative consent for the capital projects contained in [section 2] within the meaning of 18-2-102.

Section 11. Legislative intent to increase maintenance funding. It is the intent of the 57th legislature that the department of administration and the office of budget and program planning make a payment of $665,000 a year of debt service from the general fund instead of the long-range building account on the 1996D bond issue, the 1997B bond issue, and the 1999C bond issue and increase the general fund statutory appropriation for debt service by a like amount. (2) The total amount of loans made pursuant to 17-6-309(2) or 17-6-317 may not exceed $50 million, and a single loan may not be less than $250,000. Except for a loan made pursuant to 17-6-317, a loan may not exceed $16,666 for each job that is estimated to be created. In determining the size of a loan made pursuant to 17-6-309(2), the board shall consider:

~~(a)~~*(a)* the estimated number of jobs to be created by the project within a 4-year period from the time that the loan is made and the impact of the jobs on the state and the community where the project will be located;

~~(b)~~*(b)* the long-term effect of corporate and personal income taxes estimated to be paid by the business and its employees;

~~(c)~~*(c)* the current and projected ability of the community to provide necessary infrastructure for economic and community development purposes;

~~(d)~~*(d)* the amount of increased salaries, wages, and business incomes of existing jobholders and businesses; and

State participation in loans.** (1) Subject to 17-6-311~~(4)~~, state participation in any loan to a business enterprise, except for a loan made pursuant to 17-6-317 or guaranteed by a federal agency, must be limited to 80% of the outstanding loan. The state shall participate in the security for a loan in the same proportion as the loan participation amount.

(2) The purchase of debentures issued by a capital company is not a loan participation and is not subject to subsection (1).

(3) State participation in loans to nonprofit corporations may qualify for the job credit interest rate reductions under 17-6-318 if the interest rate reduction passes through to a for-profit business creating the jobs."

Section 4. Section 17-6-318, MCA, is amended to read:

"**17-6-318. Job credit interest rate reduction for business loan ~~participations~~ *participation*.** (1) A borrower who uses the proceeds of a business loan participation funded under the provisions of this part to create jobs employing Montana residents is entitled to a job credit interest rate reduction for each job created ~~over a 2-year period~~ to employ a Montana resident. A borrower who ~~used~~ *uses* the proceeds of a loan made pursuant to 17-6-309(2) to create jobs is entitled to a job credit interest rate reduction for each job created ~~in the 4-year period provided for in 17-6-311(4)(a). The date of the formal written interim or permanent loan application to the financial institution will be used as a beginning date for counting the number of jobs created. The job credit interest rate reduction may not apply to a loan participation of more than 1% of the total of the permanent coal tax trust fund determined at the end of the last completed fiscal year.~~ The job credit interest rate reduction is equal to 0.05% for each job created to employ a Montana resident, up to a maximum interest rate reduction of 2.5%.

(2) If the salary or wage of the job created:

(a) exceeds the average weekly wage, as defined in 39-71-116, the amount of the job credit interest rate reduction may be increased proportionately for each increment of 25% above the average weekly wage to a maximum of two times the average weekly wage; or

(b) is less than the average weekly wage, as defined in 39-71-116, the job credit interest rate reduction is reduced proportionately for each 25% increment below the average wage.

(3) A job credit interest rate reduction may not be allowed for a job created by the borrower using the proceeds of the loan for which the salary or wage is less than the minimum wage provided for in 39-3-409.

(4) A job credit may not be given unless one whole job is created.

(5) To qualify for the job credit interest rate reduction, the borrower shall provide satisfactory evidence of the creation of jobs and *shall* make *a written* application ~~in writing,~~ *to the board* through its financial institution *or, in the case of a loan made pursuant to 17-6-309(2), shall make a written application directly* to the board ~~when the loan is delivered to the board or not later than 45 days after the applicable anniversary dates of the loan~~."

Section 5. Section 17-6-321, MCA, is amended to read:

"**17-6-321. Audits.** ~~(1) At least once each year, the bank examiners of the department shall examine loans and investments of the board. The actual cost of this examination must be paid from the board's funds.~~

Section 1. Section 82-4-303, MCA, is amended to read:

"**82-4-303. Definitions.** As used in this part, unless the context indicates otherwise, the following definitions apply:

(1) "Abandonment of surface or underground mining" may be presumed when it is shown that continued operation will not resume.

(2) "Amendment" means a change to an approved operating or reclamation plan. A major amendment is an amendment that may significantly affect the human environment. A minor amendment is an amendment that will not significantly affect the human environment.

(3) "Board" means the board of environmental review provided for in 2-15-3502.

(4) "Cyanide ore-processing reagent" means cyanide or a cyanide compound used as a reagent in leaching operations.

The term includes the area from which the overburden, tailings, waste materials, or minerals have been removed and tailings ponds, waste dumps, roads, conveyor systems, *load-out facilities*, leach dumps, and all similar excavations or coverings that result from the operation and that have not been previously reclaimed under the reclamation plan.

(7) "Exploration" means:

(a) all activities that are conducted on or beneath the surface of lands and that result in material disturbance of the surface for the purpose of determining the presence, location, extent, depth, grade, and economic viability of mineralization in those lands, if any, other than mining for production and economic exploitation; and

(b) all roads made for the purpose of facilitating exploration, except as noted in 82-4-310.

(8) "Mineral" means any ore, rock, or substance (other than oil, gas, bentonite, clay, coal, sand, gravel, peat, soil materials, or uranium) that is taken from below the surface or from the surface of the earth for the purpose of milling, concentration, refinement, smelting, manufacturing, or other subsequent use or processing or for stockpiling for future use, refinement, or smelting.

(9) "Mining" commences when the operator first mines ores or minerals in commercial quantities for sale, beneficiation, refining, or other processing or disposition or first takes bulk samples for metallurgical testing in excess of aggregate of 10,000 short tons.

(10) "Ore processing" means milling, heap leaching, flotation, vat leaching, or other standard hard-rock mineral concentration processes.

(11) "Person" means any person, corporation, firm, association, partnership, or other legal entity engaged in exploration for or mining of minerals on or below the surface of the earth, reprocessing of tailings or waste materials, or operation of a hard-rock mill.

(a) a statement of the proposed subsequent use of the land after reclamation;

(b) plans for surface gradient restoration to a surface suitable for the proposed subsequent use of the land after reclamation is completed and the proposed method of accomplishment;

(c) the manner and type of revegetation or other surface treatment of disturbed areas;

(d) procedures proposed to avoid foreseeable situations of public nuisance, endangerment of public safety, damage to human life or property, or unnecessary damage to flora and fauna in or adjacent to the area;

(e) the method of disposal of mining debris;

(f) the method of diverting surface waters around the disturbed areas when necessary to prevent pollution of those waters or unnecessary erosion;

(g) the method of reclamation of stream channels and stream banks to control erosion, siltation, and pollution;

(i) a time schedule for reclamation that meets the requirements of 82-4-336.

(15) (a) "Small miner" means a person, firm, or corporation that engages in mining activity that is not exempt from this part pursuant to 82-4-310, that engages in the business of reprocessing of tailings or waste materials, or, except as provided in 82-4-310, that knowingly allows other persons to engage in mining activities on land owned or controlled by the person, firm, or corporation; that does not hold an operating permit under 82-4-335 except for a permit issued under 82-4-335(2) or a permit that meets the criteria of subsection (15)(c); and that conducts:

(i) an operation that results in not more than 5 acres of the earth's surface being disturbed and unreclaimed; or

(ii) two operations that disturb and leave unreclaimed less than 5 acres for each operation if the respective mining properties are:

(A) the only operations engaged in by the person, firm, or corporation; and

(B) at least 1 mile apart at their closest point.

(b) For the purpose of this definition only, the department shall, in computing the area covered by the operation:

(i) exclude access or haulage roads that are required by a local, state, or federal agency having jurisdiction over that road to be constructed to certain specifications if that public agency notifies the department in writing that it desires to have the road remain in use and will maintain it after mining ceases; and

(ii) exclude access roads for which the person, firm, or corporation submits a bond to the department in the amount of the estimated total cost of reclamation along with a description of the location of the road and the specifications to which it will be constructed.

(c) A small miner may hold an operating permit that allows disturbance of 100 acres or less. The permit may be amended to add new disturbance areas, but the total area permitted for disturbance may not exceed 100 acres at any time.

(17) (a) "Surface mining" means all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits exposed, including but not limited to open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and all similar methods by which earth or minerals exposed at the surface are removed in the course of mining.

(b) Surface mining does not include the extraction of oil, gas, bentonite, clay, coal, sand, gravel, peat, soil materials, or uranium or excavation or grading conducted for onsite farming, onsite road construction, or other onsite building construction.

(18) "Underground mining" means all methods of mining other than surface mining.

(19) "Unit of surface-mined area" means that area of land and surface water included within an operating permit actually disturbed by surface mining during each 12-month period of time, beginning at the date of the issuance of the permit. The term includes the area from which overburden or minerals have been removed, the area covered by mining debris, and all additional areas used in surface mining or underground mining operations that by virtue of mining use are susceptible to erosion in excess of the surrounding undisturbed portions of land.

(20) "Vegetative cover" means the type of vegetation, grass, shrubs, trees, or any other form of natural cover considered suitable at time of reclamation."

Section 2. Section 82-4-311, MCA, is amended to read:

"**82-4-311. Hard-rock mining and reclamation account.** All fees, fines, penalties, and other uncleared money that has been or will be paid to the department under the provisions of this part must be placed in the state special revenue fund in the state treasury and credited to a special *interest-bearing* account that is designated as the hard-rock mining and reclamation account. *All accrued interest on the account must be credited to the hard-rock mining and reclamation account.* This account is available to the department by appropriation and may be expended for the research, reclamation, and revegetation of land and the rehabilitation of water affected by any mining operations. Any unencumbered and any unexpended balance of this account remaining at the end of a fiscal year does not lapse but must be carried forward for the purposes of this section until expended or until appropriated by subsequent legislative action."

Section 3. Section 82-4-331, MCA, is amended to read:

"**82-4-331. Exploration license required — employees included — limitation.** (1) A person may not engage in exploration in the state without first obtaining an exploration license from the department. A license must be issued for a period of 1 year from *the* date of issue and is renewable from year to year on application. An application for renewal must be filed within 30 days preceding the expiration of the current license and be accompanied by payment of a *$25 renewal* fee ~~as required for a new license~~. A license may not be renewed if the applicant for renewal is in violation of any provision of this part. A license is subject to suspension and revocation as provided by this part.

(2) Employees of persons holding a valid license under this part are included in and covered by the license.

(3) A person may not be issued an exploration license if:

(a) that person's failure, *or the failure of any firm or business association of which that person was a principal or controlling member,* to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in *either* the ~~forfeiture~~ *receipt* of a bond *proceeds by the department or the completion of reclamation by the person's surety or by the department*~~, unless that person meets the conditions described in 82-4-360~~*, unless that person meets the conditions described in 82-4-360*;

(b) that person has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) that person has failed to post a reclamation bond required by 82-4-305~~, unless the department has certified that the area for which the bond should have~~

~~been posted has been reclaimed by that person or reclaimed by the department and the person has reimbursed the department for the cost of the reclamation~~; *or*

(d) that person has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of *the* abatement."

Section 4. Section 82-4-332, MCA, is amended to read:

"**82-4-332. Exploration license.** (1) An exploration license ~~shall~~ *must* be issued to any applicant ~~therefor~~ who ~~shall~~:

(c) *is* not ~~be~~ in default of any other reclamation obligation under this law.

(2) An application for an exploration license ~~shall~~ *must* be made in writing, notarized, and submitted to the department in duplicate upon forms prepared and furnished by it. The application ~~shall~~ *must* include an exploration map or sketch in sufficient detail to locate the area to be explored and to determine whether significant environmental problems would be encountered. The board shall by rule determine the precise nature of ~~such~~ *the* exploration map or sketch. The applicant ~~must~~ *shall* state what type of prospecting and excavation techniques will be employed in disturbing the land.

(3) Prior to the issuance of an exploration license, the applicant shall file with the department a reclamation and revegetation bond in a form and amount as determined by the department in accordance with 82-4-338.

(4) In the event that the holder of an exploration license desires to mine the area covered by the exploration license and has fulfilled all of the requirements for an operating permit, the department shall allow the postponement of the reclamation of the acreage explored if that acreage is incorporated into the complete reclamation plan submitted with the application for an operating permit. Any land actually affected by exploration or excavation under an exploration license and not covered by the operating reclamation plan ~~shall~~ *must* be reclaimed within 2 years after the completion of exploration or abandonment of the site in a manner acceptable to the department."

Section 5. Section 82-4-335, MCA, is amended to read:

"**82-4-335. Operating permit — limitation — fees.** (1) A person may not engage in mining, ore processing, or reprocessing of tailings or waste material, construct or operate a hard-rock mill, use cyanide ore-processing reagents or other metal leaching solvents or reagents, or disturb land in anticipation of those activities in the state without first obtaining an operating permit from the department. A separate operating permit is required for each complex.

(2) A small miner who intends to use a cyanide ore-processing reagent or other metal leaching solvents or reagents shall obtain an operating permit for that part of the small miner's operation where the cyanide ore-processing reagent or other metal leaching solvents or reagents will be used or disposed of.

(3) Prior to receiving an operating permit from the department, a person shall pay the basic permit fee of ~~$25~~ *$500*. The department may require a person who is applying for a permit pursuant to subsection (1) to pay an additional fee not to exceed the actual amount of contractor and employee expenses beyond the

normal operating expenses of the department whenever those expenses are reasonably necessary to provide for timely and adequate review of the application, including any environmental review conducted under Title 75, chapter 1, parts 1 and 2. The board may further define these expenses by rule. Whenever the department determines that an additional fee is necessary and the additional fee will exceed $5,000, the department shall notify the applicant that a fee must be paid and submit to the applicant an itemized estimate of the proposed expenses. The department shall provide the applicant an opportunity to review the department's estimated expenses. The applicant may indicate which proposed expenses the applicant considers duplicative or excessive, if any.

(4) The person shall submit an application on a form provided by the department, which must contain the following information and any other pertinent data required by rule:

(a) the name and address of the operator and, if a corporation or other business entity, the name and address of its officers, directors, owners of 10% or more of any class of voting stock, partners, and the like and its resident agent for service of process, if required by law;

(f) the names and addresses of the owners of record and any purchasers under contracts for deed of the surface of the land within the permit area and the owners of record and any purchasers under contracts for deed of all surface area within one-half mile of any part of the permit area, provided that the department is not required to verify this information;

(g) the names and addresses of the present owners of record and any purchasers under contracts for deed of all minerals in the land within the permit area, provided that the department is not required to verify this information;

(h) the source of the applicant's legal right to mine the mineral on the land affected by the permit, provided that the department is not required to verify this information;

(i) the types of access roads to be built and manner of reclamation of road sites on abandonment;

(j) a plan that will provide, within limits of normal operating procedures of the industry, for completion of the operation;

(k) ground water and surface water hydrologic data gathered from a sufficient number of sources and length of time to characterize the hydrologic regime;

(l) a plan detailing the design, operation, and monitoring of impounding structures, including but not limited to tailings impoundments and water reservoirs, sufficient to ensure that the structures are safe and stable:

(m) a plan identifying methods to be used to monitor for the accidental discharge of objectionable materials and remedial action plans to be used to control and mitigate discharges to surface or ground water; and

(n) an evaluation of the expected life of any tailings impoundment or waste area and the potential for expansion of the tailings impoundment or waste site.

(5) Except as provided in subsection (7), the permit provided for in subsection (1) for a large-scale mineral development as defined in 90-6-302 must be conditioned to provide that activities under the permit may not commence until the impact plan is approved under 90-6-307 and until the permittee has provided a written guarantee to the department and to the hard-rock mining impact board of compliance within the time schedule with the commitment made in the approved impact plan, as provided in 90-6-307. If the permittee does not comply with that commitment within the time scheduled, the department, upon receipt of written notice from the hard-rock mining impact board, shall suspend the permit until it receives written notice from the hard-rock mining impact board that the permittee is in compliance.

(6) When the department determines that a permittee has become or will become a large-scale mineral developer pursuant to 82-4-339 and 90-6-302 and provides notice as required under 82-4-339, within 6 months of receiving the notice, the permittee shall provide the department with proof that the permittee has obtained a waiver of the impact plan requirement from the hard-rock mining impact board or that the permittee has filed an impact plan with the hard-rock mining impact board and the appropriate county or counties. If the permittee does not file the required proof or if the hard-rock mining impact board certifies to the department that the permittee has failed to comply with the hard-rock mining impact review and implementation requirements in Title 90, chapter 6, parts 3 and 4, the department shall suspend the permit until the permittee files the required proof or until the hard-rock mining impact board certifies that the permittee has complied with the hard-rock mining impact review and implementation requirements.

(7) Compliance with 90-6-307 is not required for exploration and bulk sampling for metallurgical testing when the aggregate samples are less than 10,000 tons.

(8) A person may not be issued an operating permit if:

(a) that person's failure, *or the failure of any firm or business association of which that person was a principal or controlling member,* to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in *either* the ~~forfeiture~~ *receipt* of a bond *proceeds by the department or the completion of reclamation by the person's surety or by the department*~~, unless that person meets the conditions described in 82-4-360~~*, unless that person meets the conditions described in 82-4-360*;

(b) that person has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) that person has failed to post a reclamation bond required by 82-4-305~~, unless the department has certified that the area for which the bond should have been posted has been reclaimed by that person or reclaimed by the department and the person has reimbursed the department for the cost of the reclamation~~; *or*

(d) that person has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of abatement.

(9) A person may not be issued a permit under this part unless, at the time of submission of a bond, the person provides the current information required in subsection (4)(a) and:

(a) (i) certifies that the person is not currently in violation in this state of any law, rule, or regulation of this state or of the United States pertaining to air quality, water quality, or mined land reclamation; or

(ii) presents a certification by the administering agency that the violation is in the process of being corrected to the agency's satisfaction or is the subject of a bona fide administrative or judicial appeal; and

(b) if the person is a partnership, corporation, or other business association, provides the certification required by subsection (9)(a)(i) or (9)(a)(ii), as applicable, for any partners, officers, directors, owners of 10% or more of any class of voting stock, and business association members."

Section 6. Section 82-4-338, MCA, is amended to read:

"**82-4-338. Performance bond.** (1) The applicant shall file with the department a bond payable to the state of Montana with surety satisfactory to the department in the sum to be determined by the department of not less than $200 for each acre or fraction of an acre of the disturbed land, conditioned upon the faithful performance of the requirements of this part, the rules of the board, and the permit. In lieu of a bond, the applicant may file with the department a cash deposit, an assignment of a certificate of deposit, *an irrevocable letter of credit,* or other surety acceptable to the department. The bond may not be less than the estimated cost to the state to ensure compliance with *Title 75, chapters 2 and 5,* this part, the rules, and the permit, including the potential cost of department management, operation, and maintenance of the site upon temporary or permanent operator insolvency or abandonment, until full bond liquidation can be effected. A public or governmental agency may not be required to post a bond under the provisions of this part. A blanket performance bond covering two or more operations may be accepted by the department. A blanket bond must adequately secure the estimated total number of acres of disturbed land.

(2) (a) The department may calculate one or more reclamation plan components within its jurisdiction with the assistance of one or more third-party contractors selected jointly by the department and the applicant and compensated by the applicant when, based on relevant past experience, the department determines that additional expertise is necessary to calculate the bond amount for reclamation plan components. The department may contract for assistance pursuant to this subsection in determining bond amounts for the initial bond and for any subsequent bond review and adjustment. The mine owner is responsible for the first $5,000 in contractor services provided under this subsection. The mine owner and the department are each responsible for 50% of any amount over $5,000.

(b) To select a third-party contractor as authorized in subsection (2)(a), the department shall prepare a list of no fewer than four contractors acceptable to the department and shall provide the applicant with a copy of the list. The applicant shall provide the department with a list of at least 50% of the contractors from the department's list. The department shall select its contractor from the list provided by the applicant.

~~(2)~~*(3)* *(a)* The department shall conduct an overview of the amount of each bond annually and shall conduct a comprehensive bond review at least every 5 years. The department may conduct additional comprehensive bond reviews if, after modification of the reclamation or operation plan, an annual overview, or an inspection of the permit area, the department determines that an increase of the bond level may be necessary. The department shall consult with the licensee or permittee if the review indicates that the bond level should be adjusted. When determined by the department that the set bonding level of a permit or license does not represent the present costs of compliance with this part, the rules, and the permit, the department ~~may~~ *shall* modify the bonding requirements of that permit or license. *The licensee or permittee must have 60 days to negotiate the preliminary bond determination with the department, at the end of which time period the department shall issue the proposed bond determination.* The department shall ~~make written findings,~~ give the licensee or permittee a copy of the ~~findings~~ *bond calculations that form the basis for the proposed bond determination*~~;~~ and, for operating permits, publish notice of the ~~findings~~*proposed bond determination* in a newspaper of general circulation in the county in which the operation is located. *The* department shall issue a final bond determination *in 30 days. Unless the licensee or permittee requests a hearing under subsection (3)(b), the* licensee or permittee shall post bond with the department in the amount represented by the final bond determination no later than 30 days after issuance *of the final bond determination. If the licensee or permittee demonstrates that, through the exercise of reasonable diligence, the licensee or permittee will not be able to post the bond within 30 days, the department shall grant a 30-day extension of the deadline.*

(b) The permittee or any person with an interest that may be adversely affected may obtain a contested case hearing under the provisions of the Montana Administrative Procedure Act on the ~~adjusted bond level~~ *final bond determination* by filing with the department, within 30 days of the ~~notice~~ *issuance of the final bond determination,* a written request for hearing. *The request for hearing must specify the amount of bond increase, if any, that the licensee or permittee considers appropriate and state the reasons that the licensee or permittee considers the department's final bond determination to be excessive. As a condition precedent to any right to request a hearing, the licensee or permittee shall post bond with the department in the amount of the bond increase that the licensee or permittee has stated is appropriate in the request for hearing or the amount that is one-half of the increase contained in the department's final bond determination, whichever amount is greater. If the board determines that additional bond is necessary, the licensee or permittee shall post bond in the amount determined by the board within 30 days of receipt of the board's decision. If the licensee or permittee demonstrates that, through the exercise of reasonable diligence, the licensee or permittee will not be able to post the bond within 30 days, the department shall grant a reasonable extension of the deadline.*

(c) If a licensee or permittee fails to post bond in accordance with subsection (3)(a) or (3)(b) in the required amounts by the required deadlines, the license or permit is suspended by operation of law and the licensee or permittee shall immediately cease mining and exploration operations until the required bond is posted with and approved by the department.

~~(3)~~*(4)* A bond filed in accordance with the provisions of this part may not be released by the department until the provisions of this part, the rules adopted pursuant to this part, and the permit have been fulfilled.

~~(4)~~*(5)* A bond filed for an operating permit obtained under 82-4-335 may not be released or decreased until the public has been provided an opportunity for a hearing and a hearing has been held if requested. The department shall provide reasonable statewide and local notice of the opportunity for a hearing, including but not limited to publishing the notice in newspapers of general daily circulation.

~~(5)~~*(6) All* ~~All~~ bonds required in accordance with the provisions of this section must be based upon reasonably foreseeable activities that the applicant may conduct in order to comply with conditions of an operating permit or license. Bonds may be required only for anticipated activities as described in subsection (1). *Only* ~~Only~~ those activities that themselves or in conjunction with other activities have a reasonable possibility of occurring may be bonded. *Bond calculations, including calculations for the initial bond or for subsequent bond reviews and adjustments, may not include amounts for any occurrence or contingency that is not a reasonably forseeable result of any activity conducted by the applicant.*

~~(6)~~*(7)* At the applicant's discretion, bonding in addition to that required by this section may be posted. These unobligated bonds may, on the applicant's request, be applied to future bonds required by this section.

(8) (a) If the department determines that there exists at an area permitted or licensed under this part an imminent danger to public health, safety, or the environment caused by a violation of this part, the rules adopted pursuant to this part, or the permit or license, and if the permittee or licensee fails or refuses to expeditiously abate the danger, the department may immediately suspend the permit or license, enter the site, and abate the danger. The department may thereafter institute proceedings to revoke the license or permit, declare the permittee or licensee in default, and forfeit a portion of the bond, not to exceed $150,000 or 10% of the bond, whichever is less, to be used to abate the danger. The department shall notify the surety of the forfeiture and the forfeiture amount by certified mail, and the surety shall pay the forfeiture amount to the department within 30 days of receipt of the notice. The department shall, as a condition of any termination of the suspension and revocation proceedings, require that the permittee or licensee reimburse the surety, with interest, for any amount paid to and expended by the department pursuant to this subsection (8) and for the actual cost of the surety's expenses in responding to the department's forfeiture demand.

(b) If the department is unable to permanently abate the imminent danger using the amount forfeited under subsection (8)(a), the department may forfeit additional amounts under the procedure provided in subsection (8)(a).

(c) The department shall return to the surety any money received from the surety pursuant to this subsection and not used by the department to abate the imminent danger. The amount not returned to the surety must be credited to the surety and reduces the penal amount of the bond on a dollar-for-dollar basis.

(d) Any interest accrued on bond proceeds that is not required to abate the imminent danger determined in subsection (8)(a) must be returned to the surety, unless otherwise agreed to in writing by the surety.

(9) If a bond is terminated as a result of the action or inaction of a licensee or permittee or is canceled or otherwise terminated by the surety issuing the bond and the licensee or permittee fails to post a new bond for the entire amount of the terminated bond within 30 days following the notice of termination provided to the

department, then the license or permit must be immediately suspended without further action by the department."

Section 7. Section 82-4-339, MCA, is amended to read:

"**82-4-339. Annual report of activities by permittee — fee — notice of large-scale mineral developer status.** (1) Within 30 days after completion or abandonment of operations on an area under permit or within 30 days after each anniversary date of the permit, whichever is earlier, or at ~~such~~ *a* later date ~~as~~ *that* may be provided by rules of the board and each year ~~thereafter~~ *after that date* until reclamation is completed and approved, the permittee shall pay the annual fee of ~~$25~~ *$100* and shall file a report of activities completed during the preceding year on a form prescribed by the department. ~~which~~ *The* report ~~shall~~ *must*:

(a) identify the permittee and the permit number;

(b) locate the operation by subdivision, section, township, and range and with relation to the nearest town or other well-known geographic feature;

(c) estimate acreage to be newly disturbed by operation in the next 12-month period;

(d) include the number of persons on the payroll for the previous permit year and for the next permit year at intervals that the department considers sufficient to enable a determination of the permittee's status under 90-6-302(4);

(e) update the information required in 82-4-335(4)(a); and

(f) update any maps previously submitted or specifically requested by the department. ~~Such~~ *The* maps ~~shall~~ *must* show:

(i) the permit area;

(ii) the unit of disturbed land;

(iii) the area to be disturbed during the next 12-month period;

(iv) if completed, the date of completion of operations;

(v) if not completed, the additional area estimated to be further disturbed by the operation within the following permit year; and

(vi) the date of beginning, amount, and current status of reclamation performed during the previous 12 months.

(2) Whenever the department determines that the permittee has become or will, during the next permit year, become a large-scale mineral developer, it shall immediately serve written notice of that fact on the permittee, the hard-rock mining impact board, and the county or counties in which the operation is located."

Section 8. Section 82-4-341, MCA, is amended to read:

"**82-4-341. Compliance — reclamation by department.** (1) The department shall cause the permit area to be inspected at least annually to determine whether the permittee has complied with this part, the rules adopted under this part, or the permit.

(2) The permittee shall proceed with reclamation as scheduled in the approved reclamation plan or as required pursuant to subsection (8). Following written notice by the department noting deficiencies, the permittee shall commence action within 30 days to rectify these deficiencies and shall diligently

proceed until the deficiencies are corrected. Deficiencies that also violate other laws that require earlier rectification must be corrected in accordance with the applicable time provisions of those laws. The department may extend performance periods referred to in ~~this section and in~~ 82-4-336 *and in this section* for delays clearly beyond the permittee's control, but only when the permittee is, in the opinion of the department, making every reasonable effort to comply.

(3) Within 30 days after notification by the permittee and when, in the judgment of the department, reclamation of a unit of disturbed land area is properly completed, the department shall provide the public notice and conduct any hearing requested pursuant to 82-4-338. As soon as practicable ~~thereafter~~ *after notice and hearing*, the permittee must be notified in writing and the bond on the area must be released or decreased proportionately to the acreage included within the bond coverage.

(4) The department shall cause the bond to be forfeited if:

(a) reclamation of disturbed land is not pursued in accordance with the reclamation plan and the permittee has not commenced action to rectify deficiencies within 30 days after notification by the department;

(b) reclamation is not properly completed in conformance with the reclamation plan within 2 years after completion or abandonment of operation on any fraction of the permit area or within a longer period that may have been authorized under this part; or

(c) after default by the permittee, the surety either refuses or fails to perform the work to the satisfaction of the department within the time required.

(5) The department shall notify the permittee and the surety ~~by order~~ *by certified mail*. If the bond is not paid within 30 days after receipt of the notice, the attorney general, upon request of the department, shall bring an action on behalf of the state in district court.

(6) The department may, with the staff, equipment, and material under its control or by contract with others, take any necessary actions for required reclamation of the disturbed lands *according to the existing reclamation plan or a modified reclamation plan if the department makes a written finding that the modifications are necessary to prevent a violation of Title 75, chapter 2 or 5, or to prevent a substantial reclamation failure*. Except in an environmental emergency, work provided for in this section must be let on the basis of competitive bidding. The department shall keep a record of all necessary expenses incurred in carrying out the work or activity authorized under this section, including a reasonable charge for the services performed by the state's personnel and the state's equipment and materials used. The surety is liable to the state to the extent of the bond. The permittee is liable for the remainder of the cost. Upon completion of the reclamation, the department shall return *to the surety* any amount not expended, *including any unexpended interest accrued on bond proceeds, unless otherwise agreed to in writing by the surety*.

(7) In addition to the other liabilities imposed by this part, failure to commence an action to remedy specific deficiencies in reclamation within 30 days after notification by the department or failure to satisfactorily complete reclamation work on any segment of the permit area within 2 years or within a longer period that the department may permit on the permittee's application or on the department's own motion, after completion or abandonment of operations on any segment of the permit area, constitutes sufficient grounds for cancellation

of a permit or license and refusal to issue another permit or license to the applicant. A cancellation action may not be effected while an appeal is pending from any ruling requiring the cancellation of a permit or license.

(8) (a) If at the time of bond review pursuant to 82-4-338 no mineral extraction or ore processing has occurred on a mine permit area for the past 5 years, the department shall determine whether further suspension of the operation will create conditions that will cause violations of Title 75, chapter 2 or 5, or significantly impair reclamation of disturbed areas. If the department determines in writing that violations of Title 75, chapter 2 or 5, or significant impairment of reclamation will occur, the department shall notify the permittee that the permittee shall, within a reasonable time specified in the notice, abate the conditions or commence reclamation. The department may grant reasonable extensions of time for good cause shown. If the permittee does not abate the conditions or commence reclamation within the time specified in the notice and any extensions, the department shall order either that the condition be abated or that reclamation be commenced.

(b) The permittee may request a hearing on the order by submitting a written request for hearing within 30 days of receipt of the order. A request for hearing stays the order pending a final decision, unless the department determines in writing that the stay will create an imminent threat of significant environmental harm or will significantly impair reclamation."

Section 9. Section 82-4-360, MCA, is amended to read:

"**82-4-360.** **~~Activity~~ *When activity* prohibited ~~if bond forfeited — exception~~ — *exception.*** ~~(1) Except as provided in subsection (2), a~~ *(1) Except as provided in subsection (2), a* person may not conduct mining or exploration activities in this state if that person or any firm or business association of which that person was a principal or controlling member had a bond forfeited under this part, *if the department otherwise received proceeds from a surety to perform reclamation on that person's behalf, or if the person's surety completed reclamation on the person's behalf.*

~~(2) A person described in subsection (1) may apply for an operations permit or an exploration license or may conclude a written agreement under 82-4-305 if that person first pays to the department:~~

~~(a) the full amount of the necessary expenses incurred by the department under 82-4-341(6) for reclamation of the area for which the bond was forfeited;~~

~~(b) the full amount of any penalties assessed under this part; and~~

~~(c) interest on these amounts and penalties incurred at the rate of 6% per year.~~

(2) A person described in subsection (1) may apply for an operating permit or an exploration license or may conclude a written agreement under 82-4-305 if:

(a) that person pays to the department:

(i) the full amount of the necessary expenses incurred by the department under 82-4-341(6) for reclamation of the area for which the bond was forfeited;

(ii) the full amount of any penalties assessed under this part; and

(iii) interest on the expenses incurred and penalties assessed at the rate of 6% a year; and

(b) the person demonstrates and the department determines that the person has remedied the conditions that led to the bond forfeiture or receipt of the bond proceeds and that those conditions no longer exist."

Section 10. Section 82-4-424, MCA, is amended to read:

"**82-4-424. Receipt and expenditure of funds.** (1) The department may receive any federal funds, state funds, or any other funds for the reclamation of land affected by opencut mining. The department may cause the reclamation work to be done by its employees, by employees of other governmental agencies, by soil conservation districts, or through contracts with qualified persons.

(2) Any funds of any public works programs available to the department must be expended and used to reclaim and rehabilitate any lands that have been subject to opencut mining and that have not been reclaimed and rehabilitated in accordance with the standards of this part.

(3) There is an opencut mining and reclamation account within the state special revenue fund established in 17-2-102. There must be deposited in the account all fees, fines, penalties, and other money that have been or will be paid under the provisions of this part. *All accrued interest on the account must be credited to the opencut mining and reclamation account.* The money in the account is available to the department through appropriation and must be spent by the department for the reclamation and revegetation of land, research pertaining to the reclamation and revegetation of land, and the rehabilitation of water affected by opencut mining operations and for administration of this part. Any unspent or unencumbered money in the account at the end of a fiscal year must remain in the account until spent or appropriated by the legislature."

Section 11. Coordination instruction. If Senate Bill No. 449 and [this act] are both passed and approved and if both contain sections that amend 82-4-311 and 82-4-424, then [sections 2 and 10 of this act] are void.

If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 489

[HB 73]

AN ACT REQUIRING CERTAIN DIVISIONS, BUREAUS, UNITS, AND PROGRAMS TO DEVELOP AND IMPLEMENT A FULL COST

ACCOUNTING PILOT PROGRAM; AMENDING SECTION 5-5-223, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 5] may be cited as the "Full Cost Accounting Act".

Section 2. Legislative findings and declarations. (1) The legislature finds that acknowledging the complete costs of agency programs and services enables policymakers to develop more informed decisions, identify opportunities for streamlining programs and services, facilitate cost-saving efforts, and better plan for the future.

(2) The legislature further finds that applying a full cost accounting model may result in the following benefits:

(a) agency rates and fees for goods and services that are set correctly and fairly;

(b) agency budget requests that are more clear and defensible; and

(c) programs or services that may be operated more effectively or offered for less cost.

(3) The legislature further finds that full cost accounting serves different goals and audiences than traditional government accounting reports.

(4) Therefore, the legislature declares that there is a compelling public need to adopt a full cost accounting model to isolate state agency program costs.

Section 3. Policy and purpose. The purpose of [sections 1 through 5] is to provide the legislature, the executive branch, and the public with a detailed description of individual program costs to:

(1) identify cost-effective methods of providing goods and services;

(2) assist the legislature in making decisions regarding the appropriation of public revenue; and

(3) establish rates and fees that reflect the true cost of providing goods and services.

Section 4. Definitions. As used in [sections 1 through 5], the following definitions apply:

(4) Each division, bureau, unit, or program shall prepare and deliver a final report of its findings to the committee, the legislative finance committee, and the legislative auditor no later than September 1, 2002. Each report must contain:

(a) the true cost of providing a service or program;

(b) issues associated with implementing and administering a full cost accounting model;

(c) recommendations for changing the full cost accounting model to ensure the effective collection and use of information; and

A new account may not be established for an alternate payee.

(b) If the participant is receiving periodic payments from an annuity provided under the plan, those payments may be apportioned as a percentage of the amount payable to the participant. Payments to the alternate payee may be limited to a specific amount each month if the number of payments is specified. Payments may not total more than the amount payable to the payee.

If the beneficiary has not elected the form of payment by that date, payment to the beneficiary must be made in the form of a lifetime monthly benefit payment if the beneficiary is eligible for a monthly benefit or in a lump sum if that is the only benefit payable to the beneficiary.

(6) The benefits payable must meet the minimum distribution incidental benefit requirements of section 401(a)(9)(G) of the Internal Revenue Code."

(b) A member failing to make an election prescribed by this section remains a member of the defined benefit plan.

(c) An election under this section, including the default election pursuant to subsection (2)(b), is a one-time irrevocable election. Subject to 19-3-2113, this subsection (2)(c) does not prohibit a new election after an employee has terminated membership in either plan and returned to covered employment.

(3) A member in either the defined benefit plan or the defined contribution plan who becomes inactive after an election under this section and who returns to active membership remains in the plan previously elected.

(4) A system member may not simultaneously be a member of the defined benefit plan and the defined contribution plan and must be a member of either the defined benefit plan or the defined contribution plan. A period of service may not be credited in more than one retirement plan within the system.

(5) The provisions of this part do not prohibit the board from adopting rules to allow an employee to elect the defined contribution plan ~~on~~ *from* the first day of covered employment.

(6) A member of the defined benefit plan who is subject to a family law order pursuant to 19-2-907 or an execution or income-withholding order pursuant to 19-2-909 may not transfer to the defined contribution plan unless the order is modified to apply under the defined contribution plan ~~or, for university employees making an election pursuant to 19-3-2112, the optional retirement program~~."

Section 18. Section 19-3-2112, MCA, is amended to read:

"19-3-2112. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Plan choices for members employed by university system — amount available to transfer — effect on rights. (1) If an employee of the *Montana* university system~~, as provided for in 20-1-101,~~ is eligible to make an election under this part to transfer to the defined contribution plan, the employee may, instead of electing the *defined contribution* plan, ~~make a one-time irrevocable election on a form prescribed by the board~~ *elect* to transfer membership to the university system's optional retirement program provided for under chapter 21 of this title.

(2) Except as otherwise provided in this part, an election to transfer to the optional retirement program must be made in accordance with the following provisions:

(iii) An employee who is initially hired into covered employment with the university system on or after the effective date of the defined contribution plan may, within 12 months of the member's hire date, elect to become a member of the optional retirement program.

(b) Elections made pursuant to this section must be made on a form prescribed by the board.

(c) A member failing to make an election prescribed by this section remains a member of the defined benefit plan.

(d) An election under this section, including the default election pursuant to subsection (2)(c), is a one-time irrevocable election. (e) A member in either the defined benefit plan or the optional retirement program who becomes inactive after an election under this section and who returns to active membership remains in the plan previously elected.

(f) A university employee in a position covered under the system may not simultaneously be a member of more than one retirement plan under this title, but must be a member of the defined benefit plan, the defined contribution plan, or the optional retirement program as provided by applicable provisions of this title. The same period of service may not be credited in more than one retirement system or plan.

(g) The provisions of this part do not prohibit the board from adopting rules to allow an eligible employee to elect the optional retirement program from the first day of covered employment.

(h) A member of the defined benefit plan who is subject to a family law order pursuant to 19-2-907 or an execution or income-withholding order pursuant to 19-2-909 may not transfer to the optional retirement program unless the order is modified to apply under the optional retirement program.

~~(2)~~*(3)* For an employee electing to transfer to the optional retirement program, the board shall transfer to the optional retirement program the amount that the employee would have been able to transfer to the defined contribution plan under 19-3-2114.

~~(3)~~*(4)* An election to become a member of the optional retirement program pursuant to this section is a waiver of all rights and benefits under the public employees' retirement system."

Section 19. Section 19-3-2113, MCA, is amended to read:

"**19-3-2113. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Reinstatement of plan membership — purchase of prior service in defined benefit plan.** (1) (a) ~~An employee~~ *A participant* who ~~terminated~~ *terminates* membership in the defined benefit plan, the defined contribution plan, or the optional retirement program after making an election pursuant to 19-3-2111 or 19-3-2112 and who returns to covered employment ~~after a break in service of~~ *in* less than 24 ~~consecutive~~ months shall become a member of the plan that the member last selected and is not eligible for a new plan choice election.

(b) ~~Except as provided in subsection (2), an employee~~ *A participant* who terminated membership in either the defined benefit plan, the defined contribution plan, or the optional retirement program after making an election pursuant to 19-3-2111 or 19-3-2112 and who returns to covered employment after ~~a break in service of~~ 24 ~~consecutive~~ months or more is eligible to make a plan choice election as ~~if the employee were~~ *though* initially hired as provided for in 19-3-2111(1)(b).

~~(2) (a) An employee who returns to covered employment after terminating plan membership in the defined contribution plan or the optional retirement program shall return to the plan previously selected if the employee has accessed money derived from the employee's former retirement account by:~~

~~(b) For the purposes of this subsection (2), "retirement account" also includes an employee's account under the optional retirement program.~~

~~(3)~~*(2)* (a) An employee who returns to covered employment after terminating membership in the defined benefit plan, who is eligible to make a plan choice, and who elects to join the defined benefit plan may reinstate prior membership service as provided in 19-2-603.

(b) An employee who returns to covered employment after terminating membership in the defined contribution plan or the optional retirement program, who is eligible to make a plan choice, and who elects to join the defined benefit plan may purchase prior membership service by paying to the board the full actuarial cost of the service as of the latest actuarial valuation of the defined benefit plan. The employee may not purchase membership service under this section in excess of the employee's length of service as a member of the defined contribution plan or the optional retirement program."

Section 20. Section 19-3-2114, MCA, is amended to read:

"19-3-2114. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Amount available to transfer. (1) (a) For an employee who was a system member on the day before the effective date of the defined contribution plan and who elects to transfer to the plan, the board shall transfer from the defined benefit plan to the member's retirement account the employee's contributions and the percentage of the employer's contributions specified in subsection (1)(b), plus 8% compounded annual interest on the total of the *transferred* employee and employer contributions.

(b) Based on the contribution amount historically available to pay unfunded liabilities in the defined benefit plan and the transferring member's years of service, the percentage of the employer contributions that may be transferred are as follows:

Less than 5 years	65.53%
5 to 9 years	58.59%

15 to 19 years	55.42%
20 or more years	57.53%

(2) For an employee hired on or after the effective date of the defined contribution plan who elects to become a member of the plan, the board shall transfer from the defined benefit plan to the member's retirement account an amount equal to the amount that would have been credited to the member's account pursuant to 19-3-2117 had the employee become a plan member on the employee's hire date, plus *8% compounded annual* interest ~~credited at the actuarially assumed rate of return on the defined benefit plan assets as of the plan's latest actuarial valuation~~."

Section 21. Section 19-3-2115, MCA, is amended to read:

"19-3-2115. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Transfers or rollovers into plan — *service transfers* — membership credit for purposes of vesting. (1) *(a)* Except as provided in subsection (2), the board shall accept the ~~transfer or~~ rollover of ~~assets~~ *contributions and the income on those contributions* from another qualified plan to the member's ~~retirement~~ *vested* account. ~~If a member is transferring assets from another plan provided for in this title, the member must, for the purposes of becoming vested pursuant to 19-3-2116, receive credit for the employee's prior membership service under that plan.~~

(b) To transfer service from another retirement system in this title, an employee must be a member of the defined benefit plan. The member must receive membership service and service credit for the service the member transfers. The transferring member may, within 12 months after joining the defined benefit plan, elect to become a member of the defined contribution plan. The transferred service may be used for purposes of vesting in the defined contribution plan pursuant to 19-3-2116.

(2) (a) After-tax money may not be transferred or rolled over to a retirement account unless the money was contributed to the system's defined benefit plan on an after-tax basis.

(b) To the extent that the transfer or rollover is disallowed under the Internal Revenue Code provisions in effect as of the calendar year immediately preceding the date of the transfer or rollover, a member may not transfer or rollover to a retirement account contributions made under sections 403(b) and 457 of the Internal Revenue Code."

Section 22. Section 19-3-2116, MCA, is amended to read:

"19-3-2116. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Vesting — mandatory termination of membership — forfeitures. (1) A member is fully vested with the member's contributions and the income on those contributions from the date that the employee becomes a member of the plan, but is not considered a vested member~~, as defined in 19-2-303,~~ unless the member meets the criteria under subsection (2).

(2) A member is not vested with the employer's contributions and the income on those contributions and does not attain the status of a vested member until the member has a total of ~~5-years~~ *5 years* of membership service under the system.

(3) A member who terminates covered employment before becoming a vested member shall terminate plan membership by removing from the plan the member's entire *vested* account balance as provided in 19-3-2123. The employer contributions and income on the employer's contributions in the member's retirement account are forfeited and must be allocated as provided in 19-3-2117."

Section 23. Section 19-3-2117, MCA, is amended to read:

"19-3-2117. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Allocation of contributions and forfeitures. (1) Each plan member's retirement account must be credited with the employee contributions made under 19-3-315.

(2) Subject to adjustment by the board as provided in 19-3-2121, beginning on the plan's effective date, of the employer contributions under 19-3-316, *an amount equal to*:

(a) 4.49% of compensation must be allocated to the member's retirement account; ~~and~~

(b) 2.37% of compensation must be allocated to the defined benefit plan as the plan choice rate*; and*

(c) 0.04% of compensation must be allocated to the education fund as provided in 19-3-112(1)(c).

(3) Forfeitures of employer contributions and investment income on the employer contributions may not be used to increase a member's retirement account. The board shall allocate the forfeitures under 19-3-2116 to meet the ~~employer contributions obligation provided under subsection (2)(a) of this section in lieu of direct contributions by the employer and shall increase the contribution amount under subsection (2)(b) of this section by the amount of the forfeitures used in lieu of the employer contributions~~ *plan's administrative expenses including startup expenses.*"

Section 24. Section 19-3-2121, MCA, is amended to read:

"19-3-2121. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Determination and adjustment of plan choice rate and contribution allocations ~~— rulemaking~~. (1) The board shall ~~provide for the periodic~~ *periodically* review ~~of~~ the sufficiency of the plan choice rate and shall adjust the allocation of contributions under 19-3-2117 as specified in this section. The board shall ~~provide that~~ *collect and maintain* the data necessary to comply with this section ~~is collected and maintained for all system members~~.

(2) The plan choice rate set in 19-3-2117(2)(b) must be adjusted as provided in this section, taking into account:

(a) as determined under subsection (3), the change in the normal cost contribution rate in the defined benefit plan that is the result of member selection of the defined contribution plan; *and*

~~(b) as determined under subsection (4), the anticipated reduction in defined contribution plan costs because of forfeitures; and~~

~~(c)~~*(b)* as determined under subsection ~~(5)~~ *(4)*, the sufficiency of the plan choice rate to actuarially fund the defined contribution plan's share of the defined benefit plan's unfunded liabilities.

(3) The change in the normal cost contribution rate must be an amount equal to the difference between the normal cost contribution rate in the defined benefit plan that would have resulted if all system members remained in the defined benefit plan and the normal cost contribution rate in the defined benefit plan for the actual members of the defined benefit plan, multiplied by the covered payroll of members in the defined benefit plan, divided by the covered payroll of members in the defined contribution plan. The measurements under this subsection must be based on the defined benefit plan in effect on the effective date of the defined contribution plan until the board determines that the defined benefit plan has been amended in a manner that significantly affects plan choices available to system members. After a board determination that the defined benefit plan has been significantly changed, the measurements in this subsection with respect to members entering the system after the significant change must be made on the basis of the defined benefit plan, as amended.

~~(4) The anticipated reduction in defined contribution plan costs as a result of forfeitures under 19-3-2116 must be determined as the amount of forfeitures expected during the next biennium based on actual forfeitures in the preceding biennium, adjusted by taking into account the gains or losses during the preceding biennium resulting from forfeitures of greater or lesser amounts than expected, divided by twice the covered payroll of members of the defined contribution plan.~~

~~(5)~~*(4)* The sufficiency of the plan choice rate to actuarially fund the appropriate share of the defined benefit plan's unfunded liabilities must be determined as follows:

(a) The board shall determine the number of years required to actuarially fund the defined benefit plan's unfunded liabilities as of the June 30, 1998, actuarial valuation, which must be the initial schedule for the defined contribution plan to actuarially fund the plan's share of the unfunded liabilities. The board shall reduce the schedule by 1 year each biennium.

(b) During each subsequent actuarial valuation of the defined benefit plan conducted pursuant to 19-2-405, the board shall determine whether the plan choice rate minus the ~~sum of the amounts~~ *amount* provided in ~~subsections~~ *subsection* (2)(a) ~~and (2)(b)~~ of this section is sufficient to pay the unfunded liability obligations within the schedule determined under subsection ~~(5)(a)~~ *(4)(a)* of this section. If the amount is insufficient to fund the liability over a period of 10 years longer than the scheduled period or is more than sufficient to fund the liability over a period of 10 years earlier than the scheduled period, the board shall determine to the nearest 0.1% the amount of the increase or decrease in the plan choice rate that is required to actuarially fund the liabilities according to the established schedule.

~~(6)~~*(5)* If the board determines that the plan choice rate should be increased or decreased, the plan choice rate under 19-3-2117(2)(b) must be increased or decreased accordingly. If the plan choice rate is increased, the allocation of employer contributions to member accounts under 19-3-2117(2)(a) must be decreased by that amount. If the plan choice rate is decreased, the allocation of employer contributions to member accounts under 19-3-2117~~(2)(b)~~*(2)(a)* must be increased by that amount.

~~(7)~~*(6)* By November 1 of the year of a determination pursuant to this section that the allocation of employer contributions under 19-3-2117(2) must be changed, the board shall notify system members, participating employers, employee and employer organizations, the governor, and the legislature of its determination and of the changes required.

~~(8)~~*(7)* Effective January 1 of the year after the regular legislative session that immediately follows a determination under this section, the plan choice rate and the allocation of contributions under 19-3-2117(2) must be adjusted according to the board's determination."

Section 25. Section 19-3-2122, MCA, is amended to read:

"**19-3-2122. (Subsections (4) through (6) effective on occurrence of contingency or July 1, 2002, whichever is earlier) Investment alternatives — notice of changes — default fund.** (1) The board shall ~~contract with a vendor or vendors to~~ provide for at least eight investment alternatives within the defined contribution plan. In providing for the plan's investment alternatives, only a vendor or vendors offering suitable and well-managed investments, licensed to conduct business in Montana, and regulated by the United States securities and exchange commission may be used, *unless exempt from the commission's regulation*.

(2) The investment alternatives must include at least three that offer plan members the following:

(a) the ability to materially affect the potential return on amounts in the member's retirement account and the degree of risk to which those amounts are subject;

(b) a range of investment alternatives that:

(i) provides sound and diversified funds;

(ii) offers, under each alternative, a materially different risk and return characteristic than found in the other alternatives;

(iii) allows the member or beneficiary to choose among them to achieve a portfolio with an aggregate risk and return characteristic to achieve a point within the risk and return range normally appropriate for the member or beneficiary based on age, income, and individual retirement goals; and

(iv) tends to minimize through diversification the overall risk of large losses.

(3) ~~Subject to a competitive bidding process, the~~ *The* investment alternatives may include the investment alternatives offered to members of the state deferred compensation plan pursuant to chapter 50 of this title.

(4) The board shall from time to time review the suitability and management of investment alternatives and may change the alternatives to be offered. The board shall notify affected members of potential changes before any changes become effective.

(5) Assets within each member's retirement account must be invested as directed by the member.

(6) The board shall provide for a balanced fund to be established as a default investment fund. In the case of a member failing to direct how the member's retirement account is to be invested, the member's entire account ~~balance~~ must be invested in the default fund.

(7) This section does not prohibit the board from contracting with the board of investments established in 2-15-1808 to provide one or more investment alternatives within the plan."

Section 26. Section 19-3-2123, MCA, is amended to read:

"**19-3-2123. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Payout of *vested* account balances when terminating plan membership.** Any time after termination of ~~covered employment~~ *service*, a member or the member's beneficiary may terminate plan membership by ~~making~~ *filing* a written application ~~to~~ *with* the board and removing the member's *vested* account balance from the plan through any combination of the following payout options, each of which is subject to applicable regulations of the internal revenue service:

(1) a direct rollover to an eligible retirement plan or to an individual retirement account or annuity pursuant to section 401(a)(31) of the Internal Revenue Code;

(2) a regular rollover to an eligible retirement plan pursuant to section 402(c) of the Internal Revenue Code; or

(3) a lump-sum distribution of the member's *vested* account balance."

Section 27. Section 19-3-2124, MCA, is amended to read:

(2) After termination of ~~covered employment,~~ *service and* upon *filing a* written application ~~to~~ *with* the board, a member may, if provided for by the board, select a distribution option offered pursuant to a contract negotiated by the board with a plan vendor or vendors.

(3) A member who is less than 70 1/2 years of age who returns to ~~covered employment~~ *service* may not continue to receive a distribution under this section while actively employed in a covered position.

(4) The board shall adopt rules to administer this section and to provide that distributions comply with the minimum distribution requirements established in the Internal Revenue Code and applicable under 19-2-1007."

Section 28. Section 19-3-2125, MCA, is amended to read:

"**19-3-2125. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Death benefits.** A plan member's beneficiary must be determined as provided in chapter 2, part 8, of this title. Upon *filing a* written application ~~filed~~ with the board after the death of a plan member, the member's beneficiary is entitled to the member's *vested* account balance ~~and all rights established in and~~ subject to this part."

Section 29. Section 19-3-2126, MCA, is amended to read:

"**19-3-2126. ~~(b) If the member fails to remove the member's account balance, the board may close the account by paying to the member a lump-sum distribution of the member's entire account balance.~~ *Before termination of service, a member may not receive a refund of any portion of the member's vested account.*

(2) A nonvested member who terminates from service and whose vested account balance is less than $200 must be paid the vested account balance in a lump sum. The payment must be made as soon as administratively feasible after the member's termination without a written application from the member.

(3) Unless a written application is made pursuant to subsection (4)(a), a nonvested member who terminates from service and whose vested account balance is between $200 and $5,000 must be paid the vested account balance in a lump sum. The payment must be made as soon as administratively feasible after the member's termination.

(4) (a) Upon the written application of a terminating member whose vested account balance is $200 or more, the board shall make a direct rollover distribution pursuant to section 401(a)(31) of the Internal Revenue Code of the eligible portion of that balance. To receive the direct rollover distribution, the member is responsible for correctly designating, on forms provided by the board, a retirement plan that allows the rollover and is qualified under applicable federal law.

(b) The direct rollover distribution must be paid directly to the qualified retirement plan. The amount of the member's vested account balance not eligible for a direct rollover distribution must be paid to the member in a lump sum.

AN ACT REVISING THE CLEAN AIR ACT OF MONTANA; ALLOWING THE SMALL BUSINESS STATIONARY SOURCE REPRESENTATIVE TO BE LOCATED WITHIN A NONREGULATORY PROGRAM OF THE DEPARTMENT OF ENVIRONMENTAL QUALITY; LIMITING THE PURPOSES FOR WHICH THE DEPARTMENT MAY USE INFORMATION OBTAINED BY THE SMALL BUSINESS STATIONARY SOURCE REPRESENTATIVE; REMOVING A REQUIREMENT THAT THE DEPARTMENT ACT ON OPERATING PERMIT APPLICATIONS BY NOVEMBER 15, 1997; AMENDING SECTIONS 75-2-109 AND 75-2-218, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-2-109, MCA, is amended to read:

"75-2-109. Small business stationary source representative — duties. (1) The department shall establish a small business stationary source representative position that is not located in *a regulatory program of* the department ~~or~~ *and not* subject to ~~the~~ direct supervision ~~of~~ *by a regulatory program of* the department.

(2) The small business stationary source representative shall represent the interests of small business stationary sources before the department and other appropriate local, state, and federal agencies concerning the implementation and application of the requirements of this chapter. In addition, the representative shall provide assistance to small business stationary sources in meeting the requirements of this chapter. In carrying out these activities, the representative shall:

(a) monitor the activities of the small business stationary source technical and environmental compliance assistance program;

(b) review and provide comments and recommendations to the department, local air pollution control programs, and the appropriate federal agencies regarding the development and implementation of regulations pertaining to air quality that impact small business stationary sources;

(c) facilitate and promote the participation of small business stationary sources in the development of new regulations pertaining to air quality that impact small business stationary sources;

(d) assist in the preparation and dissemination of reports and other information regarding the applicability of the requirements of this chapter to small business stationary sources;

(e) assist in the preparation of guideline documents by the small business stationary source technical and environmental compliance assistance program to ensure that these documents are readily understandable by the lay person;

(f) assist small business stationary sources and their trade associations to encourage voluntary compliance with the requirements of this chapter;

(i) perform other duties as may be necessary to meet the requirements of the federal Clean Air Act, 42 U.S.C. 7401, et seq.

(3) Subject to Article II, section 9, of the Montana constitution, the small business stationary source representative may not provide information that the representative obtains from a small business stationary source to the department for use in any administrative or judicial action to enforce the requirements of this chapter, unless the information discloses a violation that constitutes an imminent and substantial danger to human health, safety, or the environment."

Section 2. Section 75-2-218, MCA, is amended to read:

"**75-2-218. Permits for operation — application completeness — action by department — application shield — review by board.** (1) An application for an operating permit or renewal is not considered filed until the department has determined that it is complete. An application is complete if all fees required under 75-2-220 and all information and completed application forms required under 75-2-217 have been submitted. A complete application must contain all of the information required for the department to begin processing the application. If the department fails to notify the applicant in writing within 60 days after submittal of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed on the date of the department's receipt of the application. The department may request additional information after a completeness determination has been made. The department shall adopt rules that contain criteria for use in determining both when an application is complete and when additional information is required after a completeness determination has been made.

(2) Except as provided in subsection (3), the department shall, consistent with the procedures established under 75-2-217, approve or disapprove a complete application for an operating permit or renewal and shall issue or deny the permit or renewal within 18 months after the date of filing. Failure of the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(3) The board may by rule provide for a transition schedule for both the submittal to the department of initial applications for operating permits by existing sources and action by the department on these initial permit applications. The board may require that one-third of all operating permit

applications required for existing sources be submitted within the first calendar year after the adoption of rules implementing an operating permit program under 75-2-217. ~~Any transition schedule for action by the department must ensure that all permit applications required under 75-2-217 and this subsection for existing sources will be acted upon by the department before November 15, 1997.~~

(4) If an applicant submits a timely and complete application for an operating permit, the applicant's failure to hold a valid operating permit is not a violation of 75-2-217. If an applicant submits a timely and complete application for an operating permit renewal, the expiration of the applicant's existing operating permit is not a violation of 75-2-217. The applicant shall continue to be subject to the terms and conditions of the expired operating permit until the operating permit is renewed and is subject to the application of 75-2-217. The applicant is not entitled to the protection of this subsection if the delay in final action by the department on the application results from the applicant's failure to submit in a timely manner information requested by the department to process the application.

(5) Except as provided in subsection (8), if the department approves or denies an application for an operating permit or the renewal, modification, or amendment of a permit under 75-2-217 and this section, any person that participated in the public comment process required under 75-2-217(7) may request a hearing before the board. The request for *a* hearing must be filed within 30 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(6) Except as provided in subsection (8), the department's decision on any application is not final until 30 days have elapsed from the date of the decision and there is no request for a hearing under this section. The filing of a request for *a* hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board.

(7) The requirements of subsections (5) and (6) apply to any action initiated by the department to suspend, revoke, modify, or amend an operating permit issued under this section.

(8) The denial by the department of an application under 75-2-217 and this section is not subject to review by the board or judicial review if the basis for denial is the written objection of the appropriate federal agency acting pursuant to the federal Clean Air Act, 42 U.S.C. 7401, et seq.

(9) Compliance with an operating permit granted or renewed under 75-2-217 and this section is considered to be ~~in~~ compliance with the requirements of this chapter only if the permit expressly includes those requirements or an express determination that those requirements are not applicable. This subsection does not apply to general permits provided for under 75-2-217."

Section 3. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 493

[HB 151]

AN ACT CLARIFYING THAT THE DEPARTMENT OF CORRECTIONS ONLY SUPERVISES PROBATIONERS WHO ARE FELONY OFFENDERS; CLARIFYING THAT THE DISTRICT COURT MAY ADD CONDITIONS TO OR MODIFY CONDITIONS OF PROBATION; PROVIDING A PROCEDURE FOR ADDING OR MODIFYING CONDITIONS OF PROBATION; CLARIFYING PROVISIONS RELATING TO PROBATION REVOCATION HEARINGS; PROVIDING FOR AN INFORMAL PROBATION VIOLATION INTERVENTION HEARING; AMENDING SECTIONS 46-18-111, 46-18-203, 46-23-1004, 46-23-1011, AND 46-23-1012, MCA; REPEALING SECTION 46-23-1013, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-18-111, MCA, is amended to read:

"**46-18-111. Presentence investigation — when required.** (1) Upon the acceptance of a plea or upon a verdict or finding of guilty to one or more felony offenses, the district court shall direct the probation officer to make a presentence investigation and report. The district court shall consider the presentence investigation report prior to sentencing. If the defendant was convicted of an offense under 45-5-502, 45-5-503, 45-5-504, 45-5-505, 45-5-507, 45-5-625, or 45-5-627, the investigation must include a psychosexual evaluation of the defendant and a recommendation as to treatment of the ~~offender~~ *defendant* in the least restrictive environment, considering the risk the ~~offender~~ *defendant* presents to the community and ~~offender~~ *the defendant's* needs, unless the defendant was sentenced under 46-18-219. The evaluation must be completed by a sex offender therapist who is a member of the Montana sex offender treatment association or has comparable credentials acceptable to the professional and occupational licensing bureau of the department of commerce. The psychosexual evaluation must be made available to the county attorney's office, the defense attorney, the probation and parole officer, and the sentencing judge. All costs related to the evaluation must be paid by the defendant. If the defendant is determined by the district court to be indigent, all costs related to the evaluation are the responsibility of the district court and must be paid by the county or the state, or both, under Title 3, chapter 5, part 9.

(2) The court shall order a presentence report unless the court makes a finding that a report is unnecessary. Unless the court makes ~~such a~~ *that* finding, a defendant convicted of any offense not enumerated in subsection (1) that may result in incarceration for 1 year or more may not be sentenced before a written presentence investigation report by a probation *and parole* officer is presented to and considered by the district court. *The district court may order a presentence investigation for a defendant convicted of a misdemeanor only if the defendant was convicted of a misdemeanor that the state originally charged as a sexual or violent offense as defined in 46-23-502.* ~~The district court may, in its discretion, order a presentence investigation for a defendant convicted of a misdemeanor.~~"

Section 2. Section 46-18-203, MCA, is amended to read:

"**46-18-203. Revocation of suspended or deferred sentence.** (1) Upon the filing of a petition for revocation showing probable cause that the offender has violated any condition of a sentence or any condition of a deferred imposition of sentence, the judge may issue an order for a hearing on revocation. The order must require the offender to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the offender personally. The judge may also issue an arrest warrant directing any peace officer or a probation *and parole* officer to arrest the offender and bring the offender before the court.

(2) The petition for a revocation must be filed with the sentencing court during the period of suspension or deferral. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4) Without unnecessary delay, the offender must be brought before the judge, and the offender must be advised of:

(a) the allegations of the petition;

(b) the opportunity to appear and to present evidence in the offender's own behalf;

(c) the opportunity to question adverse witnesses; and

(d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified, unless:

(a) the offender admits the allegations and waives the right to a hearing; or

(b) the relief to be granted is favorable to the offender and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the offender for the purposes of this subsection (5)(b).

(6) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence. However, when a failure to pay restitution is the basis for the petition, the offender may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the offender's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) (a) If the judge finds that the offender has violated the terms and conditions of the suspended or deferred sentence, the judge may:

(i) continue the suspended or deferred sentence without a change in conditions;

(ii) continue the suspended sentence with modified or additional terms and conditions;

(iii) revoke the suspension of sentence and require the offender to serve either the sentence imposed or any lesser sentence; or

(iv) if the sentence was deferred, impose any sentence that might have been originally imposed.

(b) If a suspended or deferred sentence is revoked, the judge shall consider any elapsed time and either expressly allow all or part of the time as a credit against the sentence or reject all or part of the time as a credit. The judge shall state the reasons for the judge's determination in the order. Credit, however, must be allowed for time served in a detention center or home arrest time already served.

(c) If a judge finds that an offender has not violated a term or condition of a suspended or deferred sentence, that judge is not prevented from setting, modifying, or adding conditions of probation as provided in 46-23-1011.

(8) If the judge finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the offender, if in custody, *must be* immediately released."

Section 3. Section 46-23-1004, MCA, is amended to read:

"**46-23-1004. Duties of department.** The department is responsible for any investigation and supervision requested by the board or the courts *for felony offenders*. The department shall:

(1) divide the state into districts and assign probation and parole officers to serve in these districts and courts;

(2) obtain any necessary office quarters for the staff in each district;

(3) assign the secretarial, bookkeeping, and accounting work to the clerical employees, including receipt and disbursement of money;

(4) direct the work of the probation and parole officers and other employees;

(5) formulate methods of investigation, supervision, recordkeeping, and reports;

(6) conduct training courses for the staff;

(7) cooperate with all agencies, public and private, that are concerned with the treatment or welfare of persons on probation or parole;

(8) administer the interstate compact for the supervision of parolees and probationers; and

(9) notify the employer of a probationer or parolee if the probationer or parolee has been convicted of an offense involving theft from an employer."

Section 4. Section 46-23-1011, MCA, is amended to read:

"**46-23-1011. Supervision on probation.** (1) The department shall supervise ~~offenders~~ *probationers* during their probation period in accord with the conditions set by a sentencing judge. *If the sentencing judge did not set conditions of probation at the time of sentencing, the court shall, at the request of the department, hold a hearing and set conditions of probation. The probationer must be present at the hearing. The probationer has the right to counsel as provided in chapter 8 of this title.*

(2) A copy of the conditions of probation must be signed by the probationer ~~and given to the probationer and the probationer's probation and parole officer, who shall report on the probationer's progress under rules of the sentencing judge. Any probation agreement signed by the probationer may contain a clause~~

waiving extradition. *The department may require a probationer to waive extradition for the probationer's return to Montana.*

(3) The probation and parole officer shall regularly advise and consult with the probationer to encourage the probationer to improve the probationer's condition and conduct and shall inform the probationer of the restoration of rights on successful completion of the sentence.

(4) *(a)* The probation and parole officer may recommend and a judge may modify *or add* any condition of probation or suspension of sentence at any time. ~~Notice must be given to the probation and parole officer before any condition is modified, and the officer must be given an opportunity to present the officer's ideas or recommendations on any modification.~~

(b) The probation and parole officer shall provide the county attorney in the sentencing jurisdiction with a report that identifies the conditions of probation and the reason why the officer believes that the judge should modify or add the conditions.

(c) The county attorney may file a petition requesting that the court modify or add conditions as requested by the probation and parole officer.

(d) The court may grant the petition if the probationer does not object. If the probationer objects to the petition, the court must hold a hearing pursuant to the provisions of 46-18-203.

(e) The provisions of 46-18-203(7)(a)(ii) do not apply to this section.

(f) ~~A~~ *The probationer shall sign a* copy of ~~a modification of~~ *new or modified* conditions ~~must be delivered to the probation and parole officer and the probationer. Waiver or modification~~ *of probation. The court may waive or modify a condition* of restitution ~~may be ordered~~ only as provided ~~under the provisions of~~ *in* 46-18-246.

~~(5) The probation and parole officer shall keep records as the department or the sentencing judge may require.~~

~~(6)~~*(5)* (a) Upon recommendation of the probation and parole officer, a judge may conditionally discharge a probationer from supervision before expiration of the probationer's sentence if:

(i) the judge determines that a conditional discharge from supervision:

(A) is in the best interests of the probationer and society; and

(B) will not present unreasonable risk of danger to the victim of the offense; and

(ii) the offender has paid all restitution and court-ordered financial obligations in full.

(b) Subsection ~~(6)(a)~~ *(5)(a)* does not prohibit a judge from revoking the order suspending execution or deferring imposition of sentence, as provided in 46-18-203, for a probationer who has been conditionally discharged from supervision.

(c) If the department certifies to the sentencing judge that the workload of a district probation and parole office has exceeded the optimum workload for the district over the preceding 60 days, the judge may not place an offender on probation under supervision by that district office unless the judge grants a conditional discharge to a probationer being supervised by that district office.

The department may recommend probationers to the judge for conditional discharge. The judge may accept or reject the recommendations of the department. The department shall determine the optimum workload for each district probation and parole office."

Section 5. Section 46-23-1012, MCA, is amended to read:

"**46-23-1012. Arrest when violations of probation alleged — probation compliance plan — probation violator ~~prison diversion program~~ *intervention*.** (1) At any time during probation ~~or suspension of sentence~~, *if a probation and parole officer reasonably believes that the probationer has violated a condition of probation,* a court may issue a warrant for the arrest of the ~~defendant for violation of any of the conditions of release~~ *probationer* or *a county attorney may issue* a notice to appear to answer to a charge of *probation* violation. The notice must be personally served upon the ~~defendant~~ *probationer*. The warrant must authorize ~~all~~ *law enforcement* officers ~~named in the warrant~~ to return the ~~defendant~~ *probationer* to ~~the custody of the court or to~~ any suitable detention ~~facility designated by the court~~ *center*.

(2) Any probation and parole officer may arrest the ~~defendant~~ *probationer* without a warrant or may *orally* deputize any other officer with power of arrest to do so by giving the officer oral authorization and within 12 hours delivering to the ~~place of~~ detention *center* a written statement setting forth that the ~~defendant~~ *probationer* has, in the judgment of the probation and parole officer, violated the conditions of ~~the defendant's release~~ *probation*. A written statement or oral authorization delivered with the ~~defendant~~ *probationer* by the arresting officer to the official in charge of a ~~county~~ detention center ~~or other place of detention~~ is sufficient warrant for the detention of the ~~defendant~~ *probationer* if the probation and parole officer delivers the written statement within 12 hours of the ~~defendant's~~ *probationer's* arrest. The probation and parole officer, after making an arrest, shall present to the detaining authorities a similar statement of the circumstances of violation.

~~(3) Provisions regarding release on bail of a person charged with a crime are applicable to the defendants arrested under these provisions.~~

~~(4) Any probation and parole officer may hold a defendant arrested under subsection (1) without bail for 72 hours. After the arrest of the defendant pursuant to this subsection, a hearings officer for the probation and parole bureau shall hold a hearing within 36 hours of the defendant's arrest. The hearings officer shall determine whether there is probable cause to believe that the defendant has violated a condition of probation and, if probable cause exists, notify the sentencing court and determine an appropriate plan to ensure the defendant's compliance with the conditions of probation. An appropriate plan may include:~~

~~(a) holding the defendant for a period of time up to 30 days, with credit for any time served from the time of the arrest to the time of the hearing to determine probable cause;~~

~~(b) a request to the court pursuant to 46-23-1011 to modify the defendant's terms or conditions of probation; or~~

~~(c) a notification to the court with jurisdiction over the defendant pursuant to 46-23-1013.~~

~~(5) The department shall adopt policies and procedures to implement a probation violator prison diversion program. If the department is able to sufficiently sanction a defendant with a term in a detention center as provided in subsection (4)(a) for a proven technical violation that could result in the revocation of a suspended or deferred sentence, the department may pay the expense of the detention center costs and pursue payment of costs by the defendant as provided in 7-32-2245. If the action plan developed for the defendant proceeds as provided in subsection (4)(b) or (4)(c), the expenses of the detention must be paid as provided in 7-32-2242.~~

(3) A probation and parole officer may authorize a detention center to hold a probationer arrested under this section without bail for 72 hours. Within 72 hours following the probationer's detention, the probation and parole officer shall:

(a) authorize the detention center to release the probationer;

(b) hold an intervention hearing pursuant to [section 6]; or

(c) arrange for the probationer to appear before a magistrate to set bail. In setting bail, the provisions of chapter 9 of this title regarding release on bail of persons charged with a crime apply.

(4) If the probationer is detained and bond is set, the probation and parole officer shall file a report of violation within 10 days of the arrest of the probationer.

(5) After the probation and parole officer files a report of violation, the court may proceed with revocation of probation in the manner provided in 46-18-203."

Section 6. Informal probation violation intervention hearing. (1) A probation and parole officer who reasonably believes that a probationer has violated a condition of probation may initiate an informal probation violation intervention hearing to gain the probationer's compliance with the conditions of probation without a formal revocation hearing under 46-18-203.

(2) A hearings officer designated by the department shall conduct the intervention hearing.

(3) If the hearings officer determines by a preponderance of the evidence that the probationer has violated a condition of probation, the hearings officer may order the probationer to serve up to 30 days in a county detention center, with credit for time served since the time of arrest, and order the probationer to pay the costs of incarceration. The department shall pay the incarceration costs not paid by the probationer.

(4) The provisions of chapter 9 of this title regarding release on bail of a person charged with a crime are not applicable to a probationer ordered to be held in a county detention center under this section.

Section 7. Repealer. Section 46-23-1013, MCA, is repealed.

Section 8. Codification instruction. [Section 6] is intended to be codified as an integral part of Title 46, chapter 23, part 10, and the provisions of Title 46 apply to [section 6].

Section 9. Effective date. [This act] is effective on passage and approval.

Section 10. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to offenders who are under the custody or supervision of the department of corrections on [the effective date of this act].

The pledge of the taxes to the payment of the bonds may not cause the bonds to be considered indebtedness of the county for the purpose of any statutory limitation or restriction. The pledge may be made by the board only upon authorization of a majority of the electors of the county voting on the pledge at a general or special election as provided in 7-34-2414."

Section 8. Section 7-6-2537, MCA, is amended to read:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-2-101, MCA, is amended to read:

"**16-2-101. Establishment and closure of agency liquor stores — agency franchise agreement — kinds and prices of liquor.** (1) The department shall enter into agency franchise agreements to operate agency liquor stores as the department finds feasible for the wholesale and retail sale of liquor.

For purposes of this subsection (2)(b)(ii)(B), for agency liquor stores or employee-operated state liquor stores that were operating *on* June 30, 1994, the weighted average discount ratio is the ratio between an agency liquor store's or the employee-operated state liquor store's full case discount sales divided by the agency liquor store's or employee-operated state liquor store's gross sales, based on fiscal year 1994 reported sales, times the state discount rate for case lot sales, as provided in 16-2-201, divided by the state discount rate for full case lot sales in effect on June 30, 1994. For all other stores that are placed in service after June 30, 1994, the weighted average discount ratio is the average ratio in fiscal year 1994 for similar sized stores for 1 year of operation. The weighted discount ratio must be computed on the store's first 12 months of operation.

(C) All liquor purchased from the state liquor warehouse by an agency liquor store must be paid for within 60 days of the date on which the department invoices the liquor to the agency liquor store.

(c) An agency liquor store may sell table wine at retail for off-premises consumption.

(iii) for a city with more than one agency liquor store, in lieu of the addition to a commission increase provided in subsection (4)(b)(i) or (4)(b)(ii), for each store in the city, an addition to its commission rate equal to the increase granted the store with the lowest commission rate.

(5) An agency franchise agreement must:

(a) be effective for a 10-year period and ~~may~~ *must* be renewed ~~every 10 years~~ *at the existing commission rate for additional 10-year periods* if the requirements of the agency franchise agreement have been satisfactorily performed;

(c) provide that upon termination by the department for cause or upon mutual termination, the agent is liable for any outstanding liquor purchase invoices. If payment is not made within the appropriate time, the department may immediately repossess all liquor inventory, wherever located.

(d) specify the reasonable service and space requirements that the agent will provide throughout the term of the agency franchise agreement.

(6) (a) The commission percentage that the department pays the agent under ~~an agency franchise agreement~~ *subsection (4)(a)* may be reviewed on July 1, 1998, and every *succeeding* 3 years ~~thereafter~~ at the request of either party. If the agent concurs, the department may adjust the commission percentage to be paid during the remaining term of the agency franchise agreement or until the next time the commission percentage is reviewed, if that is sooner than the term of the agency franchise agreement, to a commission percentage that is equal to the average commission percentage being paid agents with similar sales volumes if:

(i) the agent's commission percentage is less than the average; and

(ii) all the requirements of the agency franchise agreement have been satisfactorily performed.

(b) The adjusted commission percentage determined under subsection (6)(a) may be greater than the average commission paid agents with similar sales volume:

(i) if the agent demonstrates that:

(A) the agent has experienced cost increases that are beyond the agent's control, including but not limited to increases in the federally established minimum wage or escalation in prevailing rent; and

(B) the average commission percentage is insufficient to yield net income commensurate with net income experienced before the cost increases occurred; and

(ii) if the department demonstrates that it is unable to indicate adjustments in the requirements specified in the agent's franchise agreement that will eliminate the impact of cost increases.

(7) The liability insurance requirement may be reviewed every 3 years after July 1, 1995, at the request of either the agent or the department. If the agent concurs, the department may adjust the requirements to be effective during the remaining term of the agency franchise agreement if the adjustments adequately protect the state from risks associated with the agent's negligent acts or activities in the execution and performance of the agency franchise agreement. The amount of liability insurance coverage may not be less than the minimum requirements of the department of administration.

~~(8) (a) Except as provided in subsection (8)(b), an agency franchise agreement must be renewed for additional 10-year periods if the agent has satisfactorily performed all the requirements of the agency franchise agreement. Except for establishing the new term and except for a commission percentage that may be negotiated as provided in subsection (8)(b), changes in the agency franchise agreement as a result of a renewal may not be made unless the agent and the department mutually agree.~~

~~(b) If at least 90 days prior to the expiration of a 10-year agency franchise agreement, the department determines that an adjustment of the commission percentage paid to the agent is in the best interests of the state, the department shall notify the agent of that determination.~~

~~(c) If the agent does not concur with the department's commission percentage adjustment, the department shall advertise for bids for the agency franchise at the adjusted commission percentage, subject to the provisions of this chapter. If bids from persons who meet the criteria provided in this chapter are received by the department for the agency franchise at the adjusted commission percentage, the agent under the existing franchise agreement has a preference right to renew the franchise agreement by concurring in the adjusted commission percentage.~~

~~(d) If the agent under the existing franchise agreement declines to exercise the preference right under subsection (8)(c), the department shall enter into an agency franchise agreement as provided in this chapter with a person who accepted the adjusted commission percentage.~~

~~(e) If the agent exercises the preference right and believes the adjusted commission percentage to be inadequate or not in the best interests of the state, the agent may request an administrative hearing. The request must contain a statement of reasons why the agent believes the commission percentage to be inadequate or not in the state's best interests. The department shall grant the request for a hearing if it determines that the statement indicates evidence that the adjusted commission percentage is inadequate or not in the state's best interests. The department may, after the hearing, adjust the commission percentage if the agent shows that the commission percentage is inadequate or not in the best interests of the state. If the department increases the commission percentage rate, the department shall set forth its findings and conclusions in writing and inform the agent and the other persons who offered to enter into an agency agreement at the adjusted commission rate.~~

~~(9)~~*(8)* (a) The department may terminate an agency franchise agreement if the agent has not satisfactorily performed the requirements of the agency franchise agreement because the agent:

(i) charges retail prices that are less than the department's posted price for liquor, sells liquor to persons who hold liquor licenses at less than the posted price, or sells liquor at case discounts greater than the discount provided for in 16-2-201 to persons who hold liquor licenses;

(ii) fails to maintain sufficient liability insurance;

(iii) has not maintained a quantity and variety of product available for sale commensurate with demand, delivery cycle, repayment schedule, mixed case shipments from the department, and the ability to purchase special orders;

(iv) at an agency liquor store located 35 miles or more from the nearest agency liquor store, has operated the agency liquor store in a manner that makes the premises unsanitary or inaccessible for the purpose of making purchases of liquor; or

(v) fails to comply with the express terms of the agency franchise agreement.

(b) The department shall give an agent 30 days' notice of its intent to terminate the agency franchise agreement for cause and specify the unmet requirements. The agent may contest the termination and request a hearing within 30 days of the date of notice. If a hearing is requested, the department shall suspend its termination order until after a final decision has been made pursuant to the Montana Administrative Procedure Act.

(c) In the case of failure to make timely payments to the department for liquor purchased, the department may terminate the agency franchise agreement and immediately repossess any liquor purchased and in the possession of the agent. If an agency franchise agreement is terminated, the agent may contest the termination and request a hearing within 30 days of the department's repossession of the liquor. The agency liquor store shall remain closed until a final decision has been reached following a hearing held pursuant to the Montana Administrative Procedure Act.

~~(10)~~*(9)* An agency franchise agreement may be terminated upon mutual agreement by the agent and the department.

~~(11)~~*(10)* An agent may assign an agency franchise agreement to a person who, upon approval of the department, is named agent in the agency franchise agreement, with the rights, privileges, and responsibilities of the original agent for the remaining term of the agency franchise agreement. The agent shall notify the department of an intent to assign the agency franchise agreement 60 days before the intended effective date of the assignment. The department may not unreasonably withhold approval of an assignment request.

~~(12)~~*(11)* A person or entity may not hold an ownership interest in more than one agency liquor store.

~~(13)~~*(12)* The department shall maintain sufficient inventory in the state warehouse in order to meet a monthly service level of at least 97%."

AN ACT EXEMPTING INCREASES IN A LOCAL GOVERNMENT'S PROPERTY TAX LEVY FOR THE EMPLOYER'S PREMIUM CONTRIBUTIONS FOR GROUP HEALTH INSURANCE BENEFITS FROM THE MILL LEVY CALCULATION LIMITATION; REQUIRING THAT A PUBLIC HEARING BE HELD PRIOR TO IMPLEMENTING A LEVY; AMENDING SECTIONS 2-9-212, 2-18-703, AND 15-10-420, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-9-212, MCA, is amended to read:

"**2-9-212. Political subdivision tax levy to pay premiums.** *(1)* Subject to 15-10-420 *and subsection (2) of this section*, a political subdivision, except for a school district, may levy an annual property tax in the amount necessary to fund the premium for insurance, deductible reserve fund, and self-insurance reserve fund as authorized in this section and to pay the principal and interest on bonds or notes issued pursuant to 2-9-211(5).

(2) (a) The increase in a political subdivision's property tax levy for the political subdivision's premium contributions for group benefits under 2-18-703 beyond the amount of contributions in effect on July 1, 1999, is not subject to the mill levy calculation limitation provided for in 15-10-420.

(b) Prior to implementing a levy under subsection (2)(a), a public hearing must be held regarding any proposed increases."

Section 2. Section 2-18-703, MCA, is amended to read:

"**2-18-703. Contributions.** (1) Each agency, as defined in 2-18-601, shall contribute the amount specified in this section towards the group benefits cost.

(2) For employees defined in 2-18-701 and for members of the legislature, the employer contribution for group benefits is ~~$270 a month for the period from July 1999 through December 1999, $285 a month for the period from January 2000 through December 2000, and~~ $295 a month for January 2001 and for each succeeding month. For employees of the Montana university system, the employer contribution for group benefits is ~~$285 a month for the period from July 1999 through June 2000 and~~ $295 a month ~~for the period from July 2000 through June 2001 and for each succeeding month~~. When a state employee is terminated to achieve a reduction in force, the continuation of contributions for group benefits beyond the termination date is subject to negotiation under 39-31-305. Permanent part-time, seasonal part-time, and temporary part-time employees who are regularly scheduled to work less than 20 hours a week are not eligible for the group benefit contribution. An employee who elects not to be covered by a state-sponsored group benefit plan may not receive the state contribution. A portion of the employer contribution for group benefits may be applied to an employee's costs for participation in Part B of medicare under Title XVIII of the Social Security Act, as amended, if the state group benefit plan is the secondary payer and medicare the primary payer.

(3) For employees of elementary and high school districts and of local government units, the employer's premium contributions may exceed but may not be less than $10 a month. *Subject to the public hearing requirement provided*

in 2-9-212(2)(b), the increase in a local government's property tax levy for premium contributions for group benefits beyond the amount of contributions in effect on July 1, 1999, is not subject to the mill levy calculation limitation provided for in 15-10-420.

(4) Unused employer contributions for any state employee must be transferred to an account established for this purpose by the department of administration and upon transfer may be used to offset losses occurring to the group of which the employee is eligible to be a member.

(5) Unused employer contributions for any government employee may be transferred to an account established for this purpose by a self-insured government and upon transfer may be used to offset losses occurring to the group of which the employee is eligible to be a member or to increase the reserves of the group.

(6) The laws prohibiting discrimination on the basis of marital status in Title 49 do not prohibit bona fide group insurance plans from providing greater or additional contributions for insurance benefits to employees with dependents than to employees without dependents or with fewer dependents."

Section 3. Section 15-10-420, MCA, is amended to read:

"**15-10-420. Procedure for calculating levy.** (1) A governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year, even if that levy is greater than the levy established by law. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the value of newly taxable property.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1) plus any additional levies authorized by the voters to all property in the governmental unit, including newly taxable property.

(3) For purposes of this section, newly taxable property includes:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) transfer of property from tax-exempt to taxable status; and

(g) revaluations caused by expansion, addition, replacement, or remodeling of improvements.

(4) Subsection (1) does not apply to*:*

(a) school district general fund levies and the school district levy for tuition obligations established in 20-5-324(5)*; or*

(b) the portion of a governmental entity's property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703.

(5) For purposes of subsection (1), taxes imposed:

(a) include registration fees imposed on light vehicles under 61-3-561 and distributed under 61-3-509(2); and

(b) do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(6) In determining the maximum number of mills in subsection (1), the governmental entity shall take into account any change from the prior year in the amount of statutory reimbursements for changes in the property tax laws. The amount of motor vehicle disposition under 61-3-509(2), as that section read on December 31, 2000, is an increased statutory reimbursement. It may increase the number of mills to account for a decrease in reimbursements and shall decrease the number of mills to fully account for any increase in reimbursements.

(7) The department shall calculate the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, 20-25-439, and 53-2-813. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections.

(8) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. For the purposes of [sections 1 through 4], unless otherwise required by the context, the following definitions apply:

(1) "Applicant" means a person submitting a permit application for which the person is required to pay a fee under 75-2-220 and includes a permitholder who pays an annual fee.

(2) "Postconsumer glass" means glass or glass-like material that has:

(a) served its final intended use;

(b) been discarded by an individual, commercial enterprise, or other entity after having fulfilled its intended application or use in Montana;

(c) useful physical or chemical properties remaining after having served a specific purpose and that would normally be disposed of as solid waste, as defined in 75-10-203, by a consumer, processor, or manufacturer.

(3) (a) "Recycled material" means a substance, compound, conglomeration, mixture, or the like that is composed, in whole or in part, of postconsumer glass.

(b) Material that contains postconsumer glass is recycled material for the purposes of this section if the postconsumer glass is used as or a component of:

(i) fill, aggregate, or surface material used in construction or road construction;

(ii) sandblasting material;

(iii) landscaping material; or

(iv) a sandstone replacement in the manufacture of cement.

(c) The uses included in subsection (3)(b) are not exclusive, and other uses of postconsumer glass as a substitute for the use or consumption of new material may also be considered by the department as recycled material.

Section 2. Amount and duration of credit — how claimed. (1) An applicant may receive a credit against the fees imposed in 75-2-220 for using postconsumer glass in recycled material if the applicant qualifies under [section 3].

(2) Subject to [section 3(2)], an applicant qualifying for a credit under [section 3] is entitled to claim a credit, as provided in subsection (3) of this section, for using postconsumer glass in recycled material in the calendar year subsequent to the calendar year in which the postconsumer glass was used in recycled material.

If postconsumer glass was used in recycled material prior to January 1, 2002, but on or after January 1, 2001, an applicant is entitled to a credit for calendar year 2002.

(3) (a) The amount of the credit that may be claimed under this section is $7 for each ton of postconsumer glass that was used as a substitute for nonrecycled material in the calendar year prior to the calendar year for which the applicant is paying fees for permits under 75-2-220.

(b) The maximum credit allowable in any calendar year for fees payable under 75-2-220 is $1,500 or the total amount of fees due, whichever is less.

Section 3. Credit for use of postconsumer glass. (1) The following requirements must be met for an applicant to be entitled to a credit for the use of postconsumer glass:

(a) The postconsumer glass must have been used in recycled material in the calendar year prior to the calendar year in which the applicant is applying for and paying for permits under 75-2-220.

(b) (i) The applicant claiming a credit must be a person who, as an owner, including a contract purchaser or lessee, or who pursuant to an agreement owns, leases, or has a beneficial interest in a business that uses postconsumer glass in recycled materials. The use of postconsumer glass as recycled material may be a minor or nonprofit part of a business otherwise engaged in a business activity.

(ii) The applicant may but need not operate or conduct a business that uses postconsumer glass as recycled material. If more than one person has an interest in a business with qualifying uses of postconsumer glass, they may allocate all or any part of the allowable credit among themselves and their successors or assigns.

(c) The business must have been owned or leased by the applicant claiming the credit during the calendar year prior to the calendar year for which the permit fees are due under 75-2-220, except as otherwise provided in subsection (1)(b), and must have used postconsumer glass in recycled material during the calendar year prior to the calendar year for which the credit is claimed.

(d) The postconsumer glass used in recycled material may not be an industrial waste generated by the person claiming the credit unless:

(i) the person generating the waste historically has disposed of the waste onsite or in a licensed landfill; and

(ii) standard industrial practice has not generally included the reuse of the waste in the manufacturing process.

(2) A credit under this section may be claimed by an applicant for a business only if the qualifying postconsumer glass was used in recycled material before January 1, 2006.

(3) The credit provided by this section is not in lieu of any other incentive to which the applicant otherwise may be entitled under Title 15 or this chapter.

(4) A credit otherwise allowable under this section that is not used by the applicant in the calendar year for which the permits are applied may not be:

(a) carried forward to offset an applicant's permit fees for any succeeding calendar year; or

(b) carried back to offset an applicant's permit fees for any preceding calendar year.

Section 4. Postconsumer glass qualifying for credit — rulemaking. (1) The department shall adopt rules describing postconsumer glass and recycled material that qualify for the credit authorized by [section 3].

(2) In addition to the public participation provisions of Title 2, chapter 4, the department shall maintain a register of interested persons and experts in the field of recycling postconsumer glass. (a) reviewing and acting upon the application;

(b) implementing and enforcing the terms and conditions of the permit. This amount does not include any court costs or other costs associated with an enforcement action. If the permit is not issued, the department shall return this portion of the fee to the applicant.

(c) emissions and ambient monitoring;

(d) preparing generally applicable regulations or guidance;

(e) modeling, analysis, and demonstrations;

(f) preparing inventories and tracking emissions;

(g) providing support to sources under the small business stationary source technical and environmental compliance assistance program; and

(h) all other costs required to be recovered pursuant to Subchapter V of the federal Clean Air Act, 42 U.S.C. 7661, et seq.

(2) In recovering the costs described in subsection (1), the department may assess an application fee based on estimated actual emissions or an annual fee based on actual emissions of air pollutants regulated under this chapter, including but not limited to volatile organic compounds, each air pollutant regulated under section 7411 or 7412 of the federal Clean Air Act, 42 U.S.C. 7401, et seq., and each air pollutant subject to a national primary ambient air quality standard.

(3) The board shall by rule provide for the annual adjustment of all fees assessed for operating permit applications under 75-2-217 and 75-2-218 to account for changes to the consumer price index, as required by Subchapter V of the federal Clean Air Act.

(4) In addition to the fee required under subsection (1), the board may order the assessment of additional fees required to fund specific activities of the department that are directed at a particular geographic area if the legislature authorizes the activities and appropriates funds for the activities, including emissions or ambient monitoring, modeling analysis or demonstrations, or emissions inventories or tracking. Additional assessments may be levied only on those sources that are within or are believed by the department to be impacting

the geographic area. Before the board may require the fees, it shall first determine, after opportunity for hearing, that the activities to be funded are necessary for the administration or implementation of this chapter, that the amount of the requested fees is appropriate, that the assessments apportion the required funding in an equitable manner, and that the department has obtained the necessary appropriation. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(5) (a) If the applicant or permitholder fails to pay in a timely manner a fee required under subsection (1), in addition to the fee, the department may:

(i) impose a penalty not to exceed 50% of the fee, plus interest on the required fee computed as provided in 15-1-216; or

(ii) revoke the permit consistent with those procedures established under this chapter for permit revocation.

(b) Within 1 year of revocation, the department may reissue the revoked permit after the applicant or permitholder has paid all outstanding fees required under subsections (1) and (4), including all penalties and interest provided for under this subsection (5). In reissuing the revoked permit, the department may modify the terms and conditions of the permit as necessary to account for changes in air quality occurring since revocation.

(c) The board shall by rule provide for the implementation of this subsection (5), including criteria for imposition of the sanctions described in this subsection (5).

(6) The board may by rule allow the reduction of a fee required under this section for an operating permit or permit renewal to account for the financial resources of a category of small business stationary sources.

(7) As a condition of the continuing validity of a permit issued by the department under this chapter prior to October 1, 1993, the board may by rule require the permitholder to pay the fees under subsections (1) and (4).

(8) For an existing source of air pollutants that is subject to Subchapter V of the federal Clean Air Act and that is not required to hold an air quality permit from the department as of October 1, 1993, the board may, as a condition of continued operation, require by rule that the owner or operator of the source pay the fees under subsections (1) and (4).

(9) (a) The department shall give written notice of the fee to be assessed and the basis for the department's fee assessment under this section to the owner or operator of the air pollutant source. The owner or operator may appeal the department's fee assessment to the board within 20 days after receipt of the written notice.

(b) An appeal must be based upon the allegation that the fee assessment is erroneous or excessive. An appeal may not be based on the amount of the fee contained in the schedule adopted by the board.

(c) If any part of the fee assessment is not appealed, it must be paid to the department upon receipt of the notice required in subsection (9)(a).

(d) The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection (9).

(10) The department may not charge more than one fee annually to a source of air pollutants for the costs identified in subsection (1).

(11) The total of the fees charged to an applicant under subsections (1) and (4) must be reduced by the amount of any credit accruing to the applicant under [section 2]. The department may not increase fee assessments beyond legislative appropriation levels to adjust for any credit claimed under [section 2]. The credit applied under [section 2] may not limit the department's ability to collect fees sufficient to cover the reasonable costs, both direct and indirect, of developing and administering the permitting requirements of this chapter."

Section 6. Codification instruction. [Sections 1 through 4] are intended to be codified as an integral part of Title 75, chapter 2, and the provisions of Title 75, chapter 2, apply to [sections 1 through 4].

Section 7. Effective date. [This act] is effective on passage and approval.

Section 8. Termination. [This act] terminates December 31, 2005.

The nonconstruction services classification does not apply to any school district that at any time prior to April 27, 1999, contracted with a private contractor for the provision of nonconstruction services on behalf of the district.

(b) The term does not include contracts entered into by the department of public health and human services for the provision of human services.

~~(10)~~*(12)* "Special circumstances" means all work performed at a facility that is built or developed for a specific Montana public works project and that is located in a prevailing wage district that contains the project location or that is located in a contiguous prevailing wage district.

~~(11)~~*(13)* (a) "Standard prevailing rate of wages" or "standard prevailing wage" means:

(i) the heavy and highway construction wage rates applicable to heavy and highway construction projects; or

(ii) those wages, other than heavy and highway construction wages, including fringe benefits for health and welfare and pension contributions, that meet the requirements of the Employee Retirement Security Act of 1974 and other bona fide programs approved by the United States department of labor and travel allowance that are paid in the district by other contractors for work of a similar character performed in that district by each craft, classification, or type of worker needed to complete a contract under this part. In each district, the standard prevailing rate of wages must be computed ~~from a weighted average wage rate based on all of the hours worked on work~~ *by the department based on work performed by Montana contractors who are registered under Title 39, chapter 9, and whose work is performed according to commercial building codes. The contractor survey must include information pertaining to the number of skilled craftspersons employed in the employer's peak month of employment and the wages and benefits paid for each craft. In setting the prevailing wages from the survey for each craft, the department shall use the weighted average wage for each craft, except in those cases in which the survey shows that 50% of the craftspersons are receiving the same wage. When the survey shows that 50% of the craftspersons are receiving the same wage, that wage is the prevailing wage for that craft. The work performed must be work* of a similar character *to the work* performed in the district unless the *annual* survey ~~of~~ *of construction contractors* ~~employers~~ *and the biennial survey of nonconstruction service employers* in the district does not generate sufficient data. If the survey produces insufficient data, the rate may be established by the use of other information or methods that the commissioner determines fairly establish the standard prevailing rate of wages. The commissioner shall establish by rule the method or methods by which the standard prevailing rate of wages is determined. The rules must establish a process for determining if there is insufficient data generated by ~~a~~ *the* survey of employers in the district that requires the use of other methods of determining the standard prevailing rate of wages. The rules must identify the amount of data that constitutes insufficient data and require the commissioner of labor to use other methods of determining the standard prevailing rate of wages when insufficient data exists. The alternative methods of determining the prevailing rate of wages must provide for review and the incorporation of data from work of a similar character that is conducted as near as possible to the original district.

(b) When work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions, that meets the requirements of the Employee Retirement Security Act of 1974 and other bona fide programs approved by the United States department of labor and the rate of travel allowance must be those rates established by collective bargaining agreements in effect in the district for each craft, classification, or type of worker needed to complete the contract.

~~(12)~~*(14)* "Work of a similar character" means work on private ~~or~~ commercial projects as well as work on public projects."

Section 2. Section 18-2-406, MCA, is amended to read:

"**18-2-406. Posting wage scale *and fringe benefits*.** ~~Contractors, subcontractors, and employers who are~~ *The contractor* performing work or providing *construction* services under public works contracts, as provided in this part, shall post in a prominent and accessible site on the project or ~~work area~~ *staging area*, not later than the first day of work *and continuing for the entire duration of the project*, a legible statement of all wages *and fringe benefits* to be paid to the employees ~~employed on such site or work area~~."

Section 3. Section 18-2-422, MCA, is amended to read:

"**18-2-422. Bid specification and public works contract to contain standard prevailing wage rate *and payroll record notification*.** All public works contracts and the bid specifications for those contracts must contain*:*

(1) a provision stating for each job classification the standard prevailing wage rate, including fringe benefits, that the contractors ~~and subcontractors~~ *and employers* shall pay during construction of the project*;*

(2) a provision requiring each contractor and employer to maintain payroll records in a manner readily capable of being certified for submission under 18-2-423, for not less than 3 years after the contractor's or employer's completion of work on the project; and

(3) a provision requiring each contractor to post a statement of all wages and fringe benefits in compliance with 18-2-423."

Section 4. Effective date — applicability. [This act] is effective July 1, 2001, and applies to public works contracts entered into on or after [the effective date of this act].

AN ACT EXEMPTING HAY GRINDERS AND THEIR TOWING UNITS FROM CERTAIN WEIGHT STANDARDS; AND AMENDING SECTION 61-10-128, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-128, MCA, is amended to read:

"**61-10-128. When authorities may restrict right to use roadway.** (1) A local authority may not alter the limitations provided in 61-10-101 through

61-10-104 and 61-10-106 through 61-10-110 or substitute other limitations or requirements, except as provided in this section.

(2) The department of transportation by order, or a local road authority by ordinance or resolution, may prohibit the operation of or impose restrictions on the weight and speed of a vehicle traveling on a public highway under its respective jurisdiction and for which it is responsible for maintenance whenever the highway will be seriously damaged or destroyed by deterioration, rain, snow, or other climatic conditions, unless the use of vehicles on the highway is prohibited or the permissible vehicle weights and speed are reduced. The department of transportation or the authority that enacts the ordinance or resolution shall erect signs designating the department's order or the authority's ordinance or resolution at each end of that portion of the highway affected, and the order, ordinance, or resolution is not effective until the signs are erected. The department of transportation or the authority by ordinance or resolution may prohibit the operation of trucks or other commercial vehicles or impose limitations on their weight on designated highways, subject to the provisions of subsection (3). These prohibitions and limitations must be designated by appropriate signs placed on the highways.

(3) Neither the department of transportation nor a local authority may prohibit the operation of or impose a restriction on the weight of a vehicle loaded with perishable seed potatoes that is traveling on a public highway if:

(a) the vehicle is being operated within its legal licensed gross vehicle weight;

(b) the driver possesses a federal-state inspection certificate issued for the load; and

(c) the vehicle takes the most direct route from the point of loading to the nearest nonrestricted road.

(4) Hay grinders and their towing units are exempt from weight limits imposed by the department of transportation under this section."

AN ACT ENCOURAGING ADDITIONAL FREE PUBLIC HUNTING ON PRIVATE LAND BY ALLOWING THE ISSUANCE OF AN EITHER-SEX OR ANTLERLESS ELK PERMIT TO THE PUBLIC AND TO CERTAIN LANDOWNERS WHO MAKE THEIR PRIVATE PROPERTY AVAILABLE TO THE PUBLIC FOR FREE PUBLIC ELK HUNTING THROUGHOUT THE HUNTING SEASON; SETTING THE TERMS AND CONDITIONS OF THE LANDOWNER EITHER-SEX OR ANTLERLESS ELK PERMIT; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

WHEREAS, landowner stewards provide important habitat that beneficially contributes to elk herd numbers and health; and

WHEREAS, certain landowners close their land to public hunting, preventing any harvest of big game, while other landowners allow limited hunting access and harvest, creating a problem of uneven distribution of big game; and

WHEREAS, restricted access to private property for public hunting prevents the department from managing big game population numbers and distribution.

Be it enacted by the Legislature of the State of Montana:

Section 1. Either-sex or antlerless elk permit for landowner who offers free public elk hunting — terms, conditions, and issuance of permit. (1) In addition to any elk permits offered for sale, the department may, for wildlife management purposes, issue an either-sex or antlerless elk permit at no cost to a landowner who provides free public elk hunting on the landowner's property and who otherwise meets the conditions of this section. The department may issue elk permits to the public, at regular cost and in the number authorized in subsection (3), for hunting on the property of a landowner who opens property for public elk hunting for wildlife management purposes pursuant to this section.

(2) To be eligible for a permit pursuant to this section, a landowner:

(a) must own occupied elk habitat that is large enough, in the department's determination, to accommodate successful public hunting;

(b) may not have been issued a Class A-7 landowner license pursuant to 87-2-501(3) during the license year;

(c) must have entered into a contractual public elk hunting access agreement with the department that allows public access for free public elk hunting on the landowner's property throughout the regular hunting season and that includes public hunting by permitholders using permits that are valid for the hunting district;

(d) may not receive cash payments under 87-1-267; and

(e) may not charge a fee or authorize a person to charge a fee for hunting access on the landowner's property.

(3) Not more than 20% of permits issued pursuant to this section may be issued at no cost to a landowner, an immediate family member of a landowner, or an authorized full-time employee of a landowner. The remaining permits must be issued to the public on a first-come, first-serve basis.

(4) A permit issued pursuant to this section:

(a) is nontransferable and may not be sold; and

(b) may only be used for hunting conducted on property that is opened to public access pursuant to this section.

(5) The department may prioritize distribution of the permits according to the areas the department determines are most in need of management.

(6) If the department determines that a landowner or landowner's designee has not abided by the restrictions and conditions of a permit issued pursuant to this section, that landowner or landowner's designee is not eligible to receive another permit pursuant to this section during any subsequent license year.

(7) The department, through the commission, may authorize the issuance of permits under this section to a landowner who enters into a contractual public elk hunting access agreement with the department that defines the areas that will be open to public elk hunting, the number of public elk hunting days that will be allowed on the property, and other factors that the department and the landowner consider necessary for the proper management of elk on the landowner's property.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 87, chapter 2, part 5, and the provisions of Title 87, chapter 2, part 5, apply to [section 1].

Be it enacted by the Legislature of the State of Montana:

Section 1. Unemployment benefits for victims of domestic violence. (1) (a) An individual who is otherwise eligible for benefits may not be denied benefits because the individual left work or was discharged because of circumstances resulting from the individual or a child of the individual being a victim of domestic violence or the individual left work or was discharged because of an attempt on the individual's part to protect the individual or the individual's child from domestic abuse.

(b) An employer's account may not be charged for the payment of benefits to an individual who left work or was discharged because of circumstances resulting from domestic violence as provided for in subsection (1)(a).

(c) An individual may not receive more than 10 weeks of unemployment benefits for the 12-month period after the filing of a claim under the provisions of this section. The provisions of this section do not affect the rights of an individual to receive unemployment benefits that the individual is entitled to under other provisions of state law.

(2) For the purposes of subsection (1), an individual must be treated as being a victim of domestic violence if the individual provides one or more of the following:

(a) an order of protection or other documentation of equitable relief issued by a court of competent jurisdiction;

CHAPTER NO. 521

[HB 492]

AN ACT CLARIFYING THE AUTHORITY OF THE DEPARTMENT OF FISH, WILDLIFE, AND PARKS TO MANAGE THE PRAIRIE DOG AS A SPECIES IN NEED OF MANAGEMENT; AMENDING SECTION 87-5-102, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

WHEREAS, Montana has a responsibility to ensure that a viable prairie dog population is maintained in the state for the long term, as well as to ensure the long-term existence of species associated with prairie dogs; and

WHEREAS, the Montana Prairie Dog Working Group is developing a conservation plan for prairie dogs in Montana to provide for management of populations and habitats in order to ensure both the long-term existence of prairie dogs and the control of prairie dogs to protect existing land uses; and

WHEREAS, the only existing statutory authority for prairie dog management is to control them as rodents under Title 7, chapter 22, part 22, MCA, and as vertebrate pests under section 80-7-1101, MCA; and

WHEREAS, the U.S. Fish and Wildlife Service (USFWS) has found that the black-tailed prairie dog is warranted for listing under the federal Endangered Species Act (ESA) over an 11-state area that includes Montana, but that listing of this species is precluded at the present time because other candidate species have a higher priority for listing; and

WHEREAS, the USFWS finding is based in part on the inadequacy of regulatory mechanisms that Montana and other states currently possess to ensure maintenance of viable prairie dog populations for the long term; and

WHEREAS, Montana and 10 other states have entered into an agreement to jointly develop management plans that address the needs of the species across virtually its entire range, thus improving the status of the black-tailed prairie dog to the point that it can be removed from consideration for listing under the ESA; and

WHEREAS, the USFWS will review the status of the black-tailed prairie dog on an annual basis; and

WHEREAS, it is desirable to enable the Department of Fish, Wildlife, and Parks and the Department of Agriculture to implement management actions contained in Montana's prairie dog conservation plan while specifically protecting the current ability of landowners to manage prairie dogs on their lands; and

WHEREAS, it is desirable to facilitate long-term conservation of prairie dogs according to the conservation plan for prairie dogs in Montana while simultaneously reducing the likelihood that the black-tailed prairie dog will be listed under the ESA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-5-102, MCA, is amended to read:

"87-5-102. Definitions. As used in this part, the following definitions apply:

Management and control by counties and the department of agriculture pursuant to Title 7, chapter 22, part 22 or 25, and Title 80, chapter 7, part 11, and control by the department of natural resources and conservation on state trust lands are permitted as long as the management and control are consistent with any management plan approved by the department, the department of natural resources and conservation, and the department of agriculture. Nothing in this part may be interpreted to limit a landowner's ability to control prairie dog concentrations on private lands.*

(6) "Optimum carrying capacity" means that point at which a given habitat can support healthy populations of wildlife species, having regard to the total ecosystem, without diminishing the ability of the habitat to continue that function.

(7) "Person" means ~~any~~ *an* individual, firm, corporation, association, or partnership.

(8) "Take" means to harass, hunt, capture, or kill or attempt to harass, hunt, capture, or kill wildlife.

AN ACT PROVIDING FOR THE TRANSFER OF REVOKED COAL MINE OPERATING PERMITS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, APPLICABILITY DATES, AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

(2) A person may apply for the transfer of a revoked permit that has not terminated by submitting an application to the department that contains the information required for a permit applicant in 82-4-222(1)(b) through (1)(i). Upon receipt of an application from a person who is not precluded from holding a permit pursuant to this part, the department shall cease reclamation activities on the permit area.

(3) The department may not require the applicant to submit any additional information unless the department can show that significant changes in the environmental baseline data have occurred during the period of operation or since the revocation of the initial operating permit.

(4) The department may not prepare a review under 75-1-201 for a transfer unless the department can show that the operation has caused or may cause significant impacts that have not been analyzed previously in an environmental review document prepared pursuant to 75-1-201.

(5) The department shall process an application for transfer under the same timeframes as are provided in 82-4-231 for processing of permit applications.

(6) Except as provided in subsection (7), the department shall, after receipt of an application pursuant to subsections (2) through (5) and after public notice and opportunity for comment:

(a) transfer the operating permit to a new operator if the new operator provides proof of site ownership or control and adequate bonding as required by this part; and

(b) require as a condition of permit transfer that, prior to creating additional disturbance at the site, all preexisting permit deficiencies, including modifications necessary because of reclamation that has been conducted at the site, be corrected to the satisfaction of the department and that any preestablished environmental monitoring requirements continue.

(7) The department may not transfer any permit for which it can show that:

(a) the requirements of this part and the rules adopted under this part for operation, backfilling, grading, subsidence stabilization, water control, highwall reduction, topsoiling, revegetation, and reclamation of the affected area cannot be met;

(b) significant changes in the operating plan or reclamation plan are necessary; or

(c) the department would be precluded from issuing a permit to the applicant by 82-4-227(11) or (12).

(8) The department is not required to reimburse the former permittee or surety for funds expended for reclamation, monitoring, or site maintenance prior to permit transfer.

AN ACT CLARIFYING THAT THE SMALL BUSINESS INVESTMENT INCENTIVE ACT IS INTENDED TO ATTRACT PRIVATE RISK CAPITAL TO TECHNOLOGY, TECHNOLOGY INFRASTRUCTURE, AND POWER GENERATION COMPANIES AS WELL AS MANUFACTURING, AGRICULTURE, AND TIMBER PRODUCT PROCESSING COMPANIES; AND AMENDING SECTION 15-33-102, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-33-102, MCA, is amended to read:

"**15-33-102. Purpose.** The purpose of this part is to encourage private sector investment in venture capital firms called small business investment companies~~,~~ ~~which~~ *that* are organized for the purpose of diversifying and strengthening employment opportunities of companies within Montana. This part, by establishing limited tax exemptions, demonstrates a recognition by the legislature that significant incentives must be offered to attract private risk capital to manufacturing, *technology, technology infrastructure, power generation,* agricultural, and timber product processing companies ~~when the alternative investments for private risk capital are natural resource ventures, which often yield extremely high rates of return~~. The legislature further recognizes the necessity of tax incentives for investors in manufacturing, *technology, technology infrastructure, power generation*, agricultural, and timber product processing *companies*~~, given the hardship caused many Montana communities by their reliance on an economic base dominated by single, large industries~~."

CHAPTER NO. 524

[HB 521]

AN ACT PROVIDING THAT BEFORE AN ENHANCED INCARCERATION PENALTY MAY BE IMPOSED, THE ENHANCING ACT, OMISSION, OR FACT MUST BE STATED IN THE CHARGING DOCUMENT, SUBMITTED TO A JURY FOR DETERMINATION IF THERE IS A JURY TRIAL, AND FOUND BY THE TRIER OF FACT TO HAVE EXISTED BEYOND A REASONABLE DOUBT; DEFINING ENHANCING ACT, OMISSION, OR FACT; AMENDING SECTIONS 45-5-222, 46-18-115, 46-18-220, 46-18-221, AND 46-18-224, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Incarceration penalty enhancement — pleading, proof, and mental state requirements. (1) A court may not impose an incarceration penalty enhancement specified in Title 45, Title 46, or any other provision of law unless:

(a) the enhancing act, omission, or fact was charged in the information, complaint, or indictment, with a reference to the statute or statutes containing the enhancing act, omission, or fact and the penalty for the enhancing act, omission, or fact;

(b) if the case was tried before a jury, the jury unanimously found in a separate finding that the enhancing act, omission, or fact occurred beyond a reasonable doubt; and

(c) if the case was tried to the court without a jury, the court finds beyond a reasonable doubt that the enhancing act, omission, or fact occurred.

(2) The enhancement issue may be submitted to a jury on a form separate from the verdict form or may be separately stated on the verdict form. The jury must be instructed that it is to reach a verdict on the offense charged in the information, complaint, or indictment before the jury can consider whether the enhancing act, omission, or fact occurred.

(3) An enhancing act, omission, or fact is an act, omission, or fact, whether stated in the statute defining the charged offense or stated in another statute, that is not included in the statutory definition of the elements of the charged offense and that allows or requires a sentencing court to add to, as provided by statute, an incarceration period provided by statute for the charged offense or to impose the death penalty instead of a statutory incarceration period provided by statute for the charged offense.

(4) Use of the fact of one or more prior convictions for the same type of offense or for one or more other types of offenses to enhance the incarceration penalty for a charged offense is not subject to the requirements of this section.

Section 2. Section 45-5-222, MCA, is amended to read:

"45-5-222. Sentence enhancement — offenses committed because of victim's race, creed, religion, color, national origin, or involvement in civil rights or human rights activities. (1) A person who has pleaded guilty or nolo contendere to or who has been found guilty of any offense, except malicious intimidation or harassment, that was committed because of the victim's race, creed, religion, color, national origin, or involvement in civil rights or human rights activities or that involved damage, destruction, or attempted destruction of a building regularly used for religious worship, in addition to the punishment provided for commission of the offense, may, *if the provisions of [section 1] have been complied with,* be sentenced to a term of imprisonment of not less than 2 years or more than 10 years, except as provided in 46-18-222.

(2) An additional sentence prescribed by subsection (1) ~~shall~~ *must* run consecutively to the sentence, except as provided in 46-18-222."

Section 3. Section 46-18-115, MCA, is amended to read:

"46-18-115. Sentencing hearing — use of two-way electronic audio-video communication. Before imposing sentence or making any other disposition upon acceptance of a plea or upon a verdict or finding of guilty, the court shall conduct a sentencing hearing, without unreasonable delay, as follows:

(1) The court shall afford the parties an opportunity to be heard on any matter relevant to the disposition, including the ~~applicability of sentencing enhancement provisions,~~ *imposition of a sentence enhancement penalty and the applicability of* mandatory minimum sentences, persistent felony offender status, or an exception to these matters.

(2) If there is a possibility of imposing the death penalty, the court shall hold a hearing as provided by 46-18-301.

(3) Except as provided in 46-11-701 and 46-16-120 through 46-16-123, the court shall address the defendant personally to ascertain whether the defendant wishes to make a statement and to present any information in mitigation of punishment or reason why the defendant should not be sentenced. If the defendant wishes to make a statement, the court shall afford the defendant a reasonable opportunity to do so. For purposes of this section, in cases in which the defendant is charged with a misdemeanor offense, the requirement that the court address the defendant personally may be satisfied by the use of two-way electronic audio-video communication. Audio-video communication may be used if neither party objects and the court agrees to its use. The audio-video communication must operate as provided in 46-12-201.

(4) (a) The court shall permit the victim to present a statement concerning the effects of the crime on the victim, the circumstances surrounding the crime, the manner in which the crime was perpetrated, and the victim's opinion regarding appropriate sentence. At the victim's option, the victim may present the statement in writing before the sentencing hearing or orally under oath at the sentencing hearing, or both.

(b) The court shall give copies of any written statements of the victim to the prosecutor and the defendant prior to imposing sentence.

(c) The court shall consider the victim's statement along with other factors. However, if the victim's statement includes new material facts upon which the court intends to rely, the court shall allow the defendant adequate opportunity to respond and may continue the sentencing hearing if necessary.

(5) The court shall impose sentence or make any other disposition authorized by law.

(6) In felony cases, the court shall specifically state all reasons for the sentence, including restrictions, conditions, or enhancements imposed, in open court on the record and in the written judgment."

Section 4. Section 46-18-220, MCA, is amended to read:

"**46-18-220. Sentences for certain offenses committed in official detention — death penalty.** An offender convicted of having committed attempted deliberate homicide, aggravated assault, or aggravated kidnapping while in official detention, as defined in 45-2-101, shall, *if the provisions of [section 1] have been complied with,* be sentenced to death or life imprisonment as provided in 46-18-301 through 46-18-310."

"**46-18-221. Additional sentence for offenses committed with a dangerous weapon.** (1) ~~A~~ *If the provisions of [section 1] have been complied* *with, a* person who has been found guilty of any offense and who, while engaged in the commission of the offense, knowingly displayed, brandished, or otherwise used a firearm, destructive device, as defined in 45-8-332(1), or other dangerous weapon shall, in addition to the punishment provided for the commission of such offense, be sentenced to a term of imprisonment in the state prison of not less than 2 years or more than 10 years, except as provided in 46-18-222.

(2) ~~A~~ *If the provisions of [section 1] have been complied with, a* person convicted of a second or subsequent offense under this section shall, in addition to the punishment provided for the commission of the present offense, be sentenced to a term of imprisonment in the state prison of not less than 4 years or more than 20 years, except as provided in 46-18-222. For the purposes of this subsection, the following persons shall be considered to have been convicted of a previous offense under this section:

(2) An additional sentence prescribed by this section must run consecutively to the sentence provided for the offense, and except as provided in 46-18-222, the sentence may not be suspended and imposition of it may not be deferred.

(3) For purposes of this section:

Linkages may include arrangements to ensure that there is a regular exchange of information relating to the progress, problems, and needs of participants, including the results of assessments of the skill levels of participants.

Section 6. Administration. The Montana summer youth employment program must be administered by the local workforce investment boards as identified under the Workforce Investment Act of 1998 and as designated by the governor.
